**Five Feet Apart** Rachael Lippincott,2019-02-05 Now a major motion picture starring Cole Sprouse and Haley Lu Richardson! Goodreads Choice Winner, Best Young Adult Fiction of 2019 In this #1 New York Times bestselling novel that's perfect for fans of John Green's *The Fault in Our Stars*, two teens fall in love with just one minor complication—they can't get within a few feet of each other without risking their lives. Can you love someone you can never touch? Stella Grant likes to be in control—even though her totally out of control lungs have sent her in and out of the hospital most of her life. At this point, what Stella needs to control most is keeping herself away from anyone or anything that might pass along an infection and jeopardize the possibility of a lung transplant. Six feet apart. No exceptions. The only thing Will Newman wants to be in control of is getting out of this hospital. He couldn't care less about his treatments, or a fancy new clinical drug trial. Soon, he'll turn eighteen and then he'll be able to unplug all these machines and actually go see the world, not just its hospitals. Will's exactly what Stella needs to stay away from. If he so much as breathes on Stella she could lose her spot on the transplant list. Either one of them could die. The only way to stay alive is to stay apart. But suddenly six feet doesn't feel like safety. It feels like punishment. What if they could steal back just a little bit of the space their broken lungs have stolen from them? Would five feet apart really be so dangerous if it stops their hearts from breaking too?

**Motherest** Kristen Iskandrian,2017-08-01 Marrying the sharp insights of Jenny Offill with the dark humor of Maria Semple, *MOTHEREST* is an inventive and moving coming-of-age novel that captures the pain of fractured family life, the heat of new love, and the particular magic of the female friendship -- all through the lens of a fraying daughter-mother bond. It's the early 1990s, and Agnes is running out of people she can count on. A new college student, she is caught between the broken home she leaves behind and the wilderness of campus life. What she needs most is her mother, who has seemingly disappeared, and her brother, who left the family tragically a few years prior. As Agnes falls into new romance, mines female friendships for intimacy, and struggles to find her footing, she writes letters to her mother, both to conjure a closeness they never had and to try to translate her experiences to herself. When she finds out she is pregnant, Agnes begins to contend with what it means to be a mother and, in some ways, what it means to be your own mother.

**Authoring Autism** Melanie Yergeau, 2017-12-22 In *Authoring Autism* Melanie Yergeau defines neurodivergence as an identity—neuroqueerness—rather than an impairment. Using a queer theory framework, Yergeau notes the stereotypes that deny autistic people their humanity and the chance to define themselves while also challenging cognitive studies scholarship and its reification of the neurological passivity of autistics. She also critiques early intensive behavioral interventions—which have much in common with gay conversion therapy—and questions the ableist privileging of intentionality and diplomacy in rhetorical traditions. Using storying as her method, she presents an alternative view of autistic rhetoricity by foregrounding the cunning rhetorical abilities of autistics and by framing autism as a narrative condition wherein autistics are the best-equipped people to define their experience. Contending that autism represents a queer way of being that simultaneously embraces and rejects the rhetorical, Yergeau shows how autistic people queer the lines of rhetoric, humanity, and agency. In so doing, she demonstrates how an autistic rhetoric requires the reconceptualization of rhetoric's very essence.

**Girl In Room 105** Chetan Bhagat, 2024-02-23 Hi, I'm Keshav, and my life is screwed. I hate my job and my girlfriend left me. Ah, the beautiful Zara. Zara is from Kashmir. She is a Muslim. And did I tell you my family is a bit, well, traditional? Anyway, leave that. Zara and I broke up four years ago. She moved on in life. I didn't. I drank every night to forget her. I called, messaged, and stalked her on social media. She just ignored me. However, that night, on the eve of her birthday, Zara messaged me. She called me over, like old times, to her hostel room 105. I shouldn't have gone, but I did... and my life changed forever. This is not a love story. It is an unlove story. From the author of *Five Point Someone* and *2 States*, comes a fast-paced, funny and unputdownable thriller about obsessive love and finding purpose in life against the backdrop of contemporary India.

**Nevada** Imogen Binnie, 2022-06-07 One of *Vogue's* Best Books of 2022 So Far, *Buzzfeed's* Summer Books You Won't Be Able To Put Down, *Book Riot's* Best Summer Reads for 2022, and *Dazed's* Queer Books to Read in 2022 [Nevada] is defiant, terse, not quite cynical, sometimes flip, addressed to people who think they know. It is, if you like, punk rock. —The *New Yorker* Nevada is a book that changed my life: it shaped both my worldview and personhood, making me the writer I am. And it did so by the oldest of methods, by telling a wise, hilarious, and gripping story. —Torrey Peters, author of *Detransition, Baby* A beloved and blistering cult classic and finalist for the Lambda Literary Award for Transgender Fiction finally back in print, Nevada follows a disaffected trans woman as she embarks on a cross-country road trip. Maria Griffiths is almost thirty and works at a used bookstore in New York City while trying to stay true to her punk values. She's in love with her bike but not with her girlfriend, Steph. She takes random pills and drinks more than is good for her, but doesn't inject anything except, when she remembers, estrogen, because she's trans. Everything is mostly fine until Maria and Steph break up, sending Maria into a tailspin, and then onto a cross-country trek in the car she steals from Steph. She ends up in the backwater town of Star City, Nevada, where she meets James, who is probably but not certainly trans, and who reminds Maria of her younger self. As Maria finds herself in the awkward position of trans role model, she realizes that she could become James's savior—or his downfall. One of the most beloved cult novels of our time and a landmark of trans literature, Imogen Binnie's Nevada is a blistering, heartfelt, and evergreen coming-of-age story, and a punk-smeared excavation of marginalized life under capitalism. Guided by an instantly memorable, terminally self-aware protagonist—and back in print featuring a new afterword by the author—Nevada is the great American road novel flipped on its head for a new generation.
