

Portal Glados Papercraft

Lucy Painter

Papercrafts and Origami Lucy Painter,2004 A comprehensive collection of papercraft ideas, designs and techniques, with over 300 projects.

Papercraft ,2009

The Art of Papercraft Helen Hiebert,2022-02-15 Paper artist and teacher Helen Hiebert compiles a one-of-kind collection of 40 unique projects, each using just one sheet of paper. Combining decorative paper techniques like marbling, stamping, and stenciling with dimensional techniques like origami, cutting, folding, quilling, stretching, weaving, and pop-ups, *The Art of Papercraft* offers a rich variety of projects that will delight crafters, artists, and designers alike, including paper votive lights, pop-up cards, folded paper gift boxes and envelopes, woven paper wall hangings, miniature one-sheet books, and much more. Every project is beautifully photographed and accompanied by step-by-step visual instructions. Guidance on selecting tools, materials, and paper selection; in-depth technique instructions; and profiles of contributing paper artists make this a rich and practical celebration of papercraft.

Paper Art Diane V. Maurer-Mathison,1997 Provides

information on how to create papercrafts, including stenciling, printing, embossing, and offers tips and techniques

Papercraft Meryl Doney,2002 With paper and card and this book, readers can make all sorts of different craft items from many different cultures.

The Complete Book of Papercraft Cheryl Owen,1996

Half-Life Series ,

Death Count Stacie Ponder,2017-10-07 With humor, love, and a lot of cartoon violence, Death Count celebrates the victims, survivors, killers, and other random characters encountered in the long-running Friday the 13th film series.

Well Played 1.0 Drew Davidson,2009-01-01 Video games can be well played in two senses. On the one hand, well played is to games as well read is to books. On the other hand, well played as in well done. This book is full of in-depth close readings of video games that parse out the various meanings to be found in the experience of playing a game. 22 contributors (developers, scholars, reviewers and bloggers) look at video games through both senses of well played. The goal is to help develop and define a literacy of games as well as a sense of their value as an experience. Video games are a complex medium that merits

careful interpretation and insightful analysis

The Raven Tower Ann Leckie, 2019-02-26 SHORTLISTED FOR THE 2020 WORLD FANTASY AWARD Gods meddle in the fates of men, men play with the fates of gods, and a pretender must be cast down from the throne in this masterful first fantasy novel from Ann Leckie, New York Times bestselling author and winner of the Hugo, Nebula, and Arthur C. Clarke Awards. Absolutely wonderful. . .utterly brilliant. -- The New York Times Book Review For centuries, the kingdom of Iraden has been protected by the god known as the Raven. He watches over his territory from atop a tower in the powerful port of Vastai. His will is enacted through the Raven's Lease, a human ruler chosen by the god himself. His magic is sustained by the blood sacrifice that every Lease must offer. And under the Raven's watch, the city flourishes. But the Raven's tower holds a secret. Its foundations conceal a dark history that has been waiting to reveal itself. . .and to set in motion a chain of events that could destroy Iraden forever. It's a delight to read something so different, so wonderful and strange. -- Patrick Rothfuss For more Ann Leckie, check out: *Ancillary Justice* *Ancillary Sword* *Ancillary Mercy* *Provenance*

Winter's Orbit Everina Maxwell, 2021-02-02 A Sunday Times

Bestseller! A 2022 Alex Award Winner! “Sparks fly” (NPR) in Everina Maxwell’s gut-wrenching and romantic space opera debut. Prince Kiem, a famously disappointing minor royal and the Emperor's least favorite grandchild, has been called upon to be useful for once. He's commanded to fulfill an obligation of marriage to the representative of the Empire's newest and most rebellious vassal planet. His future husband, Count Jainan, is a widower and murder suspect. Neither wants to be wed, but with a conspiracy unfolding around them and the fate of the empire at stake they will have to navigate the thorns and barbs of court intrigue, the machinations of war, and the long shadows of Jainan's past, and they'll have to do it together. So begins a legendary love story amid the stars. Like Ancillary Justice meets Red, White and Royal Blue, Winter’s Orbit is perfect for fans of Lois McMaster Bujold. “High-pitched noises escaped me; I shouted, more than once, 'Now kiss!' ... in a world so relentlessly uncertain, there’s a powerfully simple pleasure in the experience of a promise kept.” —The New York Times Book Review At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Nature Transformed Kathleen M. Morris, 2021 A beautifully

illustrated, concise critical analysis of the art, careers, and reception of the husband-wife team of artists known as Les Lalanne François-Xavier (1927-2008) and Claude (1925-2019) Lalanne were a husband-wife team of artists who created inventive and often surprising works that have been widely admired and collected since the 1960s. This book presents a carefully selected group of sculptures that focus on a shared preoccupation of the artists: the transformation of natural forms to serve new purposes, such as François-Xavier's giant grasshopper sculpture that opens into a bar and Claude's bench made of galvanized metal branches and vines such that it remains as much a forest as a place to sit. Critical analysis explores the full breadth of the artists' careers; considers the complex issues of reception and categorization of their work; and prompts a reevaluation of the place their art occupies in the context of art museums, all while encouraging readers to consider relationships among nature, art, and their own encounters with both. Distributed for the Clark Art Institute

Exhibition Schedule: Clark Art Institute, Williamstown, MA (May 8-October 31, 2021)

Ancillary Mercy Ann Leckie, 2015-10-06 Breq and her crew must stand against an old and powerful enemy and fight for their

own destinies in the stunning conclusion to the New York Times bestselling trilogy. A must read for fans of Ursula K. Le Guin and James S. A. Corey. For a moment, things seemed to be under control for Breq, the soldier who used to be a warship. Then a search of Athoek Station's slums turns up someone who shouldn't exist, and a messenger from the mysterious Presger empire arrives, as does Breq's enemy, the divided and quite possibly insane Anaander Mianaai -- ruler of an empire at war with itself. Breq refuses to flee with her ship and crew, because that would leave the people of Athoek in terrible danger. The odds aren't good, but that's never stopped her before. There are few who write science fiction like Ann Leckie can. There are few who ever could.

-- John Scalzi

Ancillary Sword Ann Leckie, 2014-10-07 Seeking atonement for past crimes, Breq takes on a mission as captain of a troublesome new crew of Radchai soldiers, in the sequel to the New York Times bestselling, award-winning *Ancillary Justice*. Breq is a soldier who used to be a warship. Once a weapon of conquest controlling thousands of minds, now she has only a single body and serves the emperor. With a new ship and a troublesome crew, Breq is ordered to go to the only place in the galaxy she would agree to

go: to Athoek Station to protect the family of a lieutenant she once knew -- a lieutenant she murdered in cold blood. Ann Leckie's Imperial Radch trilogy has become one of the new classics of science fiction. Beautifully written and forward thinking, it does what good science fiction does best, taking readers to bold new worlds with plenty explosions along the way.

Provenance Ann Leckie,2017-09-26 An ambitious young woman has just one chance to secure her future and reclaim her family's priceless lost artifacts in this stand-alone novel set in the world of the award-winning, New York Times bestselling Imperial Radch trilogy. Though she knows her brother holds her mother's favor, Ingrid is determined to at least be considered as heir to the family name. She hatches an audacious plan -- free a thief from a prison planet from which no one has ever returned, and use them to help steal back a priceless artifact. But Ingray and her charge return to her home to find their planet in political turmoil, at the heart of an escalating interstellar conflict. Together, they must make a new plan to salvage Ingray's future and her world, before they are lost to her for good.

The Dragon Round Stephen S. Power,2016-07-19 For fans of Scott Lynch and Naomi Novik comes a high fantasy epic that

blends swashbuckling adventure with a dark tale of vengeance-- when a ship captain is stranded on a deserted island by his mutinous crew, he finds a rare dragon egg that just might be the key to his salvation and his revenge. He only wanted justice. Instead he got revenge. Jeryon has been the captain of the Comber for over a decade. He knows the rules. He follows the rules. He likes the rules. But not everyone on his ship agrees. When a monstrous dragon attacks the Comber, his surviving crew, vengeful and battle-worn, decide to take the ship for themselves and give Jeryon and his self-righteous apothecary "the captain's chance:" a small boat with no rudder, no sails, and nothing but the shirts on their backs to survive. Marooned and fighting for their lives against the elements, Jeryon and his companion discover that the island they've landed on isn't quite as deserted as they originally thought. They find a rare baby dragon that, if trained, just might be their ticket off the island. But as Jeryon and the dragon grow closer, he begins to realize that even if he makes it off the island, his life will never be the same again. In order for justice to be served, he'll have to take it for himself.

Half-life 2 Valve (Firm),David Hodgson,2004 *Unprecedented access behindHalf-LifeandHalf-Life 2 *A forward by Valve founder

Gabe Newell *Hundreds of art, design, preproduction, and other art pieces crammed into the book *Over a dozen key members of Valve's staff interviewed *Officially approved by Valve *Behind City 17 and other locations *The development of the Source engine *A rogue's gallery of beasts, characters, and monstrosities *Key weapons development revelations *A tour of many of the game's locations, from inception to completion *Filled with art, screens, and anecdotes from the Valve team

Secret of the Spirits Faith Landfair, 2022-02-28 *Secret of the Spirits* is the first book in the series *Legends of Arcenti*. In a land plagued by the dark spirit, Boreas had always stayed put in the Golden Forest. But when a stranger arrives claiming that the dark spirit is growing more powerful, he knows he has to help if he wants to protect his family. Even if it meant teaming up with an elf, something the entire population of griffins feared. Boreas and his team of unlikely allies must travel across Arcenti in search of the other spirits. They are the only ones who can stop the darkness from spreading. If they don't find the spirits, and fast, their world could come to an end.
