Jeffrey K. Liker

Writing Your Journal Article in Twelve Weeks

Wendy Laura Belcher, 2009-01-20 This book provides you with all the tools you need to write an excellent academic article and get it published.

Architects of Buddhist Leisure Justin Thomas McDaniel, 2018-04-30 Buddhism, often described as an austere religion that condemns desire, promotes denial, and idealizes the contemplative life, actually has a thriving leisure culture in Asia. Creative religious improvisations designed by Buddhists have been produced both within and outside of monasteries across the region—in Nepal, Japan, Korea, Macau, Hong Kong, Singapore, Laos, Thailand, and Vietnam. Justin McDaniel looks at the growth of Asia's culture of Buddhist leisure—what he calls “socially disengaged Buddhism”—through a study of architects responsible for monuments, museums, amusement parks, and other sites. In conversation with noted theorists of material and visual culture and anthropologists of art, McDaniel argues that such sites highlight the importance of public, leisure, and spectacle culture from a Buddhist perspective and illustrate how “secular” and “religious,” “public” and “private,” are in many ways false binaries. Moreover, places like Lek Wiriyaphan's Sanctuary of Truth in Thailand, Suối Tiên Amusement Park in Saigon, and Shi Fa Zhao's multilevel museum/ritual space/tea house in Singapore reflect a growing Buddhist ecumenism built through repetitive affective encounters instead of didactic sermons and sectarian developments. They present different Buddhist

traditions, images, and aesthetic expressions as united but not uniform, collected but not concise: Together they form a gathering, not a movement. Despite the ingenuity of lay and ordained visionaries like Wiriyaphan and Zhao and their colleagues Kenzo Tange, Chan-soo Park, Tadao Ando, and others discussed in this book, creators of Buddhist leisure sites often face problems along the way. Parks and museums are complex adaptive systems that are changed and influenced by budgets, available materials, local and global economic conditions, and visitors. Architects must often compromise and settle at local optima, and no matter what they intend, their buildings will develop lives of their own. Provocative and theoretically innovative, *Architects of Buddhist Leisure* asks readers to question the very category of "religious" architecture. It challenges current methodological approaches in religious studies and speaks to a broad audience interested in modern art, architecture, religion, anthropology, and material culture.

The Toyota Way Jeffrey K. Liker, 2003-12-22 How to speed up business processes, improve quality, and cut costs in any industry In factories around the world, Toyota consistently makes the highest-quality cars with the fewest defects of any competing manufacturer, while using fewer man-hours, less on-hand inventory, and half the floor space of its competitors. *The Toyota Way* is the first book for a general audience that explains the management principles and business philosophy behind Toyota's worldwide reputation for quality and reliability. Complete with profiles of

organizations that have successfully adopted Toyota's principles, this book shows managers in every industry how to improve business processes by: Eliminating wasted time and resources Building quality into workplace systems Finding low-cost but reliable alternatives to expensive new technology Producing in small quantities Turning every employee into a qualitycontrol inspector

Crowning the Nice Girl Christine R.

Yano, 2006-06-30 After World War II, Japanese Americans in Hawai'i sought to carve a positive niche of public citizenship in the community. In 1953 members of the Honolulu Japanese Junior Chamber of Commerce and their wives created a beauty contest, the Cherry Blossom Festival (CBF) Queen Pageant, which quickly became an annual spectacle for the growing urban population of Honolulu. *Crowning the Nice Girl* analyzes the pageant through its decades of development to the present within multiple frameworks of gender, class, and race/ethnicity. Drawing on extensive archival research; interviews with CBF queens, contestants, and organizers; and participant observation in the Fiftieth Annual Festival as a volunteer, Christine Yano paints a complex portrait of not only a beauty pageant, but also a community. The study begins with the subject of beauty pageants in general and Asian American beauty pageants in particular, interrogating the issues they raise, embedding them within their histories, and examining them as part of a global culture that has taken its model from the Miss America contest. Yano follows the pageant throughout the decades into the 1990s, adding

corresponding herstories—extensive narratives drawn from interviews with CBF queens. She concludes by framing issues of race, ethnicity, spectacle, and community within the intertwined themes of niceness and banality.

Millennial Monsters Anne Allison, 2006-06-30

Millennial Monsters explores the global popularity of Japanese consumer culture--including manga (comic books), anime (animation), video games, and toys--and questions the make-up of fantasies and capitalism that have spurred the industry's growth.

Japanese Demon Lore Noriko T. Reider, 2010-09-30

Oni, ubiquitous supernatural figures in Japanese literature, lore, art, and religion, usually appear as demons or ogres. Characteristically threatening, monstrous creatures with ugly features and fearful habits, including cannibalism, they also can be harbingers of prosperity, beautiful and sexual, and especially in modern contexts, even cute and lovable. There has been much ambiguity in their character and identity over their long history. Usually male, their female manifestations convey distinctively gendered social and cultural meanings. Oni appear frequently in various arts and media, from Noh theater and picture scrolls to modern fiction and political propaganda. They remain common figures in popular Japanese anime, manga, and film and are becoming embedded in American and international popular culture through such media. Noriko Reider's book is the first in English devoted to oni. Reider fully examines their cultural history, multifaceted roles, and complex significance as

others to the Japanese.

Japanese Counterculture Steven C. Ridgely, 2010
Explores the significant impact of this countercultural figure of postwar Japan.

Coronavirus Politics Scott L Greer, Elizabeth King, Elize Massard da Fonseca, Andre Peralta-Santos, 2021-04-19 COVID-19 is the most significant global crisis of any of our lifetimes. The numbers have been stupefying, whether of infection and mortality, the scale of public health measures, or the economic consequences of shutdown. *Coronavirus Politics* identifies key threads in the global comparative discussion that continue to shed light on COVID-19 and shape debates about what it means for scholarship in health and comparative politics. Editors Scott L. Greer, Elizabeth J. King, Elize Massard da Fonseca, and André Peralta-Santos bring together over 30 authors versed in politics and the health issues in order to understand the health policy decisions, the public health interventions, the social policy decisions, their interactions, and the reasons. The book's coverage is global, with a wide range of key and exemplary countries, and contains a mixture of comparative, thematic, and templated country studies. All go beyond reporting and monitoring to develop explanations that draw on the authors' expertise while engaging in structured conversations across the book.

Transnational Japan in the Global Environmental Movement Simon Avenell, 2017-04-01 What motivates people to become involved in issues and struggles beyond their own borders? How are activists changed and movements transformed when they reach

out to others a world away? This adept study addresses these questions by tying together local, national, regional, and global historical narratives surrounding the contemporary Japanese environmental movement. Spanning the era of Japanese industrial pollution in the 1960s and the more recent rise of movements addressing global environmental problems, it shows how Japanese activists influenced approaches to environmentalism and industrial pollution in the Asia-Pacific region, North America, and Europe, as well as landmark United Nations conferences in 1972 and 1992. Japan's experiences with diseases caused by industrial pollution produced a potent "environmental injustice paradigm" that fueled domestic protest and became the motivation for Japanese groups' activism abroad. From the late 1960s onward Japanese activists organized transnational movements addressing mercury contamination in Europe and North America, industrial pollution throughout East Asia, radioactive waste disposal in the Pacific, and global climate change. In all cases, they advocated strongly for the rights of pollution victims and people living in marginalized communities and nations—a position that often put them at odds with those advocating for the global environment over local or national rights. Transnational involvement profoundly challenged Japanese groups' understanding of and approach to activism. Numerous case studies demonstrate how border-crossing efforts undermined deeply engrained notions of victimhood in the domestic movement and nurtured a more self-reflexive and

multidimensional approach to environmental problems and social activism. Transnational Japan in the Global Environmental Movement will appeal to scholars and students interested in the development of civil society, social movements, and environmentalism in contemporary Japan; grassroots inter-Asian connections in the postwar period; and the ways Asian countries and their citizens have shaped and been influenced by global issues like environmentalism. An electronic version of this book is freely available thanks to the support of libraries working with Knowledge Unlatched, a collaborative initiative designed to make high-quality books open access for the public good. Talking the Talk Trevor A. Harley, 2017-02-02
Talking the Talk provides a comprehensive introduction to the psychology of language, written for the reader with no background in the field or any prior knowledge of psychology. Written in an accessible and friendly style, the book answers the questions people actually have about language; how do we speak, listen, read, and learn language? The book advocates an experimental approach, explaining how psychologists can use experiments to build models of language processing. Considering the full breadth of

psycholinguistics, the book covers core topics including how children acquire language, how language is related to the brain, and what can go wrong with it. Fully updated throughout, this edition also includes: Additional coverage on the genetics of language Insight into potential cognitive advantages of bilingualism New content on brain imaging and neuroscience Increased emphasis on recursion and what is special about language Talking the Talk is written in an engaging style which does not hesitate to explain complex concepts. It is essential reading for all undergraduate students and those new to the topic, as well as the interested lay reader.

This Bridge Called My Back Cherríe Moraga, 1983
This groundbreaking collection reflects an uncompromised definition of feminism by women of color. 65,000 copies in print.

Why We Play Roberte Hamayon, 2016 Play is one of humanity's straightforward yet deceitful ideas: though the notion is unanimously agreed upon to be universal, used for man and animal alike, nothing defines what all its manifestations share, from childish playtime to on stage drama, from sporting events to market speculation. Within the author's anthropological field of work (Mongolia and Siberia), playing holds a core position: national holidays are called Games, echoing in that way the circus games in Ancient Rome and today's Olympics. These games convey ethical values and local identity. Roberte Hamayon bases her analysis of the playing spectrum on their scrutiny. Starting from fighting and dancing, encompassing learning, interaction, emotion and strategy, this study

heads towards luck and belief as well as the ambiguity of the relation to fiction and reality. It closes by indicating two features of play: its margin and its metaphorical structure. Ultimately revealing its consistency and coherence, the author displays play as a modality of action of its own. Playing is no 'doing' in the ordinary sense once wrote Johan Huizinga. Isn't playing doing something else, elsewhere and otherwise ?

Opening the Hand of Thought Kosho

Uchiyama, 2005-06-10 For over thirty years, Opening the Hand of Thought has offered an introduction to Zen Buddhism and meditation unmatched in clarity and power. This is the revised edition of Kosho Uchiyama's singularly incisive classic. This new edition contains even more useful material: new prefaces, an index, and extended endnotes, in addition to a revised glossary. As Jisho Warner writes in her preface, Opening the Hand of Thought goes directly to the heart of Zen practice... showing how Zen Buddhism can be a deep and life-sustaining activity. She goes on to say, Uchiyama looks at what a person is, what a self is, how to develop a true self not separate from all things, one that can settle in peace in the midst of life. By turns humorous, philosophical, and personal, Opening the Hand of Thought is above all a great book for the Buddhist practitioner. It's a perfect follow-up for the reader who has read Zen Meditation in Plain English and is especially useful for those who have not yet encountered a Zen teacher.

Management Chuck Williams, 2002-08

Communication Between Cultures Larry A.

Samovar, Richard E. Porter, Edwin R.

McDaniel, Carolyn Sexton Roy, 2016-01-01 Packed with current research and examples, bestselling COMMUNICATION BETWEEN CULTURES, 9E equips readers with a deep understanding and appreciation of different cultures while helping them develop practical communication skills. Part I introduces the study of communication and culture; Part II focuses on the ability of culture to shape and modify our view of reality; Part III puts the theory of intercultural communication into practice; and Part IV converts knowledge into action. This is the only text to consistently emphasize religion and history as key variables in intercultural communication. Compelling examples help readers examine their own assumptions, perceptions, and cultural biases--so they can understand the subtle and profound ways culture affects communication. The ninth edition offers expanded discussions of the impact of globalization, a new chapter on intercultural communication competence, and more coverage of new technology. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Fran Jim Woodring, 2013-11-02 For the past 20 years or so, Jim Woodring's beloved trilobular chuckbuster Frank has enjoyed one mindbending catastrophe after another in the treacherous embrace of The Unifactor, the land into which he was born and from which escape seemed neither desirable nor likely. And then, abruptly, in 2011's acclaimed Congress of the Animals (the

second Woodring original graphic novel, following Weathercraft) Frank did leave the Unifactor for uncharted lands beyond—where, after a string of trials, he acquired a soulmate named Fran. This development raised far more questions than it answered. Would Frank become placid and domesticated? Would he be jilted? Would he turn out to be a dreadful cad? Would he become a downtrodden and exhausted paterfamilias staring vacantly into the dimming fire of life as obnoxious grandchildren pulled his peglike ears and stole his porridge? The answers to these fruitless speculations and many more are delivered in a devastatingly unpredictable fashion in Fran, which is in effect part two of Congress of the Animals. Fans of Frank, connoisseurs of bizarre romance, and spelunkers in the radiant depths of graphic metaphysical psychodrama will want to add this singular cartoon adventure story to their lifetime reading list.

The European Blood and Marrow Transplantation Textbook for Nurses Michelle Kenyon, Aleksandra Babic, 2018-03-14 This book is open access under a CC BY 4.0 license. This textbook, endorsed by the European Society for Blood and Marrow Transplantation (EBMT), provides adult and paediatric nurses with a full and informative guide covering all aspects of transplant nursing, from basic principles to advanced concepts. It takes the reader on a journey through the history of transplant nursing, including essential and progressive elements to help nurses improve their knowledge and benefit the patient experience, as well as a comprehensive introduction to research

and auditing methods. This new volume specifically intended for nurses, complements the ESH-EBMT reference title, a popular educational resource originally developed in 2003 for physicians to accompany an annual training course also serving as an educational tool in its own right. This title is designed to develop the knowledge of nurses in transplantation. It is the first book of its kind specifically targeted at nurses in this specialist field and acknowledges the valuable contribution that nursing makes in this area. This volume presents information that is essential for the education of nurses new to transplantation, while also offering a valuable resource for more experienced nurses who wish to update their knowledge.

Cardiovascular Biomechanics Peter R.

Hoskins, Patricia V. Lawford, Barry J.

Doyle, 2017-02-16 This book provides a balanced presentation of the fundamental principles of cardiovascular biomechanics research, as well as its valuable clinical applications. Pursuing an integrated approach at the interface of the life sciences, physics and engineering, it also includes extensive images to explain the concepts discussed. With a focus on explaining the underlying principles, this book examines the physiology and mechanics of circulation, mechanobiology and the biomechanics of different components of the cardiovascular system, in-vivo techniques, in-vitro techniques, and the medical applications of this research. Written for undergraduate and postgraduate students and including sample problems at the end of each

chapter, this interdisciplinary text provides an essential introduction to the topic. It is also an ideal reference text for researchers and clinical practitioners, and will benefit a wide range of students and researchers including engineers, physicists, biologists and clinicians who are interested in the area of cardiovascular biomechanics.

The Rough Guide to Manga Jason S.

Yadao,2009-10-01 The Rough Guide to Manga is the ultimate handbook offering a comprehensive overview of one of the most fashionable genre's in today's popular culture. The guide features the manga story: from manga's twelfth-century roots to the rise of English-language manga with profiles of influential creators like Leiji Matsumoto and CLAMP as well as publishers to look out for. You'll find an overview of manga's unique styles, techniques and genres decoded as well as a canon of fifty must-read manga, including the iconic Astro Boy, global hits Fruits Basket and Battle Royale, plus less well-known works like Please Save My Earth. The Rough Guide to Manga demystifies unfamiliar terms and genres for newcomers whilst offering manga fans plenty of new recommendations including listings for manga magazines and websites along with a glossary of terms. Crammed with illustrations, and including a section on the anime connection, this is must-have Manga for beginners and enthusiasts alike.

Using Blended Learning Khe Foon Hew,Wing Sum Cheung,2014-08-01 This book discusses evidence-based practices related to the use of blended learning in both K-12 and higher education

settings. Specifically, this book features evidence-based practices in relation to the following five learning goals: (a) Fostering students' attitude change toward country, (b) Helping students' solve ill-structured design task problems, (c) Improving students' critical thinking in assessing sources of information, (d) Improving students' narrative and argumentative writing abilities and (e) Enhancing students' knowledge retention and understanding. To achieve this aim, the authors draw upon their own research studies as well as some other relevant studies to reveal the pedagogical approaches, the specific instructional/learning activities, the technologies utilized and the overall framework for developing blended learning experiences.

The Top Books of the Year Race Car Comics Yamada Free Paper Toy Download The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have enthralled audiences this year. Race Car Comics Yamada Free Paper Toy Download : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of

Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power

and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
