Arthur Capel Earl of Essex

Spice and Wolf Anniversary Collector's Edition Isuna Hasekura,2017-02-28 Spice and Wolf is ten years old! To commemorate this anniversary, Yen Press is producing a lavish tome collecting all seventeen original volumes of Spice and Wolf. Beautifully bound and impressively designed to give the impression of a medieval manuscript, the book will also include all of illustrator Jyuu Ayakura's original illustrations. This book will be the crown jewel in any collector's library! The light novel series' story centers around the travels of the merchant Kraft Lawrence, who strikes a deal with the wolf god Holo that sees him transporting the homesick goddess back to her remote northern homeland. Uniquely exploring medieval trade, commerce, and religion, Lawrence plies his trade with Holo (in both human and wolf form) often becoming a decisive factor in his endeavors, but in the end, it is the story of these two memorable characters and their relationship to one another.

What Do Economists Contribute? Daniel B. Klein,2016-07-27 The title of this book raises a provocative question that should make all economists think. What is our *raison d'être* ? Only a few economists have specifically addressed the issue. Several of the more challenging efforts are included here. Do economists have much influence on government policy, particularly over, say, five or ten years? Is that because they don't try hard enough or is it because politicians care more about the next election than about the opinion of economists? In this splendid collection, some published as long ago as the 1930s, nine great economists consider these questions. The editor's illuminating introduction sorts out the area of agreement and disagreement between them.
