**I Am a Writer Therefore, I Am Not Sane:** Edgar Allan POE,2017-05-31 A collection of 67 of Edgar Allan Poe's stories. From horror, sci-fi, thriller to mystery, detective and even humorous tales. Poe was/is one of the most respected and loved writers ever.I struggled to find a good Poe collection that was not too pricey or lazily thrown together - and they are hard to find. So I decided to put together my own collection. Here you will find 67 of Poe's stories from his most famous work to his lesser known tales. I have also written an introduction and a biography of the great man himself. Plus I have included a list of contents so you can find your favourite Poe story with ease.A great collection if you don't feel like taking out a second mortgage to pay for one of the more expensive Poe collections out there. A worthy addition for any Poe fan or even someone discovering his work for the first time.

Katie knows that something eerie is happening in the old, deserted town where she, her stepbrother, and her newly widowed mother are spending the summer taking care of Uncle Frank. Sometimes, when Katie puts her ear to the ground in Uncle Frank’s backyard, she hears a groaning noise that sounds almost human. But when a crippled ghost-girl appears to her out of the gloom in an abandoned mine, Katie is at once terrified and puzzled. Could the girl’s chilling appearance have something to do with a tragic mining accident thirty years before? In a fiery climax, Katie and her rebellious stepbrother learn the truth about the past and discover things about each other that strengthen their fragile relationship.

LaserWriter II Tamara Shopsin, 2021-10-19 A WIRED Pick for the 7 Books You Need to Read This Winter and one of Vox's 11 Titles Not to Miss From the incomparable New York Times and New Yorker illustrator Tamara Shopsin, a

debut novel about a NYC printer repair technician who comes of age alongside the Apple computer—featuring original artistic designs by the author. LaserWriter II is a coming-of-age tale set in the legendary 90s indie NYC Mac repair shop TekServe—a voyage back in time to when the internet was new, when New York City was gritty, and when Apple made off-beat computers for weirdos. Our guide is Claire, a 19-year-old who barely speaks to her bohemian co-workers, but knows when it's time to snap on an antistatic bracelet. Tamara Shopsin brings us a classically New York novel that couldn't feel more timely. Interweaving the history of digital technology with a tale both touchingly human and delightfully technical, Shopsin brings an idiosyncratic cast of characters to life with a light touch, a sharp eye, and an unmistakable voice. Filled with pixelated philosophy and lots of printers, LaserWriter II is, at its heart, a parable about an apple.
