The Polish Underground and the Jews, 1939–1945 Joshua D.

Zimmerman, 2015-06-05 The Polish Underground and the Jews, 1939–1945 examines one of the central problems in the history of Polish-Jewish relations: the attitude and the behavior of the Polish Underground - the resistance organization loyal to the Polish government-in-exile - toward the Jews during World War II. Using a variety of archival documents, testimonies, and memoirs, Zimmerman offers a careful, dispassionate narrative, arguing that the reaction of the Polish Underground to the catastrophe that befell European Jewry was immensely varied, ranging from aggressive aid to acts of murder. By analyzing the military, civilian, and political wings of the Polish Underground and offering portraits of the organization's main leaders, this book is the first full-length scholarly monograph in any language to provide a thorough examination of the Polish Underground's attitude and behavior towards the Jews during the entire period of World War II.

Post-Communist Poland – Contested Pasts and Future Identities Ewa

Ochman, 2013-07-18 This book explores the reinterpretations of Poland's past which have been undertaken by Polish national and local elites since the fall of communism. It focuses on remembrance practices and traces the de-commemorating of communism to examine the ways in which collective remembering and forgetting shapes present power constellations in Poland and impacts on foreign and domestic policy. The book outlines the detail of the

new hegemonic national myths which are being established but also investigates fragmentation and diversification of commemorative practices at the local level that has the most potential to challenge the dominant vision of national Polish identity, historically centred on martyrdom, heroism and independence, as less relevant to Poland's new aspirations for the future.

Paris 1919 Margaret MacMillan, 2003-09-09 National Bestseller New York Times Editors' Choice Winner of the PEN Hessell Tiltman Prize Winner of the Duff Cooper Prize Silver Medalist for the Arthur Ross Book Award of the Council on Foreign Relations Finalist for the Robert F. Kennedy Book Award For six months in 1919, after the end of "the war to end all wars," the Big Three—President Woodrow Wilson, British prime minister David Lloyd George, and French premier Georges Clemenceau—met in Paris to shape a lasting peace. In this landmark work of narrative history, Margaret MacMillan gives a dramatic and intimate view of those fateful days, which saw new political entities—Iraq, Yugoslavia, and Palestine, among them—born out of the ruins of bankrupt empires, and the borders of the modern world redrawn.

Historical Perspectives of the Operational Art Michael D. Krause, R. Cody Phillips, Center of Military History (U S Army), 2006-05 NOTE: NO FURTHER DISCOUNT FOR THIS PRINT PRODUCT--OVERSTOCK SALE -- Significantly reduced list price while supplies last Historical Perspectives of the Operational Art, a companion volume to Clayton R. Newell's and Michael D. Krause's On Operational Art, captures the doctrinal debate over the evolving concept of

operational art-the critical link between strategy and tactics-in the face of the new complexities of warfare and the demands of irregular operations in the twenty-first century. Consisting of fifteen original essays selected and edited by Michael D. Krause in collaboration with R. Cody Phillips, the well-organized anthology presents the collective view of distinguished military historians and scholars that operational art must be adjusted to accommodate the changing circumstances happening around the world, especially when dealing with broad coalitions and alliances in regional environments and at an international level. Goering Cross Examined Jacqueline George, 2014-07-13 When Field Marshall Hermann Goering, Deputy Führer and commander of the Luftwaffe, appeared before the Nuremberg Tribunal in 1946 to answer for his crimes, the world was watching. Much of Europe had directly suffered through the war that he and the Nazi system had brought to the continent, and now he would have to answer

for his crimes. On the other hand, Germany was full of Nazis who had been defeated but did not feel any part of the guilt for those terrible events. Would Goering be able to stand up for them, and give them hope for the future? Goering proved to be intelligent and resourceful, a natural leader who dominated the other defendants at the trial and showed no self-doubt at all. The evidence he gave on his own behalf made the unthinkable seem reasonable, the normal reaction of a government and country under threat from outside forces. He denied all knowledge of war crimes, and the crimes against humanity that were now being uncovered. Only cross-examination by American and British prosecutors could force him to admit his complicity, but Goering was far too clever to be pinned down easily. Here, in the actual words spoken by the three adversaries, is the story of the American prosecutor Supreme Court Justice Robert Jackson and his British colleague Sir David Maxwell-Fyfe fighting to bring the true story of Goering's crimes into the light. Using complete court transcripts, with commentaries on each session, this book allows the reader to follow the battle day by day. All three men, and especially Goering, jump from the pages in the words they used seventy years ago. This is Goering from a different angle, seen not through his deeds but as you might see him at a town hall meeting. He is talkative and charismatic, even when on trial for his life and with the ruins of the Third Reich around him. His trial is followed through to the end, and the book has an Epilogue from his fellow defendant Albert Speer. This very readable book brings

together the many strands of the Goering war crimes trial in a way that allows the interested but legally challenged reader to appreciate the hubris and depravity of the Reich's Deputy Führer. The reader is left with the impression that Goering, throughout his trial, believed in the righteousness of the Nazi Cause and was surprised and disappointed in the final outcome. Goering's testimony to the Tribunal is both chilling and a fitting final testimony to the Nazi era. ~ Charles Gillman-Wells

Witness to Hope George Weigel, 2009-10-13 INTERNATIONAL BESTSELLER A remarkable book. Weigel's biography is likely to remain the standard one-volume reference on John Paul II for many years to come. – Pittsburgh Post-Gazette ?“Fascinating. . . sheds light on the history of the twentieth century for everyone.” –New York Times Book Review The definitive biography of Pope John Paul II that explores how influential he was on the world stage and in some of the most historic events of the twentieth century that can still be felt today Witness to Hope is the authoritative biography of one of the singular figures—some might argue the singular figure—of our time. With unprecedented cooperation from John Paul II and the people who knew and worked with him throughout his life, George Weigel offers a groundbreaking portrait of the Pope as a man, a thinker, and a leader whose religious convictions defined a new approach to world politics—and changed the course of history. As even his critics concede, John Paul II occupied a unique place on the world stage and put down intellectual markers that no one could ignore

or avoid as humanity entered a new millennium fraught with possibility and danger. The Pope was a man of prodigious energy who played a crucial, yet insufficiently explored, role in some of the most momentous events of our time, including the collapse of European communism, the quest for peace in the Middle East, and the democratic transformation of Latin America. With an updated preface, this edition of *Witness to Hope* explains how this “man from a far country” did all of that, and much more—and what both his accomplishments and the unfinished business of his pontificate mean for the future of the Church and the world.

Katyn Wojciech Materski, 2008-10-01 In the spring of 1940, the Soviet Union carried out the mass executions of 14,500 Polish prisoners of war - army officers, police, gendarmes, and civilians - taken by the Red Army when it invaded eastern Poland in September 1939. This work details the Soviet killings, the elaborate cover-up of the crime, and the subsequent revelations.

No Greater Ally Kenneth K. Koskodan, 2011-12-20 There is a chapter of World War II history that remains largely untold; the monumental struggles of an entire nation have been forgotten, and even intentionally obscured. Giving a full overview of Poland's participation in World War II. Following their valiant but doomed defence of Poland in 1939, members of the Polish armed forces fought with the Allies wherever and however they could. Full of previously unpublished accounts, and rare photographs, this title provides a

detailed analysis of the devastation the war brought to Poland, and the final betrayal when, having fought for freedom for six long years, Poland was handed to the Soviet Union.

High Treason Vitaliĭ Rapoport, Iŭriĭ Alekseev, Vladimir G. Treml, Bruce Adams, 1985

Forgotten Wars Włodzimierz Borodziej, Maciej Górny, 2021-04-01 Włodzimierz Borodziej and Maciej Górny set out to salvage the historical memory of the experience of war in the lands between Riga and Skopje, beginning with the two Balkan conflicts of 1912–1913 and ending with the death of Emperor Franz Joseph in 1916. The First World War in the East and South-East of Europe was fought by people from a multitude of different nationalities, most of them dressed in the uniforms of three imperial armies: Russian, German, and Austro-Hungarian. In this first volume of *Forgotten Wars*, the authors chart the origins and outbreak of the First World War, the early battles, and the war's impact on ordinary soldiers and civilians through to the end of the Romanian campaign in December 1916, by which point the Central Powers controlled all of the Balkans except for the Peloponnese. Combining military and social history, the authors make extensive use of eyewitness accounts to describe the traumatic experience that established a region stretching between the Baltic, Adriatic, and Black Seas.

Poland, Soviet Union, Russia Przemysław Adamczewski, Wojciech Materski, Piotr Madajczyk, Grzegorz Motyka, Krzysztof Persak, Andrzej Paczkowski, Tomasz

Stryjek, Konrad Świder, 2020-12-12 This book contains an overview of many publications by employees of the Institute of Political Studies of the Polish Academy of Sciences in Warsaw in the field of Eastern studies. We have selected texts on the recent history of Eastern Europe, the Soviet Union and communist rule, as well as contemporary Russia and Polish-Russian relations. By making these available to English-speaking readers, on the one hand, we want to present a small part, due to limited space, of the Eastern studies conducted by the Institute and, on the other, pay tribute to their distinguished representative, Richard Pipes. In 2019, according to the last will of this historian, scholar and sovietologist, who died on 18 May 2018, the Institute received his book collection of over three and a half thousand items, mainly concerning Russia and the Soviet Union. These are works of high scientific rank that the scholar collected for over half a century. Acquiring the book collection was the first step towards establishing the Professor Richard Pipes Laboratory. This was possible thanks to funding obtained by the Institute at the end of 2019 from the Ministry of Science and Higher Education as part of the Dialogue programme.

From Solidarity to Martial Law Andrzej Paczkowski, Malcolm Byrne, 2007-01-10 95 documents on the events that represent a pivotal moment in modern Polish and world history: 16 months between August 1980 when the Solidarity trade union was founded and December 1981 when Polish authorities declared martial law and crushed the nationwide opposition movement that had grown up around

the union. Transcripts of Soviet and Polish Politburo meetings give a detailed picture of the goals, motivations and deliberations of the leaders of these countries. Records of Warsaw Pact gatherings, notes of bilateral sessions of the communist camp provide additional pieces to the puzzle of what Moscow and its allies had in mind. Materials are included from Solidarity, too.

Armored Trains Steven J. Zaloga, 2011-07-20 First seen during the American Civil War and later appearing in the Franco-Prussian War and the Anglo-Boer Wars, the armored train came to prominence on the Eastern Front during World War I. It was also deployed during the Russian Civil War and the technology traveled east into the Chinese Civil War, and the subsequent war with Japan. It saw service on the Russian Front in World War II, but was increasingly sidelined because of its vulnerability to air attack. Steven J Zaloga examines the origins and development of the armored train, focusing equally on the technical detail and on the fascinating story of how armored trains were actually used in combat. This title will appeal to armor, military history and railroad enthusiasts alike.

The First World War Manfred Rauchensteiner, 2014-07-24 The well-respected historian Manfred Rauchensteiner analyses the outbreak of World War I, Emperor Franz Joseph's role in the conflict, and how the various nationalities of the Habsburg Monarchy reacted to the disintegration of this 640-yearold empire in 1918. After Archduke Franz Ferdinands assassination in

Sarajevo in 1914, war was inevitable. Emperor Franz Joseph intended it, and everyone in Vienna expected it. How the war began and how Austria-Hungary managed to avoid capitulation only weeks later with the help of German troops reads like a thriller. Manfred Rauchensteiners book is based on decades of research and is a fascinating read to the very end, even though the final outcome, the collapse of the Austro-Hungarian Dual Monarchy, is already known. Originally published in German in 2013 by Böhlau, this standard work is now available in English.

Years of adventure, 1874-1920 Herbert Hoover, 1951

Anti-Gender Politics in the Populist Moment Agnieszka Graff, Elżbieta Korolczuk, 2021-09-15 This book charts the new phase of global struggles around gender equality and sexual democracy: the ultraconservative mobilization against gender ideology and feminist efforts to counteract it. It argues that anti-gender campaigns, which emerged around 2010 in Europe, are not a simple continuation of the anti-feminist backlash dating back to the 1970s, but part of a new political configuration. Opposition to gender has become a key element of the rise of right-wing populism, which successfully harnesses the anxiety, shame and anger caused by neoliberalism and threatens to destroy liberal democracy. *Anti-Gender Politics in the Populist Moment* offers a novel conceptualization of the relationship between the ultraconservative anti-gender movement and right-wing populist parties, examining the opportunistic synergy between these actors. The authors map the

anti-gender campaigns as a global movement, putting the Polish case in a comparative perspective. They show that the anti-gender rhetoric is best understood as a reactionary critique of neoliberalism as a socio-cultural formation. The book also studies the recent wave of feminist mass mobilizations, viewing the transnational revolt of women as a left populist movement. This is an important study for those doing research in politics, cultural studies, gender and sexuality studies and sociology. It will also be useful for activists and policy makers. The Open Access version of this book, available at www.taylorfrancis.com , has been made available under a Creative Commons Attribution-Non Commercial-No Derivatives 4.0 license.

Beyond the Trenches Elżbieta Katarzyna Dzikowska, Agata G. Handley, Piotr Zawilski, 2020 This collection of articles summarises results of investigations into archival materials concerning wartime stories of various nations involved in the Great War. The objective of the authors was to analyse the wartime experience of individuals and local communities as well as whole nations.

Poland 1939 Steven J. Zaloga, 2022-12-10 The German invasion of Poland on 1 September 1939 began World War II in Europe, pitting the newly modernized army of Europe's great industrial power against the much smaller Polish army and introducing the world to a new style of warfare – Blitzkrieg. Panzer divisions spearheaded the German assault with Stuka dive-bombers prowling ahead spreading terror and mayhem. This book demonstrates how the Polish army

was not as backward as it is often portrayed and fielded a tank force larger than that of the contemporary US Army. Its stubborn defence did give the Germans some surprises and German casualties were relatively heavy for such a short campaign.

European Elites and Ideas of Empire, 1917-1957 Dina Gusejnova, 2016-06-16 Explores European civilisation as a concept of twentieth-century political practice and the project of a transnational network of European elites. This title is available as Open Access.

Sketches from a Secret War Timothy Snyder, 2007-10-10 The forgotten protagonist of this true account aspired to be a cubist painter in his native Kyïv. In a Europe remade by the First World War, his talents led him to different roles—intelligence operative, powerful statesman, underground activist, lifelong conspirator. Henryk Józewski directed Polish intelligence in Ukraine, governed the borderland region of Volhynia in the interwar years, worked in the anti-Nazi and anti-Soviet underground during the Second World War, and conspired against Poland's Stalinists until his arrest in 1953. His personal story, important in its own right, sheds new light on the foundations of Soviet power and on the ideals of those who resisted it. By following the arc of Józewski's life, this book demonstrates that his tolerant policies toward Ukrainians in Volhynia were part of Poland's plans to roll back the communist threat. The book mines archival materials, many available only since the fall of communism, to rescue Józewski, his Polish

milieu, and his Ukrainian dream from oblivion. An epilogue connects his legacy to the disintegration of the Soviet Union and the democratic revolution in Ukraine in 2004.
