Southwest Indian Designs Mark Tomas Bahti,Organ-Szontagh,1995-08 Although many of the symbols and patterns found on pottery, basketry, rugs and jewelry have histories and meanings assigned to them, many do not. This book answers some of the more commonly asked questions and provides insight into those designs that do not have specific meanings. Included are over 200 symbols and their variations with explanations for Zuni, Hopi, Tewa, Acoma, Pueblo, Mimbres and Hohokam designs.

Desmond Pucket Makes Monster Magic Mark Tatulli,2013-10-01 Tatulli's entry into the comics/fiction--hybrid market is one of the best...The target audience will snap this up and beg for more. ---Kirkus Reviews (starred review) This is full of ghoulish fun, and fans of Diary of a Wimpy Kid probably won't want to miss it. ---School Library Journal Desmond Pucket neatly fills a gap for our readers---it's a step more sophisticated than Diary of a Wimpy Kid but appeals to that reader. It's also so great to have a Halloween/monster/scary stuff series to offer boys that is not Goosebumps. ---Rebecca Waesch, Children's Product Manager, Joseph-Beth Booksellers Meet Desmond Pucket---professor of frightology and master of monsters. Someday Desmond will be famous for his special effects wizardry, but for now he's just trying to make it through sixth grade at Cloverfield Memorial Junior High, which means he needs to stay one step ahead of the school's disciplinary officer, Mr. Needles. The only problem is Desmond just can't stop pulling pranks---like the time he attached a shrieking rubber goblin to the toilet seat in the teachers' bathroom. Mrs. Rubin screamed so loudly her wig flew off! Or the time he put giant motorized worms into the mashed potatoes in the cafeteria. Or the time Desmond and his best friend, Ricky, arranged for a three-headed ghost to crash his sister's slumber party. Rachel still hasn't forgiven him. And now Desmond has to stay prank-free for the rest of the year, or he won't be able to go on the class trip to Crab Shell Pier, home of the Mountain Full of Monsters ride! It's going to be tough, but Desmond has to try. This book includes a section of Desmond's Notes: instructions for making monster magic (think scary noises, or fake blood) at home!

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Tortured Cardboard Philip E. Orbanes,2019-07-23 The term “tortured cardboard” sums up what happens to cardboard when making a board game (bound, cut, folded, punched). And, as you’ll learn, great board games often reflect whatever “tortures” culture. Each gained immortality after a chaotic beginning and a chance survival. Why? Because—be it chess, backgammon, Clue®, Monopoly®, Scrabble®, Settlers of Catan®, or one of ten others featured in this book—each is replete with “lessons” applicable to achievement in your life. As the twenty-first century gathers momentum, our love affair with board games continues to strengthen. They involve us, they refine social skills, and they teach great lessons applicable in real life. “Tortuous” is the journey of every great board game, from birth in chaotic times, through survival by mere chance, to raging popularity and eventual immortality. Tortured Cardboard reveals how the great ones came to endure and—all fun aside—how each teaches us something about our own behavior while providing “rules” that can work in your life.
