Slave Stealers Timothy Ballard,2018 Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother's house for seven years before escaping north to freedom. She published an autobiography of her life, *Incidents in the Life of a Slave Girl*, which was one of the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day underground railroad which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the rescue and his eventual adoption of two young siblings--Mia and Marky, who were born in Haiti. Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The Conductor; Abraham Lincoln--the Great Emancipator; Little Mia--the sister who saved her little brother; Guesno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.

Grandad Mandela Ambassador Zindzi Mandela,Zazi and Ziwelene Mandela,Zondwa Mandela,2018-06-28 ...profoundly moving... -Publishers Weekly Nelson Mandela's two great-grandchildren ask their grandmother, Mandela's youngest daughter, 15 questions about their grandad - the global icon of peace and forgiveness who spent 27 years in prison. They learn that he was a freedom fighter who put down his weapons for the sake of peace, and who then became the President of South Africa and a Nobel Peace Prize-winner, and realise that they can continue his legacy in the world today. Seen through a child's perspective, and authored jointly by Nelson Mandela's great-grandchildren and daughter, this amazing story is told as never before to celebrate what would have been Nelson's Mandela 100th birthday.

Plain Roots Becki Willis,2018-11 Taryn Clark thought she'd outgrown the need to find her birth mother. She thought that a successful career and a comfortable life in the city were enough to be happy. Did she really need to know about the woman who had given her away? Adopted at birth, her first few years were happy. It hadn't mattered that she didn't know her heritage; she had parents who loved her and wanted her. But divorce, and then death, ripped their tiny family apart, and at the tender age of six, she entered the foster care system. Over the next dozen years, she shuffled from home to home. Finding her roots seemed an impossible dream. But dreams are resilient. An unexpected discovery awakens old yearnings of belonging to a family, of being part of something

bigger than herself. Finding the brief, ambiguous note from her birth mother is enough to unfurl the ribbons of hope still binding her heart. Her quest takes her to Lancaster County, Pennsylvania and the heart of the Plain community. Aided by her unique eye color, a healthy dose of luck, and the private investigator she hires, Taryn finds her birth family easily enough, but finding the truth is another matter. In all her musings, she never imagined a scenario where her mother might be Amish. She never imagined that the fabric of her life might be a patchwork of faith and fear, stitched together with a dark family secret. Taryn is determined to trace her roots, even if it means digging in the mud to do so. Now she's caught in the quicksand of a shocking discovery and the consequences of choices made, almost forty years ago. She'll risk everything to uncover the truth and to claim the family--and the roots--she so desperately craves.

Typographic Systems of Design Kimberly Elam, 2007-05-03 Typographic organization has always been a complex system in that there are so many elements at play, such as hierarchy, order of reading, legibility, and contrast. In *Typographic Systems*, Kim Elam, author of our bestselling books, *Geometry of Design* and *Grid Systems*, explores eight major structural frameworks beyond the grid including random, radial, modular, and bilateral systems. By taking the reader through exercises, student work, and professional examples, Elam offers a broad range of design solutions. Once essential visual organization systems are understood the designer can fluidly organize words or images within a structure, combination of structures, or a variation of a structure. With clarity and substance, each system from the structured axis to the nonhierarchical radial array is explained and explored so that the reader comes away with a better understanding of these intricate complex arrangements. *Typographic Systems* is the seventh title in our bestselling *Design Briefs* series, which has sold more than 100,000 copies worldwide.

The Mystery Of Altars and Foundations Apostle Joshua Selman,2020-11-27 An altar is a gateway between the realm of the spirit and the earth realm that grants unhindered access to certain spirit beings to find legal expression in the earth.An altar is a legal landing spot of the spirit on the earth. An altar is an altar because of the presence of sacrifice, the realm of the spirit wants to interact with the realm of the earth legally and vice versa because the inhabitants of the earth knows that without the realm of the spirit they are limited in the possibilities that they can produce, they call for the assistance of these spirit beings. In agreement to bring these possibilities to the inhabitants of earth, the spirits give their conditions, certain things that can create a habitation that will look exactly like where they are coming from and then they summarize their demands in what they call sacrifice and they ask men to raise certain structures and put certain sacrifices. The kind of sacrifice on the altar depends on the kind of spirit that wants to access the earth, the absence of sacrifice on an altar makes it unqualified to be called an altar, thus, the sacrifice is what makes it an altar and the kind of spirit to whom the altar is raised determines whether the altar will be a good one or a bad one.
