Leadership for a Better World NCLP (National Clearinghouse for Leadership Programs), 2016-11-14 The essential guide to the theory and application of the Social Change Model Leadership for a Better World provides an approachable introduction to the Social Change Model of Leadership Development (SCM), giving students a real-world context through which to explore the seven C's of leadership for social change as well as approaches to socially responsible leadership. From individual, group, and community values through the mechanisms of societal change itself, this book provides fundamental coverage of this increasingly vital topic. Action items, reflection, and discussion questions throughout encourage students to think about how these concepts apply in their own lives. The Facilitator's Guide includes a wealth of activities, assignments, discussions, and supplementary resources to enrich the learning experience whether in class or in the co-curriculum. This new second edition includes student self-assessment rubrics for each element of the model and new discussion on the critical roles of leadership self-efficacy, social perspective, and social justice perspectives. Content is enriched with research on how this approach to leadership is developed, and two new chapters situate the model in a broader understanding of leadership and in applications of the model. The Social Change Model is the most widely-used leadership model for college students, and has shaped college leadership curricula at schools throughout the U.S. and other countries including a translation in Chinese and Japanese. This book provides a comprehensive exploration of the model, with a practical, relevant approach to real-world issues. Explore the many facets of social change and leadership Navigate group dynamics surrounding controversy, collaboration, and purpose Discover the meaning of citizenship and your commitment to the greater good Become an agent of change through one of the many routes to a common goal The SCM is backed by 15 years of research, and continues to be informed by ongoing investigation into the interventions and environments that create positive leadership development outcomes. for a Better World provides a thorough, well-rounded tour of the Social Change Model, with guidance on application to real-world issues. Making and Sharing the Space Among Women and Men Maria Ericson, 2007-01-01 This book explores how contemporary notions of reconciliation as a process of building, rebuilding and transforming relationships in the pursuit of a 'just peace', or God's shalom, may be applied not only to 'race', but also to gender relations in post-apartheid and post-TRC South Africa. After highlighting links between the past, the present and the future with regard to such relations in wider South African society, critical questions are asked about the churches as spaces and agents of a gender-inclusive shalom.

The Annoying Difference Peter Hervik, 2011-07-30 The Muhammad cartoon crisis of 2005–2006 in Denmark caught the world by surprise as the growing hostilities toward Muslims had not been widely noticed. Through the methodologies of media anthropology, cultural studies, and communication studies, this book brings together more than thirteen years of research on three significant historical media events in order to show the drastic changes and emerging fissures in Danish society and to expose the politicization of Danish news journalism, which has consequences for the political representation and everyday lives of ethnic minorities in Denmark.

Time Troopers Hank Davis, Christopher Ruocchio, 2022-04-05 NEW AND CLASSIC STORIES OF TIME TRAVEL MILITARY SF BATTLEZONE: ETERNITY Once, military actions were entirely two dimensional, confined to the surface of land and sea, but then submarines and aircraft added a third dimension, vastly extended by spaceflight. Now, consider that if time travel is possible, the fourth dimension of time opens up new possibilities for combat, necessitating new defenses, new strategies and tactics. A battle that was once decisively won might be refought, or a narrow victory might be subtly tilted to the other side. Never mind the history books, they're only works in progress. There might be even more than four dimensions involved, if parallel universes and alternate realities exist and can be accessed. Imagine a universe where Rome never fell and its troops want to do something about our universe, where it did fall. Or another where more recent wars turned out very differently. Battle is a recurrent motif in the Earth of this universe, and would alternate realities be different or all too similar, with the tune the same, but different lyrics. Supplying the lyrics for spacetime combat in these pages is an all-star general staff including Robert Silverberg, Poul Anderson, Fritz Leiber, John C. Wright, H. Beam Piper and more. It's zero hour, in whatever time stream, so grab your time-appropriate weapon, be it sword or ray blaster, buckle on your general issue timeporter belt, and follow the Time Troopers into action across strange aeons! At the publisher's request, this title is sold without DRM (Digital Rights Management).

Big Book of Malice Khushwant Singh, 2000-10-14 Malice. The word is synonymous with Khushwant Singh; his pen has spared no one. For over four decades as India's most widely-read columnist, he has commented on just about everything: religion, politics, our future, our past, prohibition, impotency, presidents, politicians, cricket, dog-haters, astrologers, the banning of books, the secret of longevity...the list is endless. Candid to the point of being outrageous,

Khushwant Singh makes both his reader and subject wince. He writes unabashedly on nose picking, wife-bashing, bribing journalists, gender wars and the desires of an octogenarian; on Nehru and Edwina, Laloo, Bal Thackeray, Chandraswami and Sonia Gandhi, among host of others. Khushwant Singh's Big Book of Malice brings together some of his nastiest and most irreverent pieces. Witty, sharp and brutally honest, this collection is certain to delight and provoke readers of all ages. 'Good people can be crashing bores. Evil men who combine evil-doing with drunkenness, debauchery and making illicit money make more interesting characters because they pack their lives with action. They do what most of us would like to do but do not have the guts to.' —Khushwant Singh

A Genealogy of Modernism Michael Harry Levenson, 1986-06-27 A Genealogy of Modernism is a study of literary transition in the first two decades of the twentieth-century, a period of extraordinary ferment and great accomplishment, during which the avant-garde gradually consolidated a secure place within English culture. Michael Levenson analyses that complex process by following the successive phases of a literary movement - Impressionist, Imagist, Vorticist, Classicist - as it attempted to formulate the principles on which a new aesthetic might be founded. The emphasis here falls on the ideology of modernism, but throughout the book the ideological question is tied on the one hand to specific literary works and on the other to general movements in philosophy and the fine arts. The major figures under discussion, Joseph Conrad, Ford Madox Ford, Ezra Pound, Wyndham Lewis, and T. S. Eliot, are placed in relation to thinkers who have been largely neglected in the history of modernism: Max Stirner, Wilhelm Worringer, Pierre Lasserre, Allen Upward, and Hilaire Belloc. Levenson thus situates the emergence of a modernist aesthetic within the context of literary theory, literary practice, and cultural history.

Cosmic Corsairs Hank Davis, Christopher Ruocchio, 2020-08-04 NEW FICTION AND CLASSICS OF THE GENRE COLLECTED BY THE EDITORIAL TEAM BEHIND SPACE PIONEERS AND OVERRULED! SPACE PIRATES! Words that conjure up rousing tales of adventure, derring-do, brave heroes battling the scurvy vermin of the galaxy. Those vermin have taken to pillaging cargo ships and, even worse, space liners, relieving the helpless passengers of their valuables, and worse with the comely women passengers, then spacing the lot—unless one or more of the aforementioned brave heroes arrive in the nick of time, and turn the tables, making the spaceways safe again for the innocent and helpless. On the other hand, perhaps the pirate captain is a woman, and it's the comely male passengers who need rescuing. And on the third hand (we're talking space pirates here, possibly aliens with four or more arms), perhaps those ships traversing the interstellar void are not so innocent, and the pirates, fighting an evil despotic star empire and defending the freedom of the space lanes, are the good guys and gals. The possibilities are many, and the daring exploits set the blood racing in the veins of any reader with even a trace of buccaneering spirit in their hidden self. So board a battered but spaceworthy fighting starship with such star-spanning and award-winning crewmates as Robert Silverberg, Elizabeth Bear and Sarah Monette, Larry Niven, Fritz Leiber, and

Sarah A. Hoyt, plus James H. Schmitz, James Blish, Gregory Benford, and more, and set sail—er, thrusters—for a universe of freebooting adventure! At the publisher's request, this title is sold without DRM (Digital Rights Management). Praise for previous anthologies edited by Hank Davis: *In Space No One Can Hear You Scream*: “[T]he 13 tales in this collection blend sf with horror to demonstrate the resiliency of both genres . . . offers strong tales by the genre’s best storytellers.” —Library Journal “[F]irst-rate science fiction, demonstrating how short stories can still entertain.” —The Galveston County Daily News *M A Cosmic Christmas 2 You*: “This creative and sprightly Christmas science fiction anthology spins in some surprising directions. . . . A satisfying read for cold winter evenings . . . a great stocking stuffer for SF fans.” —Publishers Weekly *As Time Goes By*: “As Time Goes By . . . does an excellent job of exploring not only romance through time travel—relationships enabled or imperiled by voyaging through time—but the intrinsic romance of time travel itself. . . . The range of styles and approaches is as wide as the authors' sensibilities and periods might suggest . . . full of entertaining and poignant stories . . .” —Alvaro Zinos-Amaro, *IntergalacticMedicineShow.com* *About Star Destroyers*, coedited by Christopher Ruocchio: “[S]pectacular space battles and alien contacts . . . themes of military ethics, the uses of artificial intelligence, and the limits of the capacity of the human mind. . . . It is the human interactions and decisions that ultimately drive the stories. . . . Will appeal to fans of military and hard science fiction and any readers fascinated by the possibilities of space travel.” —Booklist “[S]tories of giant spaceships at war, at peace, and in the often-gray areas between. . . . A worthy addition to a long tradition of ship-based fiction, and its authors portray captains, arcane astrogators, and civilian child passengers with equal depth. It’s recommended for fans of military SF and space adventure.” —Publishers Weekly “[Y]ou’d probably expect some tight, action-filled space opera stories of giant space battles . . . and there’s some of that. But there are also espionage stories, rescue missions, political conflicts, alternate histories, even a few humorous tales. . . . Each author took the premise in a different direction . . . if I had to identify one common feature to all the stories, it would be that they’re all fun. . . . Like it says, big ships blowing things up. What’s not to like?” —Analog
