Spice and Wolf Anniversary Collector's Edition Isuna

Hasekura,2017-02-28 Spice and Wolf is ten years old! To commemorate this anniversary, Yen Press is producing a lavish tome collecting all seventeen original volumes of Spice and Wolf. Beautifully bound and impressively designed to give the impression of a medieval manuscript, the book will also include all of illustrator Jyuu Ayakura's original illustrations. This book will be the crown jewel in any collector's library! The light novel series' story centers around the travels of the merchant Kraft Lawrence, who strikes a deal with the wolf god Holo that sees him transporting the homesick goddess back to her remote northern homeland. Uniquely exploring medieval trade, commerce, and religion, Lawrence plies his trade with Holo (in both human and wolf form) often becoming a decisive factor in his endeavors, but in the end, it is the story of these two memorable characters and their relationship to one another.

Everyone Can Learn Origami Peter Saydak,2017-11-18 The ultimate book for beginners who want to learn origami! In this book you'll learn all the basic folds and techniques through incredibly detailed sets of diagrams and written instructions. After learning the basics you'll find easy to follow instructions showing how to fold 77 traditional origami models including animals, flowers, insects, boxes and much more. By working through this book and folding the different models you'll practice all the different folds and techniques, improving your skills and folding progressively more complex origami. When you reach the end you'll know everything you need to become an origami master! Please note, this book is not for you if you're already an origami expert. If you know how to fold the traditional origami frog from a frog base then you probably already

know everything this book can teach you.

Jurassic Park The Topps Company,2022-04-26 Journey back to where it all started in this deluxe collection showcasing the classic Topps trading cards from 1993—timed for the theatrical release of Jurassic World: Dominion When Jurassic Park was released almost 30 years ago, it was an immediate blockbuster and went on to become one of entertainment’s largest multimedia franchises, with five more films, theme park attractions, and a robust consumer product program—including a set of trading cards released by Topps in 1993 to tie into the film. This comprehensive collection of the original trading card series—timed to publish alongside the release of Jurassic World: Dominion—includes the fronts and backs of all of these classic cards, plus the special chase cards and rare promotional material. The book also includes text and commentary by Gary Gerani, editor of the original series, and an afterword by Chip Kidd, who created and designed the cover of Michael Crichton’s Jurassic Park, which became the iconic logo for the franchise.

What Do Economists Contribute? Daniel B. Klein,2016-07-27 The title of this book raises a provocative question that should make all economists think. What is our *raison d'être* ? Only a few economists have specifically addressed the issue. Several of the more challenging efforts are included here. Do economists have much influence on government policy, particularly over, say, five or ten years? Is that because they don't try hard enough or is it because politicians care more about the next election than about the opinion of economists? In this splendid collection, some published as long ago as the 1930s, nine great economists consider these questions. The editor's illuminating introduction sorts out the area of agreement and disagreement between them.
