The Unofficial Legend Of Zelda Cookbook Aimee Wood,2020-07

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

To My Arrogant Boss J. S. Cooper, 2021-01-01 To Mr. Tate

Howard, You are quite possibly the most infuriating, annoying and grumpy man I've ever met in my life. I know you think that you're God's gift to women, but I have a secret to let you in on: you're not. You're God's gift to yourself. Get over your wanna-be cool surfer self and grow up. I thought it was time that someone addressed your big head and told you straight to your face that you're not all that. Just because you have an Ivy league education doesn't mean you're the smartest man in the world. In fact, I'm not even sure if you would have gotten in if you didn't have rich parents. Yes, I went there. Every woman doesn't want to sleep with you and I'm sure you're not even good in bed. And I'm someone that would know. From, Your Secret Not Admirer

Outfoxed R.J. Blain, 2020-11-03 Death is a way of life outside of the safety of Inner Tulsa, and Jade means to keep flipping Mother Nature off until old age claims her. With one eye always on the sky, the last thing she needs is a pack of bounty hunters out for her living head. With no idea of why anyone would want her, her wits might keep her free, assuming she can resist the charming lures of Sandro, one of the men out to claim her as his own. Left with the choice of being the evening snack of a tornado or taking shelter with the bounty hunter, she does what she does best: she lives on the edge. Striking a bargain with the handsome bounty hunter buys her another day of life, but it also dumps her into the heart of a sinister plot, one meant to enslave the residents of the storm-tossed city—and the others brave and foolish enough to call the Alley home.
