Chester Mann

**Jester Men** Chester Mann,1909

**Star Wars Origami** ,2012-08-07 Kids love origami—and what could be cooler than transforming a piece of paper into Boba Fett, Princess Leia, Yoda, or R2-D2? And not just any paper, but custom-designed paper illustrated with art from the movies. Star Wars® Origami marries the fun of paper folding with the obsession of Star Wars. Like The Joy of Origami and Origami on the Go, this book puts an original spin on an ancient art. And like Star Wars® Scanimation® and Star Wars® Fandex®, it's a fresh take on Star Wars mania. Chris Alexander is a master folder and founder of the popular website StarWarsOrigami.com, and here are 36 models, clearly explained, that range in difficulty from Youngling (easy) to Padawan (medium), Jedi Knight (difficult), and Jedi Master (tricky!). A front section introduces origami definitions and basic folds. Bound in the back is the book's unique folding paper, two sheets for each figure. Illustrated with original art, it makes each creation—the essential lightsabers, the Death Star, and much more—true to the movies. Star Wars Origami includes a foreword by Tom Angleberger, author of the New York Times bestsellers The Strange Case of Origami Yoda and Darth Paper Strikes Back, and is scheduled to be published at the same time as Angleberger's upcoming book, The Secret of the Fortune Wookiee.

Superlative and unique, the works of Mothmeister are celebrated and revered in this stunning book. AUTHOR: Mothmeister is the ever-changing alter ego of two artistic soulmates and passionate taxidermy enthusiasts. SELLING POINTS: \* A stunning, surreal collections of works, celebrating Mothmeister, a taxidermy-obsessed artistic duo \* Mothmeister boasts over 130,000 followers on Instagram and has participated in several international exhibitions \* Countless eccentric portraits, as well as a unique glimpse behind the mask 240 colour, 30 b/w images

**Original Grin** Ron English,2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

**Lucy Crisp and the Vanishing House** Janet Hill,2020-04-14 After moving to a seemingly quaint and quiet new town, Lucy faces a new reality in which fairies exist, weather can be bottled and witches hold grudges. Accompanied by gorgeous color paintings, this novel is perfect for fans of Miss Peregrine's Home for Peculiar Children, The Hazel Wood and Gregory Maguire. It has been a year since Lucy Crisp graduated from high school and she still hasn't found her calling. That is, until she discovers an exclusive arts college called Ladywyck Lodge. On a whim, she applies and is thrilled to be accepted into their program. Lucy moves to Esther Wren, the charming little town where it's based, and stays in the house her father buys as an investment: a magnificent building built by a sea captain in 1876. The house has history and personality --perhaps too much personality. . . Strange things start happening: Lucy hears voices and footsteps in empty rooms. She sees people and things that should not be there. Furniture disappears and elaborate desserts appear. What's worse is that the strange events are not restricted to her house. Lucy begins to understand that the town and its inhabitants are hiding many secrets, and Ladywyck is at the heart. As the eerie happenings escalate, Lucy fears she is being threatened -- but she is determined not to let fairy potions, spells and talk of witchcraft scare her away. Janet Hill's enchanting debut novel is part mystery, part supernatural thriller and all fun.

**Mothmeister: Dark and Dystopian Post-Mortem Fairy Tales** Lannoo Publishers,2021-04-12 \* Mothmeister's second book, more unearthly than the first\* Extremely popular Belgian duo whose work combines taxidermy, photography and a love for the lurid and the otherworldly\* Their first book, Weird and Wonderful Post-Mortem Fairy Tales (2018), sold out, and is out of print\* Their eerie photos of human-animal hybrids walking wonderfully surreal landscapes thumb their noses at traditional beauty standards. - VICEIn Dark & Dystopian Post-Mortem Fairy Tales, Mothmeister pays homage to the muses who have sparked their alienating dream world. From artists worldwide, legendary figures, their collection of taxidermy to lurid places where their figures were born, such as the catacombs of Palermo, Pyramiden or the disaster area around Chernobyl. A special fairy tale world that flirts with the morbid, religious and grotesque and in which stuffed animals are brought back to life in an extraordinary way.
