Imagining the Global Fabienne Darling-Wolf,2014-12-22 Based on a series of case studies of globally distributed media and their reception in different parts of the world, Imagining the Global reflects on what contemporary global culture can teach us about transnational cultural dynamics in the 21st century. A focused multisited cultural analysis that reflects on the symbiotic relationship between the local, the national, and the global, it also explores how individuals' consumption of global media shapes their imagination of both faraway places and their own local lives. Chosen for their continuing influence, historical relationships, and different geopolitical positions, the case sites of France, Japan, and the United States provide opportunities to move beyond common dichotomies between East and West, or United States and "the rest." From a theoretical point of view, Imagining the Global endeavors to answer the question of how one locale can help us understand another locale. Drawing from a wealth of primary sources-several years of fieldwork; extensive participant observation; more than 80 formal interviews with some 160 media consumers (and occasionally producers) in France, Japan, and the United States; and analyses of media in different languages-author Fabienne Darling-Wolf considers how global culture intersects with other significant identity factors, including gender, race, class, and geography. Imagining the Global investigates who gets to participate in and who gets excluded from global media representation, as well as how and why the distinction matters.

Édith Piaf David Looseley,2015-10-28 The world-famous French singer Édith Piaf (1915-63) was never just a singer. This book suggests new ways of understanding her, her myth and her meanings over time at home and abroad, by proposing the notion of an 'imagined' Piaf.

Musicophilia Oliver Sacks,2010-02-05 What goes on in human beings when they make or listen to music? What is it about music, what gives it such peculiar power over us, power delectable and beneficent for the most part, but also capable of uncontrollable and sometimes destructive force? Music has no concepts, it lacks images; it has no power of representation, it has no relation to the world. And yet it is evident in all of us-we tap our feet, we keep time, hum, sing, conduct music, mirror the melodic contours and feelings of what we hear in our movements and expressions. In this book, Oliver Sacks explores the power music wields over us-a power that sometimes we control and at other times don't. He explores, in his inimitable fashion, how it can provide access to otherwise unreachable emotional states, how it can revivify neurological avenues that have been frozen, evoke memories of earlier, lost events or states or bring those with neurological disorders back to a time when the world was much richer. This is a book that explores, like no other, the myriad dimensions of our experience of and with music.

Gender, Branding, and the Modern Music Industry Kristin J. Lieb,2013-02-11 Gender, Branding, and The Modern Music Industry combines interview data with music industry professionals with theoretical frameworks from sociology, mass communication, and marketing to explain and explore the gender differences female artists experience. This book provides a rare lens on the rigid packaging process that transforms female artists of

various genres into female pop stars. Stars -- and the industry power brokers who make their fortunes -- have learned to prioritize sexual attractiveness over talent as they fight a crowded field for movie deals, magazine covers, and fashion lines, let alone record deals. This focus on the female pop star's body as her core asset has resigned many women to being short term brands, positioned to earn as much money as possible before burning out or aging ungracefully. This book, which includes interview data from music industry insiders, explores the sociological forces that drive women into these tired representations, and the ramifications on the greater social world. This book is for Sociology of Media and Sociology of Popular Culture courses.

What Is Not Yours Is Not Yours Helen Oyeyemi, 2016-03-08 Transcendent. -The New York Times Book Review Flawless. . . another masterpiece from an author who seems incapable of writing anything that's less than brilliant. -NPR From the award-winning author of *Boy, Snow, Bird* and *Peaces* comes an enchanting collection of intertwined stories. Playful, ambitious, and exquisitely imagined, *What Is Not Yours Is Not Yours* is cleverly built around the idea of keys, literal and metaphorical. The key to a house, the key to a heart, the key to a secret—Oyeyemi's keys not only unlock elements of her characters' lives, they promise further labyrinths on the other side. In "Books and Roses" one special key opens a library, a garden, and clues to at least two lovers' fates. In "Is Your Blood as Red as This?" an unlikely key opens the heart of a student at a puppeteering school. "'Sorry' Doesn't Sweeten Her Tea" involves a "house of locks," where doors can be closed only with a key—with surprising, unobservable developments. And in "If a Book Is Locked There's Probably a Good Reason for That Don't You Think," a key keeps a mystical diary locked (for good reason). Oyeyemi's tales span multiple times and landscapes as they tease boundaries between coexisting realities. Is a key a gate, a gift, or an invitation? *What Is Not Yours Is Not Yours* captivates as it explores the many possible answers.

We Need New Names NoViolet Bulawayo, 2013-05-21 Finalist for the Booker Prize: the deeply felt and fiercely written story of a young girl's journey out of Zimbabwe and to America (New York Times Book Review), from the author of *Glory*. Darling is only ten years old, and yet she must navigate a fragile and violent world. In Zimbabwe, Darling and her friends steal guavas, try to get the baby out of young Chipo's belly, and grasp at memories of Before. Before their homes were destroyed by paramilitary policemen, before the school closed, before the fathers left for dangerous jobs abroad. But Darling has a chance to escape: she has an aunt in America. She travels to this new land in search of America's famous abundance only to find that her options as an immigrant are perilously few. NoViolet Bulawayo's debut calls to mind the great storytellers of displacement and arrival who have come before her – from Junot Diaz to Zadie Smith to J.M. Coetzee – while she tells a vivid, raw story all her own. Original, witty, and devastating. -People

As Heard on TV: Popular Music in Advertising Dr Bethany Klein, 2013-01-28 The use of popular music in advertising represents one of the most pervasive mergers of cultural and commercial objectives in the modern age. Steady public response to popular music in television commercials, ranging from the celebratory to the outraged, highlights both unresolved tensions around such partnerships and the need to unpack the complex issues behind everyday media practice. Through an analysis of press coverage and interviews with musicians, music supervisors, advertising creatives, and licensing managers, *As Heard on TV* considers the industrial changes that have provided a foundation for the increased use of popular music in advertising, and explores the critical issues and debates surrounding media alliances that blur cultural ambitions with commercial goals. The practice of licensing popular music for advertising revisits and continues a number of themes in cultural and media studies, among them the connection between authorship and ownership in popular music, the legitimization of advertising as art, industrial transformations in radio and music, the role of music in branding, and the restructuring of meaning that results from commercial exploitation of popular music. *As Heard on TV* addresses these topics by exploring cases involving artists from the Beatles to the Shins and various dominant corporations of the last half-century. As one example within a wider debate about the role of commerce in the production of culture, the use of popular music in advertising provides an entry point through which a range of practices can be understood and interrogated. This book attends to the relationship between popular culture and corporate power in its complicated variation: at times mutually beneficial and playfully suspicious of constructed boundaries, and at others conceived in strain and symbolic of the triumph of hypercommercialism.

The Song Machine: Inside the Hit Factory John Seabrook, 2015-10-05 An utterly satisfying examination of the business of popular music. -Nathaniel Rich, *The Atlantic* There's a reason today's ubiquitous pop hits are so hard to ignore—they're designed that way. *The Song Machine* goes behind the scenes to offer an insider's look at the global hit factories manufacturing the songs that have everyone hooked. Full of vivid, unexpected characters—alongside industry heavy-hitters like Katy Perry, Rihanna, Max Martin, and Ester Dean—this fascinating journey into the strange world of pop music reveals how a new approach to crafting smash hits is transforming marketing, technology, and even listeners' brains. You'll never think about music the same way again. A Wall Street Journal Best Business Book

Love for Sale David Hajdu, 2016-10-18 A personal, idiosyncratic history of popular music that also may well be definitive, from the revered music critic From the age of song sheets in the late nineteenth-century to the contemporary era of digital streaming, pop music has been our most influential laboratory for social and aesthetic experimentation, changing the world three minutes at a time. In *Love for Sale*, David Hajdu—one of the most respected critics and music historians of our time—draws on a lifetime of listening, playing, and writing about music to show how pop has done much more than peddle fantasies of love and sex to teenagers. From vaudeville singer Eva Tanguay, the "I Don't Care Girl" who upended Victorian conceptions of feminine propriety to become one of the biggest stars of her day to the scandal of Blondie playing disco at CBGB, Hajdu presents an incisive and

idiosyncratic history of a form that has repeatedly upset social and cultural expectations. Exhaustively researched and rich with fresh insights, Love for Sale is unbound by the usual tropes of pop music history. Hajdu, for instance, gives a star turn to Bessie Smith and the “blues queens” of the 1920s, who brought wildly transgressive sexuality to American audience decades before rock and roll. And there is Jimmie Rodgers, a former blackface minstrel performer, who created country music from the songs of rural white and blacks . . . entwined with the sound of the Swiss yodel. And then there are today’s practitioners of Electronic Dance Music, who Hajdu celebrates for carrying the pop revolution to heretofore unimaginable frontiers. At every turn, Hajdu surprises and challenges readers to think about our most familiar art in unexpected ways. Masterly and impassioned, authoritative and at times deeply personal, Love for Sale is a book of critical history informed by its writer's own unique history as a besotted fan and lifelong student of pop.
