**Yudhoyono Presidency** Edward Aspinall, 2016-04-29 The presidency of Susilo Bambang Yudhoyono (2004-14) was a watershed in Indonesia's modern democratic history. Yudhoyono was not only the first Indonesian president to be directly elected, but also the first to be democratically re-elected. Coming to office after years of turbulent transition, he presided over a decade of remarkable political stability and steady economic growth. But other aspects of his rule have been the subject of controversy. While supporters view his presidency as a period of democratic consolidation and success, critics view it as a decade of stagnation and missed opportunities. This book is the first comprehensive attempt to evaluate both the achievements and the shortcomings of the Yudhoyono presidency. With contributions from leading experts on Indonesia's politics, economy and society, it assesses the Yudhoyono record in fields ranging from economic development and human rights, to foreign policy, the environment and the security sector.

**Transforming Indonesia** Indonesia. President (2004- : Yudhoyono), 2012  
*The Yudhoyono Presidency* Edward Aspinall, Marcus Mietzner, Dirk Tomsa, 2015 The presidency of Susilo Bambang Yudhoyono (2004-14) was a watershed in Indonesia's modern democratic history. Yudhoyono was not only the first Indonesian president to be directly elected, but also the first to be democratically re-elected. Coming to office after years of turbulent transition, he presided over a decade of remarkable political stability and steady economic growth. But other aspects of his rule have been the subject of controversy. While supporters view his presidency as a period of democratic consolidation and success, critics view it as a decade of stagnation and missed opportunities. This book is the first comprehensive attempt to evaluate both the achievements and the shortcomings of the Yudhoyono presidency. With contributions from leading experts on Indonesia's politics, economy and society, it assesses the Yudhoyono record in fields ranging from economic development and human rights, to foreign policy, the environment and the security sector.

*Aspirations with Limitations* Ulla Fionna, Siwage Dharma Negara, Deasy Simandjuntak, 2018-06-29 As the first directly elected Indonesian president, Susilo Bambang Yudhoyono (SBY) served at a crucial juncture in Indonesia's history. Succeeding the three short presidencies of BJ Habibie, Abdurrahman Wahid and Megawati Sukarnoputri, his presidency had a lot to prove. While critical assessment of SBY's domestic policies have been undertaken, less attention has been paid to his foreign policy. This volume seeks to fill this gap by examining key foreign policy issues during SBY's tenure, including bilateral relations, Indonesia's involvement in international organizations, and pivotal issues such as international labour and terrorism. The book provides an assessment of the direction of his foreign policy and management style, paying particular attention to his concerns over Indonesia's territorial integrity and sovereignty, the significance of international institutions, and Indonesia's right to lead.

*Jokowi's Indonesia And The World* Ahmad Ibrahim Almuttaqi, 2020-03-06 When Joko 'Jokowi' Widodo was sworn in as the seventh President of the Republic of Indonesia, taking over from Susilo Bambang Yudhoyono, the change in personnel at the highest executive office of state naturally raised questions about the likely changes in government policies between that of the outgoing Yudhoyono Government and that of the incoming Widodo Government. This was especially so in the area of foreign policy given that Yudhoyono was widely lauded for his efforts and achievements on the international stage; and the general perception that Widodo lacks sufficient foreign policy experience and knowledge. Will Indonesia's foreign policy change with the new Government? If so, how will Indonesia's foreign policy change and why? If not, how not and why won't Indonesia's foreign policy change? Jokowi's Indonesia and the World addresses these questions by evaluating the annual performance of the Widodo Government from 2014 to 2019, focusing primarily on the President's foreign policy track record, and tracing Indonesia's successes and failures on the world stage. At the same time, the book also assesses how the domestic situation has affected Jakarta's external projections. If the Yudhoyono years are remembered for an assertive and active Indonesia in the field of foreign policy, it was greatly hoped that the same could be said about the Widodo presidency at the end of his first term. Whether this ultimately transpired or not shall be covered in the book.

*Standing Firm For Indonesia's Democracy: An Oral History Of President Susilo Bambang Yudhoyono* Takashi Shiraishi, 2024-01-16 This book presents the first oral history of Indonesia's President Susilo Bambang Yudhoyono (SBY) (2004-2014). As the first directly elected president, he played a very important role in Indonesia's democratization. Indonesia's economy also got back on the path of growth under his administration. In a series of interviews, SBY tells how he handled military affairs in 1990s, what he did as minister and coordinating minister under President Abdurrahman Wahid and President Megawati Sukarnoputri, challenges he confronted and how he managed those challenges in his administration. Readers will learn his thought about statecraft, his view of the future, his style of leadership, and the critical decisions he made and the thinking that informed his decisions. Interviewed by a team of Indonesia specialists for more than 30 hours, the oral recording helps the reader understand President Yudhoyono's thinking in his own voice, and also, his policies and actions.

**Indonesia's Foreign Policy under Suharto** Leo Suryadinata, 2022-01-24 The book, which was first published in 1996, examines Indonesia's foreign policy under Suharto. It not only details Indonesia's foreign policy behaviour vis-à-vis Indonesia's neighbours and major powers, but also places it in the context of foreign policy analysis. Today, the book remains as the only full-length study on Indonesia's foreign policy under Suharto. It is now reprinted with a new postscript which discusses the post-Suharto era from B.J. Habibie to Joko Widodo. Indonesia under Suharto had attempted to become a regional power to lead Southeast Asian states and beyond. As the largest country and also the richest in terms of natural resources, Suharto's Indonesia was held in deference by the ASEAN states. However, due to its limited capabilities, its lack of military strength, advanced technology and economic strength, the political influence of Jakarta was in fact quite limited. During the economic crisis, Suharto was forced to step down. He was succeeded by B.J. Habibie who was largely preoccupied with domestic issues, who in turn was followed by weak presidencies such as Abdurrahman Wahid (Gus Dur) and Megawati. Only after the ex-general Susilo Bambang Yudhoyono assumed presidency did he manage to stabilize the situation and attained economic growth. He even became known as the "Foreign Policy President". Nevertheless, he was constrained by the harsh Indonesian reality: limited resources, a weak military and absence of political influence. His successor Joko Widodo has been more concerned with economic matters and domestic politics; Indonesian regional leadership declines further.
