Gender, Branding, and the Modern Music Industry Kristin J. Lieb,2013-02-11 Gender, Branding, and The Modern Music Industry combines interview data with music industry professionals with theoretical frameworks from sociology, mass communication, and marketing to explain and explore the gender differences female artists experience. This book provides a rare lens on the rigid packaging process that transforms female artists of various genres into female pop stars. Stars -- and the industry power brokers who make their fortunes -- have learned to prioritize sexual attractiveness over talent as they fight a crowded field for movie deals, magazine covers, and fashion lines, let alone record deals. This focus on the female pop star’s body as her core asset has resigned many women to being short term brands, positioned to earn as much money as possible before burning out or aging ungracefully. This book, which includes interview data from music industry insiders, explores the sociological forces that drive women into these tired representations, and the ramifications on the greater social world. This book is for Sociology of Media and Sociology of Popular Culture courses.

Love Poems from God Various,Daniel Ladinsky,2002-09-24 Sacred poetry from twelve mystics and saints, rendered brilliantly by Daniel Ladinsky, beloved interpreter of verses by the fourteenth-century Persian poet Hafiz One of 6 Books Oprah Loves to Give as Gifts During the Holidays “All kinds of beautiful poetry.” –Hoda Kotb In this luminous collection, Daniel Ladinsky—best known for his bestselling interpretations of the great Sufi poet Hafiz—brings together the timeless work of twelve of the world’s finest spiritual writers, six from the East and six from the West. Once again, Ladinsky reveals his talent for creating profound and playful renditions of classic poems for a modern audience. Rumi’s joyous, ecstatic love poems; St. Francis’s loving observations of nature through the eyes of Catholicism; Kabir’s wild, freeing humor that synthesizes Hindu, Muslim, and Christian beliefs; St. Teresa’s sensual verse; and the mystical, healing words of Sufi poet Hafiz—these along with inspiring works by Rabia, Meister Eckhart, St. Thomas Aquinas, Mira, St. Catherine of Siena, St. Teresa of Avila, St. John of the Cross, and Tukaram are all “love poems by God” from writers considered “conduits of the divine.” Together, they form a spiritual treasure to cherish always.

As Heard on TV: Popular Music in Advertising Dr Bethany Klein,2013-01-28 The use of popular music in advertising represents one of the most pervasive mergers of cultural and commercial objectives in the modern age. Steady public response to popular music in television commercials, ranging from the celebratory to the outraged, highlights both unresolved tensions around such partnerships and the need to unpack the complex issues behind everyday media practice. Through an analysis of press coverage and interviews with musicians, music supervisors, advertising creatives, and licensing managers, As Heard on TV considers the industrial changes that have provided a foundation for the increased use of popular music in advertising, and explores the critical issues and debates surrounding media alliances that blur cultural ambitions with commercial goals. The practice of licensing popular music for advertising revisits and continues a number of themes in cultural and media studies, among them the connection between authorship and ownership in popular music, the legitimization of advertising as art, industrial transformations in radio and music, the role of music in branding, and the restructuring of meaning that results from commercial exploitation of popular music. As Heard on TV addresses these topics by exploring cases involving artists from the Beatles to the Shins and various dominant corporations of the last half-century. As one example within a wider debate about the role of commerce in the production of culture, the use of popular music in advertising provides an entry point through which a range of practices can be understood and interrogated. This book attends to the relationship between popular culture and corporate power in its complicated variation: at times mutually beneficial and playfully suspicious of constructed boundaries, and at others conceived in strain and symbolic of the triumph of hypercommercialism.

What Is Not Yours Is Not Yours Helen Oyeyemi, 2016-03-08 Transcendent. —The New York Times Book Review Flawless. . . another masterpiece from an author who seems incapable of writing anything that's less than brilliant. —NPR From the award-winning author of *Boy, Snow, Bird* and *Peaces* comes an enchanting collection of intertwined stories. Playful, ambitious, and exquisitely imagined, *What Is Not Yours Is Not Yours* is cleverly built around the idea of keys, literal and metaphorical. The key to a house, the key to a heart, the key to a secret—Oyeyemi's keys not only unlock elements of her characters' lives, they promise further labyrinths on the other side. In "Books and Roses" one special key opens a library, a garden, and clues to at least two lovers' fates. In "Is Your Blood as Red as This?" an unlikely key opens the heart of a student at a puppeteering school. "'Sorry' Doesn't Sweeten Her Tea" involves a "house of locks," where doors can be closed only with a key—with surprising, unobservable developments. And in "If a Book Is Locked There's Probably a Good Reason for That Don't You Think," a key keeps a mystical diary locked (for good reason). Oyeyemi's tales span multiple times and landscapes as they tease boundaries between coexisting realities. Is a key a gate, a gift, or an invitation? *What Is Not Yours Is Not Yours* captivates as it explores the many possible answers.

SLAY Brittney Morris, 2019-09-24 "Gripping and timely." —People "The YA debut we're most excited for this year." —Entertainment Weekly "A book that knocks you off your feet while dropping the kind of knowledge that'll keep you down for the count. Prepare to BE slain." —Nic Stone, New York Times bestselling author of *Dear Martin* and *Odd One Out* Ready Player One meets *The Hate U Give* in this dynamite debut novel that follows a fierce teen game developer as she battles a real-life troll intent on ruining the Black Panther-inspired video game she created and the safe community it represents for Black gamers. By day, seventeen-year-old Kiera Johnson is an honors student, a math tutor, and one of the only Black kids at Jefferson Academy. But at home, she joins hundreds of thousands of Black gamers who duel worldwide as Nubian personas in the secret multiplayer online role-playing card game, *SLAY*. No one knows Kiera is the game developer, not her friends, her family, not even her boyfriend, Malcolm, who believes video games are partially responsible for the "downfall of the Black man." But when a teen in Kansas City is murdered over a dispute in the *SLAY* world, news of the game reaches mainstream media, and *SLAY* is labeled a racist, exclusionist, violent hub for thugs and criminals. Even worse, an anonymous troll infiltrates the game, threatening to sue Kiera for "anti-white discrimination." Driven to save the only world in which she can be herself, Kiera must preserve her secret identity and harness what it means to be unapologetically Black in a world intimidated by Blackness. But can she protect her game without losing herself in the process?

Style Nikolas Coupland, 2007-08-09 *Style* refers to ways of speaking - how speakers use the resource of language variation to make meaning in social encounters. This 2007 book develops a coherent theoretical approach to style in sociolinguistics, illustrated with copious examples. It explains how speakers project different social identities and create different social relationships through their style choices, and how speech-style and social context inter-relate. *Style* therefore refers to the wide range of strategic actions and performances that speakers engage in, to construct themselves and their social lives. Coupland draws on and integrates a wide variety of contemporary sociolinguistic research as well as his own extensive research in this field. The emphasis is on how social meanings are made locally, in specific relationships, genres, groups and cultures, and on studying language variation as part of the analysis of spoken discourse.

Love on the Brain Ali Hazelwood, 2022-08-23 An Instant New York Times Bestseller A #1 LibraryReads and Indie Next Pick! From the New York Times bestselling author of *The Love Hypothesis* comes a new STEMist rom-com in which a scientist is forced to work on a project with her nemesis—with explosive results. Like an avenging, purple-haired Jedi bringing balance to the mansplained universe, Bee Königswasser lives by a simple code: What would Marie Curie do? If NASA offered her the lead on a neuroengineering project—a literal dream come true after years scraping by on the crumbs of academia—Marie would accept without hesitation. Duh. But the mother of modern physics never had to co-lead with Levi Ward. Sure, Levi is attractive in a tall, dark, and piercing-eyes kind of way. And sure, he caught her in his powerfully corded arms like a romance novel hero when she accidentally damseled in distress on her first day in the lab. But Levi made his feelings toward Bee very clear in grad school—archenemies work best employed in their own galaxies far, far away. Now, her equipment is missing, the staff is ignoring her, and Bee finds her floundering career in somewhat of a pickle. Perhaps it's her occipital cortex playing tricks on her, but Bee could swear she can see Levi softening into an

ally, backing her plays, seconding her ideas...devouring her with those eyes. And the possibilities have all her neurons firing. But when it comes time to actually make a move and put her heart on the line, there’s only one question that matters: What will Bee Königswasser do?
