GLEEM Freddy Carrasco,2024-04-09 Imbued with cyberpunk attitude and in the rebellious tradition of afrofuturism, GLEEM is drawn with a fierce momentum hurtling towards a future world. Carrasco's distinct cinematic style layers detailed panels and spreads, creating a multiplicity of perspectives, at once dizzying and hypnotic. Vignettes unspool in proximity to our own social realities and expand into the outer layers of possibility. Whether in the club or a robot repair workshop, the characters in these three interconnected stories burst across frames until they practically step off the page. A boy becomes bored at church with his grandmother until he tries a psychedelic drug. A group of friends are told that they need a rare battery if they want any chance of reviving their friend. Street style and cybernetics meet and burst into riotous dancing. Kindness and violence might not be as distant from each other as we think. GLEEM unsettles with a confidence that could make you believe in anything.

KHAGESVARA SUJITH SUKUMAR,2021-05-19 It is the story of Yuga, a mysterious young warrior,

who was born and brought up in the forest. He lives with his Guru who tries to save the hidden secrets of the Shatapatha Kingdom from the followers of Darkness. Their ancestors are afraid of the rebirth of the Shadow of Darkness Lord in the future. Aryan is the king of their kingdom, who is wise and generous. He and his protectors begin their Tapasya to please their creator, 'Garuda - The King of Birds' for grace and to defend them from the followers of Lord Darkness. The Creator pleases and boon them with the hidden secrets, and also, reminds them to do some karma so that they can own the hidden secrets. In the middle of a battle, the Shatapathans find one of their protectors who had disappeared with King Aryan for so many years. The protector sends Yuga with them. It's a journey of Yuga exploring the hidden secrets.

Introducing the Little Prince Antoine de Saint-Exupery, 2003-04-01 The little Prince lives by himself on a small, strange planet, where he tends volcanoes and takes care of a very special rose. Make friends with this beloved character and visit his world in this board book set inspired by Antoine de Saint-Exupéry's enduring tale of friendship.

God Complex Vol. 1: Dogma Paul Jenkins, 2018-07-18 A young forensics investigator finds his worldview turned upside down when a bizarre religious triple homicide introduces him to the Rulers, godlike beings who have ruled humanity since the dawn of time. From writer PAUL JENKINS (SPAWN: RESURRECTION, The Inhumans, Marvel Knights: Sentry) and artist HENDRY PRASETYA (Mighty Morphin Power Rangers), GOD COMPLEX: DOGMA is a unique spin on ancient mythology with a focus on one man's journey of faith. Collects GOD COMPLEX #1-6

Hardware: The Definitive SF Works of Chris Foss Chris Foss, 2011-09-06 Foss's groundbreaking and distinctive science fiction art revolutionized paperback covers in the 1970s and 80s. Dramatically raising the bar for realism and invention, his trademark battle-weary spacecraft, dramatic alien landscapes and crumbling brutalist architecture irrevocably changed the aesthetic of science fiction art

and cinema. Featuring work for books by Isaac Asimov, E. E. 'Doc' Smith, Arthur C. Clarke, A. E. Van Vogt and Philip K. Dick, and film design for Ridley Scott and Stanley Kubrick, this volume brings together many rare and classic images that have never been seen or reprinted before. The first comprehensive retrospective of Chris Foss's SF career. "Chris Foss' name has become pre-eminent among sf artists... He is in love with the monstrous, with angular momentum, with inertia-free projectiles and irresistible objects." – Brian Aldiss "[Foss'] creations are real machines, not just an artist's dreams. They combine the two elements so essential to science fiction: realism and a sense of wonder... A medieval goldsmith of future eons." – Alejandro Jodorowsky

The End of Fun Jake Chapman, Dinos Chapman, Will Self, 2013 Introduced with an exclusive essay by Will Self placing the eponymous sculpture *The End of Fun* in both the context of the Chapman's oeuvre and historical interpretations of Hell, this book is a detailed examination of the work. Completed in 2012, it is the latest incarnation of the brothers' famous *Hell* (1999), which was consumed in the MOMART fire of 2004. Following on in both layout and format from the book *Fucking Hell* (2008), *The*

End of Fun consists of close-up photographs detailing the atrocities committed by the subjects of the work: thousands of miniature Nazis and skeletons, who seem to be engaged in an eternal battle across nine separate vitrines, arranged in the shape of a reverse swastika. Each dreadful scene is played out against a series of equally apocalyptic backdrops: a derelict factory; a concentration camp; a shattered church; an erupting volcano. Dark humour permeates: in one vitrine a still-smiling Ronald McDonald is being crucified; in another a dreadlocked Stephen Hawking grows marijuana; in yet another, seven separate Adolf Hitlers make distinctly 'degenerate' paintings of a nude, oblivious to the carnage raging around them.

Icons Unmasked Alex Solis, 2016-02-14 Ever wonder if the characters you see on TV, in movies and in comic books are hiding something behind their masks? That perhaps they're really someone -- or something -- else? When pop culture is such a huge part of our lives, we're bombarded with these characters everywhere we turn. Each time we see a new character in a movie, video game or commercial, we feel a sudden sense déjà vu. There's something about their goofy grin, that creepy

laugh, or those boogly eyes that feels eerily familiar...This got me thinking. Is anything we see ever 100% original? Or is everything we experience really just our minds piecing together past experiences to create something that feels unique and new?In Icons Unmasked, I'm trying to bring a new sense of discovery to characters everyone has seen hundreds of times. I wanted to recreate the experience of what it might be like to see one iconic character from your childhood for the first time as an adult. Proceed at your own caution and keep in mind the following illustrations cannot be unseen. Your childhood might possibly be destroyed forever

Mechanika Doug Chiang,2008-06-27 Delve into a world of imagination populated with giant robots, strange vehicles, alien creatures and other fantastic inventions. For generations artists have created imagery destined for the entertainment of others, and now you can too. Revered science fiction artist and film designer, Doug Chiang, reveals the thought processes and techniques he used working on blockbusters such as the Star Wars prequels, War of the Worlds, Terminator, and Beowulf. You'll learn from Chiang's visionary experience as he shares his design processes, giving expert advice and

showcasing the groundbreaking style that has earned his creations a spot in the Brooklyn Museum, Houston Museum of Fine Art and the Tokyo National Museum. Inside you'll discover: 30+ lessons for creating out-of-this-world science fiction scenes in the style featured in films, books, comics, toys and games using both traditional and digital techniques Details and tips for using Adobe Photoshop to conceive, design, draw and enhance your creations 25 step-by-step demonstrations of outrageous robots, vehicles, creatures and environments with finished color images Foreword by film producer/director Robert Zemeckis (Monster House, The Polar Express, Back to the Future, Beowulf) With tips on everything from basic skills like blueline sketching and assembling a toolkit to conceptualization and painting for digital art, Mechanika has everything you need to get great results and make your science fiction worlds come alive!

Original Grin Ron English, 2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons.

Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.
