Pompom Pokémon Sachiko Susa, 2018-09-11 Make pompom versions of your favorite Pokémon! This book contains 32 patterns with photographs and instructions for pompom versions of popular Pokémon like Pikachu, Charmander, Snorlax and Bulbasaur. Gotta make 'em all!

Everyone Can Learn Origami Peter Saydak, 2017-11-18 The ultimate book for beginners who want to learn origami! In this book you'll learn all the basic folds and techniques through incredibly detailed sets of diagrams and written instructions. After learning the basics you'll find easy to follow instructions showing how to fold 77 traditional origami models including animals, flowers, insects, boxes and much more. By working through this book

book for kids—paper airplanes meet Origami meets Pokemon. Papertoys, the Internet phenomenon that's hot among graphic designers and illustrators around the world, now comes to kids in the coolest new book. Created and curated by Brian Castleforte, a graphic designer and papertoy pioneer who rounded up 25 of the hottest papertoy designers from around the world (Indonesia, Japan, Australia, Italy, Croatia, Chile, even Jackson, Tennessee), Papertoy Monsters offers 50 fiendishly original die-cut designs that are ready to pop out, fold, and glue. The book interleaves card stock with paper stock for a unique craft package; the graphics are colorful and hip, combining the edginess of anime with the goofy fun of Uglydolls and other collectibles. Plus each character comes with its own back-story. And the results are delicious: meet Pharaoh Thoth Amon, who once ruled Egypt but is now a mummy who practices dark magic in his sarcophagus. Or Zumbie the Zombie, who loves nothing more than a nice plate of brains and yams. NotSoScary, a little monster so useless at frightening people that he has to wear a scary mask. Yucky Chuck, the lunchbox creature born in the deepest depths of your school bag. Plus Zeke, the monster under your bed, Nom Nom, eater of cities, and Grumpy Gramps, the hairy grandpa monster with his very own moustache collection.

Heart of the Raven Prince Tessonja Odette, 2021-08 A playboy prince in want of a decoy bride. A servant girl desperate for a disguise... Raven shifter Prince Franco is every social climbing debutante's dream. He's handsome, heir to the Lunar Court throne, and deliciously single. Every young woman wants to bed him, wed him, or steal a moment of his time. Except, of course, for Ember Montgomery. Half-fae Ember craves freedom from her conniving stepfamily. As if they weren't enough to deal with, a chance encounter with the arrogant Prince Franco leaves her humiliated and in a fiery rage. Nothing could convince her the prince is anything but a rake. But when the opportunity to evade her scheming stepmother falls into her lap, she'll pay the price—even if it means impersonating the prince's newest flame... To prove himself a worthy heir, Prince Franco must marry a princess. But after far too many unsatisfying trysts, he's given up on love. With the social season in full swing, and bringing with it a horde of husband-hungry socialites, he'll do anything to delay the pressures of both marriage and the crown. And what better solution than an alliance with a desperate servant girl glamoured as his false future bride? Locked in a bargain, Ember must pose as a princess until midnight at the full moon ball. Until then, all she has to do is wear the glamour, pretend to court the prince, and above all else, not fall in love. But when feelings emerge on both sides, she starts to wonder if there's more to their contrived courtship than either of them planned... Can Ember and Franco find love when the masks come off? Or will illusions and lies prove stronger than their hearts? ACOTAR meets Bridgerton in this standalone fairytale retelling of Cinderella. If you like slow burn romance, fake engagements, and snarky fae royals, then you'll love this swoon-worthy story in the Entangled with Fae series. *NOTE this book is upper YA/NA featuring mature situations and some adult language. The romance is slow burn but leads to moderate steam. *Heart of the Raven Prince* is a complete stand-alone novel set in the same world as *The Fair Isle Trilogy*. Journey back to Faerwyvae or begin your adventure for the first time with this enchanting tale. Each book in the Entangled with Fae series can be read on its own and in any order. Happily ever after guaranteed!

Introducing Transformational Grammar Jamal Ouhalla,1999 The first edition of this book quickly established itself as one of the clearest and most readable introductions to generative grammar. Together with a complete introduction to the principles of Universal Grammar, it traced the major shifts of perspective that have influenced the developments of the theory over the last forty years. This revised and expanded new edition introduces students with no previous training to Transformational Grammar. Covering the framework known as Principles and Parameters as well as the more recent framework known as Minimalism, it includes a range of new exercises, making it ideal for students at all levels.

History of Service ,2001-08-17

Pokemon Electric Pikachu Boogaloo Toshihiro Ono,2000 The smash-hit Pokmon comics series is printed in a single-volume graphic novel for readers of all ages. Pokmon sneak away to visit Bulbasaur's secret garden; Ash helps a girl find the Leaf Stone; Meowth makes a friend; and the great Pokmon Tournament ends with Ash holding one last Pokmon--out-of-control Charizard. Illustrations, some in color.
