Christopher Reid

*DC Super Heroes Origami* John Montroll, 2015 What happens when you combine Batman, Superman, Wonder Woman, and the Justice League with the art of origami? You get the most incredible collection of paper-folding projects ever assembled. These 45 models, meticulously designed by internationally renowned origami master John Montroll, are guaranteed to amaze. With clear, step-by-step diagrams and instructions, simple squares of paper transform into Batarangs, S-Shields, Invisible Jets, Green Lanterns, and so much more. Also included in the back of the book are 96 sheets of specially illustrated folding papers to make your DC creations truly come to life. When you fold these models, your friends will believe you're the one with super powers.

**Paper Blooms** Jeffery Rudell, 2013 Make a garden of paper flowers bloom with more than 25 sophisticated patterns designed by Jeffery Rudell, whose work has appeared everywhere from Tiffany & Co. to Good Housekeeping magazine. Just follow the gorgeous step-by-step photos and simply cut, fold, and crumple to create extraordinary blossoms, which feature a variety of papers. Pretty and modern, these easy-to-do projects make great centerpieces, garlands, card decorations, and more.

Paris, I Love You but You're Bringing Me Down Rosecrans Baldwin, 2012-04-24 A self-described Francophile from when he was little, Rosecrans Baldwin always dreamed of living in Paris—drinking le café, eating les croissants, walking in les jardins—so when an opportunity presented itself to work for an advertising agency in Paris, he couldn't turn it down. Despite the fact that he had no experience in advertising. And despite the fact that he barely spoke French. After an unimaginable amount of red tape and bureaucracy, Rosecrans and his wife packed up their Brooklyn apartment and left the Big Apple for the City of Light. But when they arrived, things were not exactly what Rosecrans remembered from a family vacation when he was nine years old. *Paris, I Love You but You're Bringing Me Down* is a nimble comic account of observing the French capital from the inside out. It is an exploration of the Paris of Sarkozy, text-message romances, smoking bans, and a McDonald's beneath the Louvre—the story of an American who arrives loving Paris all out of proportion, but finds life there to be completely unlike what he expected. Over eighteen months, Rosecrans must rely on his dogged American optimism to get him through some very unromantic situations—at work (writing booklets on how to breast-feed, raise, and nurture children), at home (trying to finish writing his first novel in an apartment surrounded on all sides by construction workers), and at every confusing French dinner party in between. An offbeat update to the expat canon, *Paris, I Love You* is a book about a young man finding his preconceptions replaced by the oddities of a vigorous, nervy city—which is just what he needs to fall in love with Paris for the second time.

**Energiya-Buran** Bart Hendrickx, Bert Vis, 2007-12-05 This absorbing book describes the long development of the Soviet space shuttle system, its infrastructure and the space agency's plans to follow up the first historic unmanned mission. The book includes comparisons with the American shuttle system and offers accounts of the Soviet test pilots chosen for training to fly the system, and the operational, political and engineering problems that finally sealed the fate of Buran and ultimately of NASA's Shuttle fleet.

Starfinder RPG: Tech Revolution Paizo Publishing, 2021-09-07 Command the galaxy's cutting-edge technologies so sophisticated that they rival magic itself! Outfit yourself with the latest and greatest new weapons, armor, and other gear, from high-power explosives to alien relics that surpass conventional science. Or incorporate technologies directly into yourself, whether you're installing advanced cybernetic augmentations or playing Starfinder's newest class: the nanocyte, whose body hosts an army of robotic nanites that obey her commands! Outpace the speediest threats by customizing your own space-age vehicles, and overcome even the toughest foes by piloting powerful battle robots using the all-new mech combat system! Seize the future with additional options for every class and articles exploring every aspect of science-fantasy tech from advertising and music to virtual intelligences and security systems. Join in the Starfinder Tech Revolution!

E-business and E-commerce Management Dave Chaffey,2007 Aimed at students, this work covers various aspects of e-business - focusing on sales and marketing, as well as detailing procurement, supply chains, and the legal and security considerations. It contains a range of features to help you learn effectively including margin definitions, international case studies, activities and web links.

**Sisters** Alice Lieu,Doris Lieu,2021-07-20 Tell your sister how you really feel! A sister is... A sidekick. An accomplice. A sometime nemesis. And your teammate for life, there to give you peace of mind and believe in you unconditionally (even when you don't). Sisters: Better Together is the perfect tribute one sister can give to another to say how much she appreciates her. A gift of humor, camaraderie, and love, Sisters is written (of course!) by a sister duo, Alice and Doris Lieu, who bring all of the bright, bold artwork, funny and engaging text, and attitude of their ILOOTPAPERIE paper products to the idea of sisterhood. And they come at it from all different directions, from Sister Movies We Love, to Famous Sisters, to Things Only a Sister Can Know, to quotes: "For there is no friend like a sister in calm or stormy weather." —Christina Rossetti

**The Vertical Plane** Ken Webster,2022-02 The Vertical Plane: The Mystery of the Dodleston Messages: A unique supernatural detective story.  
Anarchist's Tool Chest Christopher Schwarz,2011

*My Launch Planner* Mike Loomis,2018-01-20 There's nothing secret or mysterious about a successful book launch (or a podcast or product launch). It's simply calendar-focused attention to your goals. Launching your book, podcast or product doesn't have to be confusing or overwhelming. Mike breaks down the process and makes it easy to succeed. - Jared Easley, Author and Founder of PodcastMovement: [www.PodcastMovement.com](http://www.PodcastMovement.com) I developed this strategy with books, but have also had success in launching podcasts, online courses, and other products. This planner is concise and packed with practical tips. - How to clarify your true goals - Make sure you have the right brand foundation - How to ask for (and receive) endorsements from influencers - Templates for emails to your launch team I didn't invent the concept of a book launch, but want clients to succeed based on what I've learned. I have been a part of many book, brand, product, podcast, and brand launches-and led several for my clients. I've helped launch two successful New York Times bestseller campaigns, and every Amazon campaign I've led resulted in at least one #1 rank. If this planner helps you gain just one big endorsement, it's worth it. If this helps you sell three more books, your investment in this resource will double. But I'm a writer, not a marketer. And I hate doing sales! That's exactly why you need a proven strategy, and detailed plan. Most writers are not great marketers, but that does not mean they can't follow a plan, add their own personality, and enjoy reaching more people with their words. (By the way, telling your story is the essence of marketing, and introducing people to something that will improve their lives is the essence of sales.) What if I already released my book? There's a big difference between a release and a launch. The good news is, you can launch, or re-launch, your book any time.

Papertoy Monsters Brian Castleforte,2010-12-29 A breakthrough paper-folding book for kids—paper airplanes meet Origami meets Pokemon. Papertoys, the Internet phenomenon that's hot among graphic designers and illustrators around the world, now comes to kids in the coolest new book. Created and curated by Brian Castleforte, a graphic designer and papertoy pioneer who rounded up 25 of the hottest papertoy designers from around the world (Indonesia, Japan, Australia, Italy, Croatia, Chile, even Jackson, Tennessee), Papertoy Monsters offers 50 fiendishly original die-cut designs that are ready to pop out, fold, and glue. The book interleaves card stock with paper stock for a unique craft package; the graphics are colorful and hip, combining the edginess of anime with the goofy fun of Uglydolls and other collectibles. Plus each character comes with its own back-story. And the results are delicious: meet Pharaoh Thoth Amon, who once ruled Egypt but is now a mummy who practices dark magic in his sarcophagus. Or Zumbie the Zombie, who loves nothing more than a nice plate of brains and yams. NotSoScary, a little monster so useless at frightening people that he has to wear a scary mask. Yucky Chuck, the lunchbox creature born in the deepest depths of your school bag. Plus Zeke, the monster under your bed, Nom Nom, eater of cities, and Grumpy Gramps, the hairy grandpa monster with his very own moustache collection.

**Face Recognition Across the Imaging Spectrum** Thirimachos Bourlai, 2016-02-12 This authoritative text/reference presents a comprehensive review of algorithms and techniques for face recognition (FR), with an emphasis on systems that can be reliably used in operational environments. Insights are provided by an international team of pre-eminent experts into the processing of multispectral and hyperspectral face images captured under uncontrolled environments. These discussions cover a variety of imaging sensors ranging from state-of-the-art visible and infrared imaging sensors, to RGB-D and mobile phone image sensors. A range of different biometric modalities are also examined, including face, periocular and iris. This timely volume is a mine of useful information for researchers, practitioners and students involved in image processing, computer vision, biometrics and security.

**Slöjd in Wood** Jögge Sundqvist, 2018-03-03

**In the Echoey Tunnel** Christopher Reid, 1991 Christopher Reid always startles and delights readers of discernment. He has, too, always broken new ground, as evidenced here by two long poems, both concerned with the coaxing of eloquence from difficult circumstances. The first recounts, in accomplished argot, the quirky memories of an old man in his hundredth year. The second celebrates the recovery from a dangerous illness of his wife - broken fragments that sing themselves into wholeness.

**Make Space** Scott Doorley, Scott Witthoft, Hasso Plattner Institute of Design at Stanford University, 2012-01-03 If you are determined to encourage creativity and provide a collaborative environment that will bring out the best in people, you will want this book by your side at all times. —Bill Moggridge, Director of the Smithsonian's Cooper-Hewitt National Design Museum Make Space is an articulate account about the importance of space; how we think about it, build it and thrive in it. —James P. Hackett, President and CEO, Steelcase An inspiring guidebook filled with ways to alter space to fuel creative work and foster collaboration. Based on the work at the Stanford University d.school and its Environments Collaborative Initiative, Make Space is a tool that shows how space can be intentionally manipulated to ignite creativity. Appropriate for designers charged with creating new spaces or anyone interested in revamping an existing space, this guide offers novel and non-obvious strategies for changing surroundings specifically to enhance the ways in which teams and individuals communicate, work, play--and innovate. Inside are: Tools--tips on how to build everything from furniture, to wall treatments, and rigging Situations--scenarios, and layouts for sparking creative activities Insights--bite-sized lessons designed to shortcut your learning curve Space Studies--candid stories with lessons on creating spaces for making, learning, imagining, and connecting Design Template--a framework for understanding, planning, and building collaborative environments Make Space is a new and dynamic resource for activating creativity, communication and innovation across institutions, corporations, teams, and schools alike. Filled with tips and instructions that can be approached from a wide variety of angles, Make Space is a ready resource for empowering anyone to take control of an environment.

**Curated Decay** Caitlin DeSilvey, 2017-02-14 Transporting readers from derelict homesteads to imperiled harbors, postindustrial ruins to Cold War test sites, Curated Decay presents an unparalleled provocation to conventional thinking on the conservation of cultural heritage. Caitlin DeSilvey proposes rethinking the care of certain vulnerable sites in terms of ecology and entropy, and explains how we must adopt an ethical stance that allows us to collaborate with—rather than defend against—natural processes. Curated Decay chronicles DeSilvey's travels to places where experiments in curated ruination and creative collapse are under way, or under consideration. It uses case studies from the United States, Europe, and elsewhere to explore how objects and structures produce meaning not only in their preservation and persistence, but also in their decay and disintegration. Through accessible and engaging discussion of specific places and their stories, it traces how cultural memory is generated in encounters with ephemeral artifacts and architectures. An interdisciplinary reframing of the concept of the ruin that combines historical and philosophical depth with attentive storytelling, Curated Decay represents the first attempt to apply new theories of materiality and ecology to the concerns of critical heritage studies.

*We Are Paper Toys: Print-Cut-Fold-Glue-Fun* Louis Bou,2010-06-15 We Are Paper Toys! presents thirty-two of the finest paper toy designers in the world. Each artist gives us a glimpse of their world and explains their passion for paper toys through a personal interview. The book includes a CD with PDF templates of some of the paper toys showcased in this book. They are ready to be printed, cut, and pasted so you can have these small works of art in your own home. It's never too soon to start cutting, folding, pasting, and above all, having fun!

**Art, Inc.** Lisa Congdon,2014-08-12 You don't have to starve to be an artist. Build a career doing what you love. In this practical guide book, professional artist Lisa Congdon reveals the many ways you can earn a living by making art—through illustration, licensing, fine art sales, print sales, teaching, and beyond. • Including industry advice from such successful art-world pros as Nikki McClure, Mark Hearld, Paula Scher, and more • This art and business book will equip you with the tools—and the confidence—to turn your passion into a profitable business. • Chapters on setting actionable goals, diversifying your income, copyrighting your work, promoting with social media, and so much more A thoughtful gift for young artists, people interesting in making their passion a profession, and art and design school graduates. Lisa Congdon's bestselling books, online classes, and Instagram feed (beloved by 375,000+ fans) have inspired so many people to follow their creative passions. In this book Condon does what she does best—bring bold and colorful flair to smart, creative, down-to-earth advice and inspiration.

**Women and Information Technology** J. McGrath Cohoon,William Aspray,2006 Experts investigate the reasons for low female participation in computing and suggest strategies for moving toward parity through studies of middle and high school girls, female students and postsecondary computer science programs, and women in the information technology workforce.

**Yamakowa** Tara a Devlin,2021-10-04 Who will make it out alive?A manor of cursed dolls that summons victims to their untimely deaths. A waterfall with a dark, terrifying secret none can escape from. A station lost to time, guarded by those who can't give up. An abandoned shrine with a horrifying, long lost secret. What ties them all together? What is the shocking truth behind this once sacred mountain, now but a shell of its former self? A mountain that may be ready to erupt once more... Yamakowa: The Haunting of Mount Yami delves into 10 horrifying tales surrounding a sacred mountain in Japan destroyed by an unexpected disaster decades ago. Taking inspiration from existing urban legends, ghost stories, and creepypastas, each location has its own history, and each visitor their own story to tell. Who will survive their stay? Will any make it out to the other end intact? Click that buy now button right now to find out!
