Songs in the Key of Z Irwin Chusid, 2000 Irwin Chusid profiles a number of outsider musicians - those who started as outside and eventually came in when the listening public caught up with their radical ideas. Included are The Shaggs, Tiny Tim, Syd Barrett, Joe Meek, Captain Beefheart, The Cherry Sisters, Daniel Johnston, Harry Partch, Wesley Willis, and others.

Permanent Exhibit Matthew Vollmer, 2018 Brief collage-style essays that explore the ephemeral and fractured nature of life in the digital age.

Post Memes Daniel Bristow, Alfie Bown, 2019 Art-form, send-up, farce, ironic disarticulation, pastiche, propaganda, trololololol, mode of critique, mode of production, means of politicisation, even of subjectivation - memes are the inner currency of the internet's circulatory system. Independent of any one set value, memes are famously the mode of conveyance for the alt-right, the irony left, and the apoliticos alike, and they are impervious to many economic valuations: the attempts made in co-opting their discourse in advertising and big business have made little headway, and have usually been derailed by retaliative meming. *POST MEMES: SEIZING THE MEMES OF PRODUCTION* takes advantage of the meme's subversive adaptability and ripeness for a focused, in-depth study. Pulling together the interrogative forces of a raft of thinkers at the forefront of tech theory and media dissection, this collection of essays paves a way to articulating the semiotic fabric of the early 21st century's most prevalent means of content posting, and aims at the very seizing of the memes of production for the imagining and creation of new political horizons. With contributions from Scott and McKenzie Wark, Patricia Reed, Jay Owens, Thomas Hobson and Kaajal Modi, Dominic Pettman, Bogna M. Konior, and Eric Wilson, among others, this essay volume offers the freshest approaches available in the field of memes studies and inaugurates a new kind of writing about the newest manifestations of the written online. The book aims to become the go-to resource for all students and scholars of memes, and will be of the utmost interest to anyone interested in the internet's most viral phenomenon. *ABOUT THE EDITORS* ALFIE BOWN is the author of several books including *The Playstation Dreamworld* (Polity, 2017) and *In the Event of Laughter: Psychoanalysis, Literature and Comedy* (Bloomsbury, 2018). How To Watch Television Ethan Thompson,Jason Mittell,2013-09-16 Examines social and cultural phenomena through the lens of different television shows We all have opinions about the television shows we watch, but television criticism is about much more than simply evaluating the merits of a particular show and deeming it 'good' or 'bad.' Rather, criticism uses the close examination of a television program to explore that program's cultural significance, creative strategies, and its place in a broader social context. *How to Watch Television* brings together forty original essays from today's leading scholars on television culture, writing about the programs they care (and think) the most about. Each essay focuses on a particular television show, demonstrating one way to read the program and, through it, our media culture. The essays model how to practice media criticism in accessible language, providing critical insights through analysis—suggesting a way of looking at TV that students and interested viewers might emulate. The contributors discuss a wide range of television programs past and present, covering many formats and genres, spanning fiction and non-fiction, broadcast and cable, providing a broad representation of the programs that are likely to be covered in a media studies course. While the book primarily focuses on American television, important programs with international origins and transnational circulation are also covered. Addressing television series from the medium's earliest days to contemporary online transformations of television, *How to Watch Television* is designed to engender classroom discussion among television critics of all backgrounds.

Fierce Aly Raisman,2017-11-14 Discover Aly Raisman's inspiring story of dedication, perseverance, and learning to think positive even in the toughest times on her path to gold medal success in two Olympic Games--and beyond. Aly Raisman first stepped onto a gymnastics mat as a toddler in a mommy & me gymnastics class. No one could have predicted then that sixteen years later, she'd be standing on an Olympic podium, having achieved her dreams. Aly's road to success was full of hard work, perseverance, and victories, but not without its hardships. Aly faced many obstacles, from naysayers who said she'd never make it in gymnastics to classmates who shamed her for her athletic body to a devastating betrayal of trust. Through it all, Aly surrounded herself with supportive family, friends, and teammates and found the inner strength to remain positive and believe in herself. Now, in her own words, Aly shows what it takes to be a champion on and off the floor, and takes readers on a behind-the-scenes journey before, during, and after her remarkable achievements in two Olympic Games--through her highest highs, lowest lows, and all the moments in between. Honest and heartfelt, frank and funny, Aly's story is enhanced with never-before-published photos, excerpts from the personal journals she's kept since childhood that chronicle memorable moments with her teammates, and hard-won advice for readers striving to rise above challenges, learn to love themselves, and make their own dreams come true.

Katy Perry Jo Berry,2011-03-31 Lifting the lid on the chart-topping, girl-kissing, trend-setting princess of pop In 2006, Katy Perry was on the brink of packing it all in and giving up - Hollywood had almost got the better of her. Two hit albums later and she practically owns the place. The gorgeous singer, best known for her flirty hit 'I Kissed a Girl', likes to flaunt her feminine side with inch-long eyelashes, maraschino-cherry lips, and playful retro outfits like polka-dotted hot pants and tube dresses, but Katy's path to fame was far bumpier than her glamtastic image lets on. Raised in Santa Barbara, California, she started her musical career in the church, her parents were both born-again Christian pastors. Her first album, released in 2001, was Christian gospel and the rules for her early years were 'no pop, no snacks, no boys'. At 16 she dropped out of high school and made the move to L.A., and her life was forever changed. It took more than eight years of false starts, winning and losing three record contracts, before she scored the million-selling album One of the Boys. But once 'Ur So Gay' was declared by Madonna as her song of the year, 'I Kissed a Girl' ignited all that controversy, and Katy met her husband-to-be Russell Brand and so became one half of one of the most exciting and endearing Hollywood couples, Katy Perry was propelled to the top of the Hollywood A list. Jo Berry's insightful and honest biography reveals the incredible story of the life and loves of the artist and performer Katy Perry.

Hearts on Air L.H. Cosway,2023-07-28 3 weeks. 5 cities. 15 impossible stunts. One reality show. Trevor Cross came into Reya Cabrera's world with a bang and faded out with a whimper. They vowed to make it work, but life had other plans. After chasing his TV dreams for years, Trev finally became the UK's next big reality star, but he alienated his family and friends in the process. Now he finally has everything he ever wanted. Women. Money. Fame. But none of it means anything when he doesn't have the one thing that matters most: love. Money leaves a gaping hole. Fame surrounds him with loneliness. And no woman makes him feel like Reya used to before the whirlwind of success pulled them apart. He has a plan to get her back. However, with a hectic filming schedule looming, the only way to do that is to convince her to come on the road with him. Reya has been stuck in a rut for a while, and the opportunity to travel across Europe and play her music for new audiences seems like heaven. The only catch? She has to do it with the one boy who ever got close enough to break her heart. But he's not a boy anymore, and as she gets to know him again she can't deny her respect for

the man he's become. Every time she's around him her heart feels full of air, like a balloon about to pop. Little does she know, Trev's feelings are just as tumultuous as hers. One thing's for sure, these three weeks on the road together will either make them whole again or break them irrevocably.

Mental Spaces in Grammar Barbara Dancygier, Eve Sweetser, 2005-07-07 Conditional constructions have long fascinated linguists, grammarians and philosophers. In this pioneering new study, Barbara Dancygier and Eve Sweetser offer a new descriptive framework for the study of conditionality, broadening the range of richly described conditional constructions. They explore theoretical issues such as the mental-space-building processes underlying conditional thinking and the form-meaning relationship involved in expressing conditionality. Using a broad range of attested English conditional constructions, the book examines inter-constructural relationships. Within the framework of Mental Spaces Theory, shared parameters of meaning are shown to be relevant to conditional constructions generally, as well as related temporal and causal constructions. This significant contribution to the field will be welcomed by a wide range of researchers in theoretical and cognitive linguistics.

Hollywood's West Peter C. Rollins, John E. O'Connor, 2005-11-11 American historians such as Frederick Jackson Turner have argued that the West has been the region that most clearly defines American democracy and the national ethos. Throughout the twentieth century, the frontier thesis influenced film and television producers who used the West as a backdrop for an array of dramatic explorations of America's history and the evolution of its culture and values. The common themes found in Westerns distinguish the genre as a quintessentially American form of dramatic art. In Hollywood's West, Peter C. Rollins, John E. O'Connor, and the nation's leading film scholars analyze popular conceptions of the frontier as a fundamental element of American history and culture. This

volume examines classic Western films and programs that span nearly a century, from Cimarron (1931) to Turner Network Television's recent made-for-TV movies. Many of the films discussed here are considered among the greatest cinematic landmarks of all time. The essays highlight the ways in which Westerns have both shaped and reflected the dominant social and political concerns of their respective eras. While Cimarron challenged audiences with an innovative, complex narrative, other Westerns of the early sound era such as *The Great Meadow* (1931) frequently presented nostalgic visions of a simpler frontier era as a temporary diversion from the hardships of the Great Depression. Westerns of the 1950s reveal the profound uncertainty cast by the cold war, whereas later Westerns display heightened violence and cynicism, products of a society marred by wars, assassinations, riots, and political scandals. The volume concludes with a comprehensive filmography and an informative bibliography of scholarly writings on the Western genre. This collection will prove useful to film scholars, historians, and both devoted and casual fans of the Western genre. *Hollywood's West* makes a significant contribution to the understanding of both the historic American frontier and its innumerable popular representations.

The Chiron Effect Lisa Tahir, 2020-10-20 A guide to using astrology to identify your core wounds and heal them using psychological techniques, affirmations, and self-compassion • Explains how the placement of Chiron in your birth chart identifies the core wounds and unconscious patterns that block empathy and self-forgiveness • Offers a descriptive chapter for each of the 12 zodiac sign placements for Chiron, revealing how Chiron affects you psychologically, emotionally, sexually, spiritually, socially, financially, and intellectually • Provides specific steps for each sign to shift self-destructive patterns as well as powerful affirmations infused with Reiki healing energy We all have experienced disappointment, sadness, rejection, or the loss of something meaningful in our lives. When you are wounded, innate animalistic instincts for self-protection kick in as a means for survival. These behavior patterns are a natural and necessary coping strategy, at first. But many dwell far too long in these patterns and separate themselves from their source of inner wisdom and intuition. Using astrology as a diagnostic tool, Lisa Tahir reveals how to use the astrological placement of the minor planet Chiron in your birth chart to identify the core wounds and unconscious patterns that block your capacity to have self-empathy and to forgive. Coining the phrase “Chiron Effect” to describe the magnetic pull that individuals have around specific areas of vulnerability, she explains how, like a raw nerve, the placement of Chiron describes what parts of our lives we might edit or hide for fear of being rejected as well as the areas of sensitivity where we are triggered. Offering a chart and online

links to allow you to determine Chiron's placement in your chart, the author explains how Chiron affects you psychologically, emotionally, sexually, spiritually, socially, financially, and intellectually depending on the sign and house it falls within. She outlines how to begin healing your core wounds through empathy and self-forgiveness, providing several steps for each sign placement to shift self-destructive patterns and learn to protect yourself as well as powerful affirmations infused with Reiki healing energy to help you anchor a new belief system. As Lisa Tahir reveals, once identified, your personal Chiron placement can become the source of your greatest healing and empowerment. By recognizing your core wounding and learning to offer yourself empathy and forgiveness, you can finally break free from suffering, end self-sabotage, and allow your life to unfold in a new way.
