Feeding the Dragon Chris Fenton, 2020-07-28 “Paced like a thriller, with comparable doses of international intrigue and conflict, Chris Fenton’s bracingly candid business memoir *Feeding the Dragon* takes readers deep behind the scenes of Hollywood’s shaky foothold in China. Dealing at the highest levels with Chinese government officials and major American brands like Disney, Marvel, and the NBA, the former Olive Garden waiter-turned-entertainment-industry-power-broker disarmed and defied authorities on both sides of the superpower divide to make billions—and history. Thanks to a brisk, page-turning storytelling style and an evenhanded, insider-level perspective decades in the making, *Feeding the Dragon* manages to be both timeless and timely. Captivating details on Robert Downey Jr., LeBron James, Kurt Cobain, Michael Phelps, and Marvel Universe creative mastermind Kevin Feige (among others) will enthrall average fans and aspiring moguls alike. But the beating narrative heart remains Fenton’s down-to-earth recounting of a headline-making journey. Ultimately, the intrepid exec builds a compelling case for the power of “cultural diplomacy”: mutually-beneficial, soft power-sharing exchanges as a better way forward than the hardliner battle lines being drawn across Beijing, Washington, and Los Angeles. Teeming with urgent insights about unlikely alliances and dangerous misperceptions, *Feeding the Dragon* is a must-read for anyone interested in the future of the US-China relationship and the bottom-line realities of show business and professional sports today. Even better, it’s a supremely entertaining ride for anyone who simply loves a great story.... Chris often told me about projects and plans off-the-record that I

wouldn't have reported on anyway, because they all seemed wildly improbable. Every single one came true. And now they're all down on the page." —Jamie Bryan, Fast Company contributor

The Peshawar Lancers S. M. Stirling, 2003-01-07 In the mid-1870s, a violent spray of comets hits Earth, decimating cities, erasing shorelines, and changing the world's climate forever. And just as Earth's temperature dropped, so was civilization frozen in time. Instead of advancing technologically, humanity had to piece itself back together... In the twenty-first century, boats still run on steam, messages arrive by telegraph, and the British Empire, with its capital now in Delhi, controls much of the world. The other major world leader is the Czar of All the Russias. Everyone predicts an eventual, deadly showdown. But no one can predict the role that one man, Captain Athelstane King, reluctant spy and hero, will play...

Gods in the Machine Jeremy Thomas Fuller,2018-03-10 A New York subway hurtling through the tunnels with a bomb. A bartender who drinks way too much tequila. A pair of glasses. A monkey with a scarf. What do all of these things have in common? Lice. They all have lice. Well, not the monkey. He was pretty clean. Bitteric just has one simple mission: escape the Creator Deus who is also a cat and who just happens to be trying to kill him; stop his secretary from jumping out of the twenty-seventh floor window; find out what secrets are hiding at the bottom of an ice cave in Tibet; and stop the aforementioned bomb from destroying the aforementioned city via the aforementioned subway. Praise: Urban fantasy has a special place in my heart, and the Occult Detective is perhaps the fundamental urban-fantasy archetype. An anthology

of this kind is can serve two purposes: The first is to provide a taste of the genre to those that might otherwise be unfamiliar with it, and the second is to provide fans of the genre a chance to discover writers they may not have already come across. It was well worth the read and I would recommend it wholeheartedly for any fan of the urban fantasy/occult detective genre; even more so if you are unfamiliar with the genre and would like a taste as to what it's all about. — Nick Bronson -- Urban Fantasy readers will love this book, and it is a first-rate group of stories. — Paul Lappan, Reviewer

The Forgotten Rohingya: Their Struggle for Human Rights in Burma Habib Habib Siddiqui, 2019 Imagine that you are living in a country that does not recognize you as a citizen in spite of the fact that your people have maintained a continuous existence

there for several centuries. If that was not enough of a traumatic experience, consider that because of your racial, ethnic and religious identity other ethnic groups that are fighting the brutal military regime in your country for their self-determination and human rights consider you as settlers from a neighboring country. It must be your worst nightmare when you realize that half of your people (almost 2 million) have been forced to take asylum or refuge outside, and you may be the next in line to seek a way out of this living hell of xenophobia, discrimination, intolerance, racism and bigotry. The victims are the Rohingya people of Burma (Myanmar). Because of their religion, race, ethnicity, color and language they are the most discriminated and persecuted people in our planet. Some argue that they are also one of the most forgotten. The Myanmar military regime has denied their citizenship rights, claiming that they are illegal settlers from nearby Bangladesh who have moved into Arakan during the British occupation of Burma in the 19th century. Is there any truth to such allegations? Does the military junta apply the same litmus test against all ethnic and religious groups in matters of citizenship? What is the basis for a nation's claim to self-determination? Must a people wander in the wilderness for two millennia and suffer repeated persecution, humiliation and genocide to qualify? How about the rights of a minority community to survive with their culture and traditions intact? Do they need to be 'children' of a 'higher' God to qualify? What makes the children of a 'lesser' God to be forgotten and denied the same treatment and privilege that was granted hitherto to other nations? For much of its history, Burma has been ruled by military. As has once again been demonstrated recently they are brutal, savage and tyrannical. They have ignored people's verdict in the election and imprisoned leaders and workers of the democracy movement. They cannot be guarantors or protectors of human rights of anyone, let alone religious and ethnic minorities. Do you know that the Rohingyas - face cruel restriction on

marriage and those married without government authorization are paraded naked on the streets?- Are restricted from traveling outside their villages?- Have no legal right to own land or property?- Are restricted from getting education, finding work, getting medical and health care? - Are subjected to land confiscation, forced eviction and destruction of homes, offices, schools, mosques, shops, etc., and face religious persecution on a daily basis? - Are victims of staged riots, forced starvation, arbitrary taxation, extortion, arrest, torture and extra-judicial killings?- Are forced to do slave labor for establishment of government infrastructure, new Buddhist settlements, pagodas and monasteries on evicted lands with the government intent of changing the landscape and demography of Arakan?- Are forced to convert to Buddhism &/or worship Buddha? Do you know that when it comes to the Rohingya people, the Burmese government doesn't uphold any of the Articles of the Universal Declaration of Human Rights? Nothing can excuse us from the criminal silence that we practice in not voicing our concern about the plight of the Rohingya people. The Forgotten Rohingya makes a strong case for mobilizing concerned citizens of our globe to ease their sufferings. The author analyzes origin of the Rohingya people and offers ideas to solve their problem. The author also discusses problems of xenophobia and racism, which are so rampant in this country of many races, ethnicities and religions. He also analyzes the role of Daw Suu Kyi and failure of Burma's orange revolution.
