Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Rolling Stone Gus Wenner, 2020-10-27 From iconic portraits to political cartoons, Rolling Stone magazine has cultivated an unrivaled archive of illustrated work by some of the greatest artists of recent times, from Ralph Steadman to Mark Ryden. 2020 SILVER WINNER OF THE FOREWORD INDIES AWARD IN PERFORMING ARTS/MUSIC For more than fifty years, Rolling Stone magazine has been the defining voice in musical journalism. Alongside its timeless cover images and groundbreaking criticism, the magazine's illustrations have given popular culture a new iconography. Drawing on five decades of the magazine's archives and with a focus on more contemporary artists and issues, this stunning book collects more than 200 of the most iconic illustrations to have graced its pages--from portraits of major cultural figures (from Bob Dylan to Barack Obama to Madonna) to depictions of key moments in recent history (from Woodstock to Trump's election). Some of the greatest names in art and design have defined the magazine's illustrated lexicon, from modern heroes like Milton Glaser and Ralph Steadman to subversive contemporary artists such as Christoph Niemann and Mark Ryden. Organized creatively by thematic connection--juxtaposing a legend of one world alongside another and collecting portfolios on specific subjects--and with anecdotes from some of the artists and subjects alongside the images themselves, the book presents a whimsical illustrated history of contemporary culture filtered through the Rolling Stone lens.

Papertoy Monsters Brian Castleforte, 2010-12-29 A breakthrough paper-folding book for kids—paper airplanes meet Origami meets Pokemon. Papertoys, the Internet phenomenon that's hot among graphic designers and illustrators around the world, now comes to kids in the coolest new book. Created and curated by Brian Castleforte, a graphic designer and papertoy pioneer who rounded up 25 of the hottest papertoy designers from around the world (Indonesia, Japan, Australia, Italy, Croatia, Chile, even Jackson, Tennessee), *Papertoy Monsters* offers 50 fiendishly original die-cut designs that are ready to pop out, fold, and glue. The book interleaves card stock with paper stock for a unique craft package; the graphics are colorful and hip, combining the edginess of anime with the goofy fun of Uglydolls and other collectibles. Plus each character comes with its own back-story. And the results are delicious: meet Pharaoh Thoth Amon, who once ruled Egypt but is now a mummy who practices dark magic in his sarcophagus. Or Zumbie the Zombie, who loves nothing more than a nice plate of brains and yams. NotSoScary, a little monster so useless at frightening people that he has to wear a scary mask. Yucky Chuck, the lunchbox creature born in the deepest depths of your school bag. Plus Zeke, the monster under your bed, Nom Nom, eater of cities, and Grumpy Gramps, the hairy grandpa monster with his very own moustache collection.

Pop Surrealism Richard Klein, Dominique Nahas, Ingrid Schaffner, 1998 Description: Pop Surrealism highlights the recent explosion of pop-influenced surrealist art from an emerging generation of artists and a few key senior figures who have influenced their work. Designed in a special pocket format, this intriguing book offers a primer on the confluence of pop and surrealist iconography, and features work by over seventy artists, including Gregory Crewdson, Mariko Mori, Ashley Bickerton, Art Spiegelman, Tony Oursler, and Cindy Sherman. The book's informative essays consider such varied topics as the relation between comics and surrealism, Hollywood and surrealism, and the image of the grotesque body. Reviewing the exhibition for ArtForum, Steven Henry Madoff wrote: The mutant sensibility at work in this droll, smartly curated exhibition proposes the marriage of Surrealism's dream-laden fetish for the body eroticized and grotesque and Pop art's celebration of the shallower, corrosively bright world given over the packaged good.

No Exit from Pakistan Daniel S. Markey, 2013-10-07 This book tells the story of the tragic and often tormented relationship between the United States and Pakistan. Pakistan's internal troubles have already threatened U.S. security and international peace, and

Pakistan's rapidly growing population, nuclear arsenal, and relationships with China and India will continue to force it upon America's geostrategic map in new and important ways over the coming decades. This book explores the main trends in Pakistani society that will help determine its future; traces the wellsprings of Pakistani anti-American sentiment through the history of U.S.-Pakistan relations from 1947 to 2001; assesses how Washington made and implemented policies regarding Pakistan since the terrorist attacks on the United States on September 11, 2001; and analyzes how regional dynamics, especially the rise of China, will likely shape U.S.-Pakistan relations. It concludes with three options for future U.S. strategy, described as defensive insulation, military-first cooperation, and comprehensive cooperation. The book explains how Washington can prepare for the worst, aim for the best, and avoid past mistakes.

Louise Haselton Gillian Brown, Leigh Robb, Jenna McKenzie, 2019-11-02 Louise Haselton offers glimpses of the curious inner lives of everyday and overlooked things. From the domestic to the exotic, the natural to the 'made', she distinctively intuits connections between seemingly disparate material vernaculars. Haselton believes in the invisible forces that bind and repel the world around us. With a witty reverence for the objects and materials she engages with, Haselton explores the communicative possibilities of weight, balance and form within her predominantly sculptural works. Her practice is unexpected, unconventional, and exemplary of an artist especially attuned to the matters which surround us. Louise Haselton: Act natural is a compendium of Haselton's works to date including illustrated essays chronicling the inspirations, influences and ideas behind her extraordinary practice of the last twenty-five years.
