**Yes Rasta** ,2000 Essay by Perry Henzell A look into the secluded world of Rastafarians, a culture and religion closed to outsiders. With these bold portraits and landscapes, Cariou indelibly captures the strict, separatist, jungle-dwelling, fruit-of-the-land lifestyle, popularised by reggae legends Bob Marley and Peter Tosh. The book's release follows that of a collaborative reggae CD. With 105 tritone photos. **Writing and Renunciation in Medieval Japan** Rajyashree Pandey,2021-01-19 This is the first monograph-length study in English of Kamo no Chomei, one of the most important literary figures of medieval Japan. Drawing upon a wide range of writings in a variety of genres from the Heian and Kamakura periods, Pandey focuses on the terms kyogen kigo (wild words and fancy phrases), shoji soku nehan (samsara is nirvana), hoben (expedient means), and suki (single-minded devotion to an art). She shows how these terms deployed by writers in an attempt to reconcile literary and artistic activities with a commitment to Buddhism. By locating Chomei within this broad context, the book offers an original reading of his texts, while at the same time casting a light upon intellectual

preoccupations that were central to the times. *Writing and Renunciation in Medieval Japan* is an important contribution to a growing body of work that challenges the rigid distinction between the religious and literary—a distinction that would have made little sense to medieval writers, many of whom were poets as well as priests—and sheds light on the particular ways in which a religio-aesthetic tradition came to be articulated in medieval Japan. Through an examination of records left by Chomei's contemporaries, the book also traces the life of Chomei, particularly his activities as a court poet and the circumstances that led to his taking the tonsure.

**The Art Lesson** Tomie dePaola, 2001-12-21 Tommy knows he wants to be an artist when he grows up. He can't wait to get to school and have real art lessons. When Tommy gets to school and finds out that the art lessons are full of rules, he is surprised and dismayed. How the wise art teacher finds a way to give Tommy the freedom to create and stay within the rules makes a wonderfully perceptive picture book about growing up and keeping one's individuality. Tomie dePaola is the author and illustrator of many beloved books for children, including the Caldecott Honor Book *Strega Nona*. Fans of all ages will be pleased to hear that *The Art Lesson* is, in fact, based on the artist's own experiences growing up, and offers a welcome glimpse into his past. This bright picture book is as covered with drawings as the walls of Tommy's parents' and grandparents' houses, and sends an inspirational message to budding artists and individualists. Break out the crayons!

*Protest Paintings* Richard Prince, 2014-06-01 Together for the first time in a comprehensive exhibition, Skarstedt is delighted to present Richard Prince: *Protest Paintings* (1989 - 1994), the artist's sixth solo exhibition at the gallery. Devoted solely to this exceptional body of work and including paintings from across the entire series, the detailed catalogue of the *Protest Paintings* was published to accompany the exhibition. Featuring paintings from public and private collections, the

exhibition demonstrates the breadth of Prince's creativity in this singular body of work. The range of paintings on show includes monochrome canvases with printed and handwritten jokes, patterned canvases with block text and brightly coloured abstract compositions overlaid with graffiti and drip marks. Rising to prominence in the 1980s, Richard Prince is a celebrated pioneer of a critical approach to art making. Appropriating images and text from advertising and popular culture, his photographs, sculptures and paintings explore ideas of American identity and consumerism, whilst simultaneously challenging ideas of authorship and the privileged status of the unique artwork. Prince has been the subject of solo exhibitions at leading institutions worldwide, including Serpentine Gallery, London; Solomon R. Guggenheim Museum, New York; Whitney Museum of American Art, New York; and IVAM, Valencia amongst others.

**The Case for Marriage** Linda Waite,Maggie Gallagher,2002-03-05 A groundbreaking look at marriage, one of the most basic and universal of all human institutions, which reveals the emotional, physical, economic, and sexual benefits that marriage brings to individuals and society as a whole. The Case for Marriage is a critically important intervention in the national debate about the future of family. Based on the authoritative research of family sociologist Linda J. Waite, journalist Maggie Gallagher, and a number of other scholars, this book's findings dramatically contradict the anti-marriage myths that have become the common sense of most Americans. Today a broad consensus

holds that marriage is a bad deal for women, that divorce is better for children when parents are unhappy, and that marriage is essentially a private choice, not a public institution. Waite and Gallagher flatly contradict these assumptions, arguing instead that by a broad range of indices, marriage is actually better for you than being single or divorced- physically, materially, and spiritually. They contend that married people live longer, have better health, earn more money, accumulate more wealth, feel more fulfillment in their lives, enjoy more satisfying sexual relationships, and have happier and more successful children than those who remain single, cohabit, or get divorced. The Case for Marriage combines clearheaded analysis, penetrating cultural criticism, and practical advice for strengthening the institution of marriage, and provides clear, essential guidelines for reestablishing marriage as the foundation for a healthy and happy society. "A compelling defense of a sacred union. The Case for Marriage is well written and well argued, empirically rigorous and learned, practical and commonsensical." -- William J. Bennett, author of The Book of Virtues "Makes the absolutely critical point that marriage has been misrepresented and misunderstood." -- The Wall Street Journal [www.broadwaybooks.com](http://www.broadwaybooks.com)

*Oil in the Sea III* National Research Council, Transportation Research Board, Division on Earth and Life Studies, Marine Board, Ocean Studies Board, Committee on Oil in the Sea: Inputs, Fates, and Effects, 2003-03-14 Since the early 1970s, experts have recognized that petroleum pollutants were being discharged in marine waters worldwide, from oil spills, vessel operations, and land-based sources. Public attention to oil spills has forced improvements. Still, a considerable amount of oil is discharged yearly into sensitive coastal environments. *Oil in the Sea* provides the best available estimate of oil pollutant discharge into marine waters, including an evaluation of the methods for assessing petroleum load and a discussion about the concerns these loads represent. Featuring close-

up looks at the Exxon Valdez spill and other notable events, the book identifies important research questions and makes recommendations for better analysis of—and more effective measures against—pollutant discharge. The book discusses: Input—where the discharges come from, including the role of two-stroke engines used on recreational craft. Behavior or fate—how oil is affected by processes such as evaporation as it moves through the marine environment. Effects—what we know about the effects of petroleum hydrocarbons on marine organisms and ecosystems. Providing a needed update on a problem of international importance, this book will be of interest to energy policy makers, industry officials and managers, engineers and researchers, and advocates for the marine environment.

**Japanese Demon Lore** Noriko T. Reider, 2010-09-30 Oni, ubiquitous supernatural figures in Japanese literature, lore, art, and religion, usually appear as demons or ogres. Characteristically threatening, monstrous creatures with ugly features and fearful habits, including cannibalism, they also can be harbingers of prosperity, beautiful and sexual, and especially in modern contexts, even cute and lovable. There has been much ambiguity in their character and identity over their long history. Usually male, their female manifestations convey distinctively gendered social and cultural meanings. Oni appear frequently in various arts and media, from Noh theater and picture scrolls to modern fiction and political propaganda. They remain common figures in popular Japanese anime, manga, and film and are becoming embedded in American and international popular culture through such media. Noriko Reider's book is the first in English devoted to oni. Reider fully examines their

cultural history, multifaceted roles, and complex significance as others to the Japanese.

### **Prince Square Maki Paper Toy Introduction**

In today's digital age, the availability of Prince Square Maki Paper Toy books and manuals for download has revolutionized the way we access information. Gone are the days of physically

flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Prince Square Maki Paper Toy books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Prince Square Maki Paper Toy books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Prince Square Maki Paper Toy versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Prince Square Maki Paper Toy books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can

access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Prince Square Maki Paper Toy books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are

primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Prince Square Maki Paper Toy books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT

OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Prince Square Maki Paper Toy books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Prince Square Maki Paper Toy books and manuals for download and embark on your journey of knowledge?
