Resident Evil Cecil Everton,2020-07-24 The Umbrella Chronicles encompasses several scenarios, which are based on various plot elements from the Resident Evil series. The main characters include: Rebecca Chambers, Billy Coen, Chris Redfield, Jill Valentine, Carlos Oliveira, Albert Wesker, Ada Wong, Richard Aiken, and Hunk. The first scenario, based on the events of Resident Evil Zero, follows STARS operative Rebecca Chambers, and former Marine Billy Coen as they venture through a train that eventually takes them to a derelict training facility. Once within the facility, they discover they are being stalked by James Marcus, one of the Umbrella Corporation's co-founders and former scientists, who has managed to resurrect himself with the aid of leech test-subjects. After a confrontation, Marcus mutates into a monstrosity, but is subdued by the duo. Chambers and Coen escape as the facility self-destructs. Another sub-chapter within the scenario traces Wesker's actions, now posing as the leader of STARS' Alpha team, as he attempts to escape the training facility. This chapter also introduces Sergei Vladimir and one of his bodyguard Tyrants, codenamed IVAN. The next scenario follows Chris Redfield and Jill Valentine, as opposed to the actual Resident Evil game, which features the two splitting up. Redfield and Valentine are forced to battle their way through a mansion full of undead residents before stumbling upon a secret Umbrella Corporation research facility in the mansion's basement. The two then discover the facility's most powerful creation, a Tyrant, and destroy it. The scenario features two different sub-chapters, which reveal Chambers' action between Resident Evil Zero and Resident Evil, as well as Wesker's reanimation and escape after his apparent death. The next scenario visits Raccoon City during the events of Resident Evil 3: Nemesis. Valentine returns to the game, and is paired with mercenary Carlos Oliveira, as they attempt to survive an outbreak of the T-virus. After defeating several undead citizens, Valentine and Oliveira encounter Nemesis, an upgraded Tyrant, sent to kill Valentine.[16] They defeat Nemesis and escape Raccoon City before it is destroyed by the United States government in a desperate contingency measure. The scenario also features two sub-chapters, detailing Ada Wong and Hunk's background roles during the main scenario's events. The game's final scenario is composed of new material, which trails Redfield and Valentine as they and other armed anti-bioweapon activists investigate the Umbrella Corporation's final stronghold in Russia. Now leading a group of armed activists, they storm the stronghold, encountering waves of undead soldiers and mutations. Despite their force sustaining heavy casualties, Redfield and Valentine enter the facility's inner sanctum, only to encounter and destroy the Umbrella Corporation's latest creation, the T-ALOS project. The game's final sub-chapter features Wesker infiltrating the facility in an attempt to recover the Umbrella Corporation's most important files. He is confronted by his long-time nemesis, Sergei Vladimir, whom he defeats. In the end, the Umbrella Corporation's secrets have finally been exposed. As a result, the U.S. government succeeds in its legal action against Umbrella's top officials.

Original Grin Ron English,2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

If Anything Happens I Love You Will McCormack,Michael Govier,2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, If Anything Happens I Love You is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose’s soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. If Anything Happens I Love You may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

Conquer the Crash Robert R. Prechter, Jr.,2009-11-20 Today's financial and economic tribulations were a long time in the making. Many people ask, Why didn't someone see it coming? A New York Times bestselling book did see it coming. Over 100,000 people read it in time to protect their wealth. The book foresaw and explained the collapse in home prices, plunge in stocks, subprime debacle, liquidity crisis, the demise of Fannie and Freddie, the Federal Reserve's failure to turn the trend, and lots more. The book was Robert Prechter's Conquer the Crash, published in early 2002, when the Dow was above 10,000 and the financial world was partying around-the-clock. Fast forward to today: the average U.S. homeowner has suffered a decline of 30% to 40% in property value. Stocks and commodities had their biggest fall since 1929-1932. Fannie Mae is a zombie corporation under the government's protection. The Fed has pushed every button at its disposal (and then some), to no avail. If Prechter thought a whole new book would help, he'd have written one. But Conquer the Crash is a book-length forecast that's still coming true -- only some of the future has caught up with the specific predictions he published back then. There is much more to come. That means more danger, but also great opportunity. Conquer the Crash, 2nd edition offers you 188 new pages of vital information (480 pages total) plus all the original forecasts and recommendations that make the book more compelling and relevant than the day it published. In every disaster, only a very few people prepare themselves beforehand. Think about investor enthusiasm in 2005-2008, and you'll realize it's true. Even fewer people will be ready for the soon-approaching, next leg down of the unfolding depression. In this 2nd edition, Prechter gives a warning he's never had to include in 30 years of publishing -- namely, that the doors to financial safety are closing all over the world. In other words, prudent people need to act while they can. Conquer the Crash, 2nd Edition readers will receive exclusive online access to the Conquer the Crash Readers Page, where Prechter continually updates the book's recommended services and institutions.
