Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper

use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Spice and Wolf Anniversary Collector's Edition

Isuna Hasekura, 2017-02-28 Spice and Wolf is ten years old! To commemorate this anniversary, Yen Press is producing a lavish tome collecting all seventeen original volumes of Spice and Wolf. Beautifully bound and impressively designed to give the impression of a medieval manuscript, the book will also include all of illustrator Jyuu Ayakura's original illustrations. This book will be the crown jewel in any collector's library! The light novel series' story centers around the travels of the merchant Kraft Lawrence, who strikes a deal with the wolf god Holo that sees him transporting the homesick goddess back to her remote northern homeland. Uniquely exploring medieval trade, commerce, and religion, Lawrence plies his trade with Holo (in both human and wolf form) often becoming a decisive factor in his endeavors, but in the end, it is the story of these two memorable characters and their relationship to one another.
