Slave Stealers Timothy Ballard, 2018 Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother's house for seven years before escaping north to freedom. She published an autobiography of her life, *Incidents in the Life of a Slave Girl*, which was one of the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day underground railroad which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the rescue and his eventual adoption of two young siblings--Mia and Marky, who were born in Haiti. Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The Conductor; Abraham Lincoln--the Great Emancipator; Little Mia--the sister who saved her little brother; Guesno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.

Typographic Systems of Design Kimberly Elam, 2007-05-03 Typographic organization has always been a complex system in that there are so many elements at play, such as hierarchy, order of reading, legibility, and contrast. In *Typographic Systems*, Kim Elam, author of our bestselling books, *Geometry of Design* and *Grid Systems*, explores eight major structural frameworks beyond the grid including random, radial, modular, and bilateral systems. By taking the reader through exercises, student work, and professional examples, Elam offers a broad range of design solutions. Once essential visual organization systems are understood the designer can fluidly organize words or images within a structure, combination of structures, or a variation of a structure. With clarity and substance, each system from the structured axis to the nonhierarchical radial array is explained and explored so that the reader comes away with a better understanding of these intricate complex arrangements. *Typographic Systems* is the seventh title in our bestselling *Design Briefs* series, which has sold more than 100,000 copies worldwide.

Adventure Anthology Death Lamentations of the Flame Princess, 2019-09-10 For our amusement. And beyond that amusement lies those adventures that gave *Lamentations of the Flame Princess* its reputation. A reputation for publishing situations and scenarios that are nothing more than cruelty disguised as entertainment, designed so that friends and acquaintances will like each other, and themselves, less. Adventures designed to make the sun seem to shine less brightly. Adventures designed to make the embrace of loved ones seem brutally cold. Adventures designed to disgust, repel, and traumatize players as their characters suffer horridly imagined fates and the Referee cackles at sharing their pain. As all good horror must. The volume

collects Tales of the Scarecrow, The Magnificent Joop van Ooms, Fuck For Satan, and Death Love Doom, four adventures previously only available in print as limited editions. For use with Lamentations of the Flame Princess Weird Fantasy Role-Playing and other traditional tabletop role-playing games. Made in Finland.

How far will the curiosity of your players take their characters before it is too late? * The Monolith from beyond Space and Time is the deep end of the Weird Horror pool, pure cosmicism and the most intense and pure concentration of Weird in the entire Lamentations of the Flame Princess catalog. * The Doom-Cave of the Crystal-Headed Children is a bit of a farce, with an absurd premise that invites characters into a reality-bending environment where they will have much opportunity to make some very bad decisions. Includes new artwork! For use with Lamentations of the Flame Princess Weird Fantasy Role-Playing and other traditional tabletop role-playing games. Made in Finland.
