White Pearl Anchuli Felicia King, 2022-11-08 It's just a fun ad. Now the whole world is going crazy. In Singapore, Clearday(TM) has developed from a small startup into a leading international cosmetic brand in less than a year. But when a draft of the company's latest skin cream advert is leaked, the video goes viral globally for all the wrong reasons. YouTube views are in the thousands and keep climbing; anger is building on social media; and journalists are starting to cover the story. This is an international PR nightmare; the company cannot be seen to be racist, they've got to get it taken down before America wakes up.

Crossings Alex Landragin, 2020-07-28 A sparkling debut. Landragin's seductive literary romp shines as a celebration of the act of storytelling. —Publishers Weekly Romance, mystery, history, and magical invention dance across centuries in an impressive debut novel. —Kirkus Reviews (Starred Review) Deft writing seduces the reader in a complex tale of pursuit, denial, and retribution moving from past to future. Highly recommended. —Library Journal (Starred Review) Alex Landragin's *Crossings* is an unforgettable and explosive genre-bending debut—a novel in three parts, designed to be read in two different directions, spanning a hundred and fifty years and seven lifetimes. On the brink of the Nazi occupation of Paris, a German-Jewish bookbinder stumbles across a manuscript called *Crossings*. It has three narratives, each as unlikely as the next. And the narratives can be read one of two ways: either straight through or according to an alternate chapter sequence. The first story in *Crossings* is a never-before-seen ghost story by the poet Charles Baudelaire, penned for an illiterate girl. Next is a noir romance about an exiled man, modeled on Walter Benjamin, whose recurring nightmares are cured when he falls in love with a storyteller who draws him into a dangerous intrigue of rare manuscripts, police corruption, and literary societies. Finally, there are the fantastical memoirs of a woman-turned-monarch whose singular life has spanned seven generations. With each new chapter, the stunning connections between these seemingly disparate people grow clearer and more extraordinary. *Crossings* is an unforgettable adventure full of love, longing and empathy.

The Naval Institute Guide to Combat Fleets of the World Eric Wertheim, 2007

Internationally acknowledged as the best one-volume reference to the world's naval and paranaul forces, this popular Naval Institute guide is both comprehensive and affordable. Updated biennially since 1976, it has come to be relied on for all-inclusive, accurate, and up-to-date data on the ships, navies, coast guards, and naval aviation arms of more than 180 countries and territories. Large fleets and small maritime forces get equally thorough treatment as evidenced in this new edition, which highlights major and even minor developments that could have an impact on the world scene. A thorough indexing of material and a logical ship-typing system make the book easy to use and allow for quick comparisons between fleets. The guide continues to present timely, authoritative information supported by more than four thousand illustrations from correspondents throughout the world. From giant aircraft carriers and ballistic missile submarines to tugboats and launches, the characteristics and capabilities of ships large and small are reliably recorded. Complete descriptions of naval aircraft, weapons, weapon systems, and sensors are also provided along with useful commentary on organization, personnel strengths, and bases.

Working with David Hachette New Zealand, 2010-11-15 David Lange's Fourth Labour Government was a watershed in New Zealand history. Whether it was international politics (ANZUS, Mururoa tests, Oxford Union debate) or domestic economics (Roger Douglas's reforms), New Zealand was a vastly different country in 1990 than it had been when Lange won in 1984. The real story of this time has never been told until now, and Lange's own bestselling autobiography was disappointing in

the lack of detail it contained. Written by Lange's cousin, and senior cabinet minister in that Government, Michael Bassett, here is the inside the cabinet room view of some of the most heady and turbulent times in recent history. Bassett writes of the real David Lange, a hugely gifted but hugely flawed politician, with his gift of communicating to the public but an inability to lead his own cabinet. Based on diaries kept at the time, private papers, and extensive interviews, *Working with David* brings together political drama and history, written by a participant who just happens to be a trained historian and a gifted writer.

Life in Cold Blood David Attenborough,2008 Reptiles and amphibians ruled the world for nearly 200 million years and today there are still over 12,500 of them. Some are huge, the deadliest creatures on earth. Some are tiny, among the strangest to be found anywhere. Together they not only outnumber mammals or birds but in their colourful variety and extraordinary behaviour, they far surpass them. So where did these ancient creatures come from? How have they transformed themselves into the bizarre and beautiful forms that are alive today? And what's the secret of their epic success? In *Life in Cold Blood*, David traces the story of their evolution and overturns the myth that these creatures are just primitive killers to reveal them for what they truly are.
