ReDawn (Skyward Flight: Novella 2) Brandon Sanderson,Janci Patterson,2021-10-26 From #1 bestselling author Brandon Sanderson

and Janci Patterson comes the second of three Skyward series novellas, each told from the perspective of a different member of the team back on Detritus. Read Alanik's story between Starsight and Cytonic. "Don't trust their lies. Don't trust their false peace." That is the warning that Alanik of the planet ReDawn gave the human pilot Spensa after Alanik's ship crash-landed on Detritus. While accepting an invitation to meet with her people's enemy, the Galactic Superiority, Alanik heard Spensa's cry for help across the vastness of space, and she used her cytonic powers to hyperjump her ship to the source of that cry. What she found there was a shock—a whole planet of free humans fighting against the Superiority. Were they the allies her people desperately needed? When she recovered from her injuries and met the friendly humans Jorgen and FM of Skyward Flight, she found that her warning to Spensa had gone unheeded by the government of Detritus, and they were considering a peace overture from the Superiority. Now having returned to ReDawn, Alanik is dismayed to learn that her own people are falling into the exact same trap. The faction in ReDawn's government that wants to appease the Superiority has gained the upper hand. With Alanik's mentor, Renakin captured, she has no one to turn to but Jorgen, FM, and their friend Rig. An ancient technology may have the power to save both of their planets from disaster, but can they discover its secrets before it's too late? The dangerous romance and atmospheric setting makes it a perfect read for fans of dark academia. Felicity Morrow is back at the Dalloway School. Perched in the Catskill Mountains, the centuries-old, ivy-covered campus was home until the tragic death of her girlfriend.

Now, after a year away, she's returned to finish high school. She even has her old room in Godwin House, the exclusive dormitory rumored to be haunted by the spirits of five Dalloway students—girls some say were witches. The Dalloway Five all died mysteriously, one after another, right on Godwin grounds. Witchcraft is woven into Dalloway's past. The school doesn't talk about it, but the students do. It's Ellis Haley's first year at Dalloway, and she has already amassed a loyal following. A prodigy novelist at seventeen, Ellis is a so-called method writer. Original Grin Ron English, 2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie *Supersize Me*; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on *The Simpsons* secured his position as

America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.
