Paper Mario; The Origami King Guide Annie Wills,2020-08-12 The Paper Mario series was literally a game changer when it initially came out way back on Nintendo 64. It was so different from the Mario games that came before it, because the roleplaying game feature that was added made me think about one of the SNES games I loved playing. Paper Mario was my go to game when it initially came out and I'm still playing it till this day. All the titles present in the series are exciting and really interesting. Ensure you pay attention to the storyline because it's a funny one and you will also discover new and exciting things.
