Drawing and Painting Dinosaurs Emily

Willoughby,2021-10-25 People of all ages are fascinated by dinosaurs. Though their huge skeletons are an impressive sight, much of our sense of childlike wonder comes from artistic depictions of them in books, museum murals and popular culture. This book is about how such 'paleoart' is created, and the process of integrating scientific findings with artistic principles to produce accurate, expressive and arresting artworks of dinosaurs and the world they lived in. Drawing and Painting Dinosaurs explores

the anatomy and ecology of different types of dinosaurs including Deinonychus, Apatosaurus and Tyrannosaurus rex. It demonstrates how to interpret paleontological research through the lens of an artistic depiction with examples. There are over 250 illustrations feature pencil drawings, gouache, oil paint, and digital media. Step-by-step projects demonstrate the use of both traditional and digital media, the use of unique techniques and sources of reference, and building up dinosaur anatomy from basic shapes. Finally, it gives insight into how paleoart can be a means to advance knowledge through scientific analysis and prediction. With explorations of dinosaur anatomy, unique techniques for reference and a series of how-to instructions, this book will guide an aspiring paleoartist in learning how to breathe life into the past through art.

Magic: The Gathering: Legends Wizards of the Coast,Jay Anelli,2020-10-27 An official guide to

the most iconic legends and legendary creatures from the world of Magic: The Gathering The world of Magic: The Gathering is home to many fantastical characters and creatures, but perhaps none so intriguing as its legends. Legendary dragons, demons, angels, goblins, vampires, merfolk, wizards, and more roam the multiverse. These characters harken back to Magic's early history, having been introduced in one of the first Magic card sets (1994's Legends); new legends continue to tell epic stories in lore and on the battlefield through the present day. Magic: The Gathering: Legends showcases high-quality reproductions of the legendary card art from across the game's history—in many instances for the first time outside of the card frame—along with accompanying histories written by Jay Anelli. This collection also offers exclusive insight into the art and mythology behind some of Magic: The Gathering's most powerful, popular, and enduring legends, including Niv-Mizzet, Emmara Tandris, Marit Lage, Sisay, Atraxa, the Eldrazi titans, Edgar Markov, Queen Marchesa, Zurgo, Pia Nalaar, Zacama, King Algenus Kenrith, Snapdax, and many, many more.

Girl Waits With Gun Amy Stewart, 2015-09-01
NATIONAL BESTSELLER. The first in the Kopp Sisters Novel Series, *Girl Waits with Gun* is an enthralling novel based on the forgotten true story of one of the nation's first female deputy sheriffs. Constance Kopp doesn't quite fit the mold. She towers over most men, has no interest in marriage or domestic affairs, and has been isolated from the world since a family secret sent

her and her sisters into hiding fifteen years ago. One day a belligerent and powerful silk factory owner runs down their buggy, and a dispute over damages turns into a war of bricks, bullets, and threats as he unleashes his gang on their family farm. When the sheriff enlists her help in convicting the men, Constance is forced to confront her past and defend her family – and she does it in a way that few women of 1914 would have dared. A New York Times Editors' Choice “A smart, romping adventure, featuring some of the most memorable and powerful female characters I've seen in print for a long time. I loved every page as I followed the Kopp sisters through a too-good-to-be-true (but mostly true!) tale of violence, courage, stubbornness, and resourcefulness.”—Elizabeth Gilbert

Final Fantasy Lost Stranger, Vol. 5 Hazuki Minase, 2020-11-03 The Magus Sisters may be defeated, but Sara's work isn't done! While Cindy has accepted her fate, Sara and Shogo aren't about to give up on her! But as Cindy's magic grows too powerful for the two of them to bear, it becomes clear they'll need to enlist others. With time running out, can they really expect anyone to come to the aid of the person who tried to kill them...?

Dai Dark Vol. 2 Q Hayashida, 2021-07-06 Necromancy, space action, and dark humor collide in this wildly creative new series from the creator of Dorohedoro! Zaha Sanko's body has great and terrible powers--they say that possessing his bones will grant you any wish, even the desire to become ruler of the universe. But Sanko is still a

teenage dude with his own life, and he isn't about to let every monstrous lowlife in the galaxy rip him limb from limb. He and his skeletal buddy Avakian will use their dark powers to fend off any murder attempts while they search space for whomever put this curse on Sanko's bones...because killing them might end the madness. (And then Sanko can celebrate with his favorite spaghetti.) Don't miss this hilariously twisted and gruesome new series from the unique mind of Q Hayashida, creator of the manga and Netflix anime Dorohedoro!
