**Black or White, Vol. 2** Sachimo,2021-12-14 For these two typecast actors, love can't always be black or white. As their careers advance, can these two endure all eyes being on them not just in public but in private too? Shin and Shige—actors at various stages in their careers—are secretly lovers, and to give Shin's career a chance, Shige decides to keep his distance for a bit, a decision Shin is firmly against. But Shin's newfound success is causing a different issue—their renewed intimacy has Shige feeling very possessive of him. Now that he has to share his lover with the world, will Shige's dark feelings turn him from the princely character into the villain?

**Happiness 6** Shuzo Oshimi,2017-12-19 A supernatural story of sexual awakening, growing up, and suburban vampirism, Happiness follows a dorky boy who is attacked by a girl in an alley. She sucks his blood and gives him a choice: life or death. He chooses life, but finds himself nearly overwhelmed by a new thirst and a fascination with the necks of his classmates... Praise for Flowers of Evil: A shockingly readable story that vividly--one might even say queasily--evokes the fear and confusion of discovering one's own sexuality. Recommended. -The Manga Critic A page-turning tale of sordid middle school blackmail. - Otaku USA Magazine By loving this manga I recognize what a sick and twisted individual I have become. While I can still say that I am not truly deviant, Flowers of Evil is a great reminder of my own thirst for power and my own personal corruption. -Otaku Champloo

*Integral Spirituality* Ken Wilber,2006 Discussing a cutting-edge theory of spirituality for today's global society, this work explores the startling new role for religion in the modern and postmodern world, marrying the truth of modern science and postmodern culture with the wisdom of the great religions.

**End the Fed** Ron Paul,2009-09-16 In the post-meltdown world, it is irresponsible, ineffective, and ultimately useless to have a serious economic debate without considering and challenging the role of the Federal Reserve. Most people think of the Fed as an indispensable institution without which the country's economy could not properly function. But in End the Fed, Ron Paul draws on American history, economics, and fascinating stories from his own long political life to argue that the Fed is both corrupt and unconstitutional. It is inflating currency today at nearly a Weimar or Zimbabwe level, a practice that threatens to put us into an inflationary depression where \$100 bills are worthless. What most people don't realize is that the Fed -- created by the Morgans and Rockefellers at a private club off the coast of Georgia -- is actually working against their own personal interests. Congressman Paul's urgent appeal to all citizens and officials tells us where we went wrong and what we need to do fix America's economic policy for future generations.

*The Wal-Mart Effect* Charles Fishman,2006 An award-winning journalist breaks through the wall of secrecy to reveal how the world's most powerful company really works and how it is transforming the American economy.

**Emotional Wellness** Osho,2007-04-03 How do we reconcile our need to express our emotions with our desire to protect others? Far too often we find ourselves trapped in this dilemma of expression versus repression. We fear that by expressing our true feelings, we will hurt and alienate those close to us. But by repressing our emotions—even in the benevolent guise of “self-control”—we only risk hurting ourselves. Osho, one of the most provocative and inspiring spiritual teachers of our time, provides here a practical and comprehensive approach to dealing with this conflict effectively. Incorporating new, never-before-published material, Emotional Wellness leads us to understand the roots of our emotions, to react to situations in a way that can teach us more about ourselves and

others, and to respond to life's inevitable ups and downs with far greater confidence and equilibrium. Discover: • The impact that fear, anger, and jealousy have on our lives • How emotions like guilt, insecurity, and fear are used to manipulate us • How to break out of unhealthy responses to strong emotions • How to transform destructive emotions into creative energy • The role of society and culture on our individual emotional styles Osho's unique insight into the human mind and heart goes far beyond conventional psychology. He teaches us to experience our emotions fully and to deal with them creatively in order to achieve a richer, fuller life.
