Original Grin Ron English,2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

Icons Unmasked Alex Solis,2016-02-14 Ever wonder if the characters you see on TV, in movies and in comic books are hiding something behind their masks? That perhaps they're really someone -- or something -- else? When pop culture is such a huge part of our lives, we're bombarded with these characters everywhere we turn. Each time we see a new character in a movie, video game or commercial, we feel a sudden sense deja vu. There's something about their goofy grin, that creepy laugh, or those boogly eyes that feels eerily familiar...This got me thinking. Is anything we see ever 100% original? Or is everything we experience really just our minds piecing together past experiences to create something that feels unique and new?In *Icons Unmasked*, I'm trying to bring a new sense of discovery to characters everyone has seen hundreds of times. I wanted to recreate the experience of what it might be like to see one iconic character from your childhood for the first time as an adult. Proceed at your own caution and keep in mind the following illustrations cannot be unseen. Your childhood might possibly be destroyed forever

The End of Fun Jake Chapman, Dinos Chapman, Will Self, 2013 Introduced with an exclusive essay by Will Self placing the eponymous sculpture The End of Fun in both the context of the Chapman's oeuvre and historical interpretations of Hell, this book is a detailed examination of the work. Completed in 2012, it is the latest incarnation of the brothers' famous Hell (1999), which was consumed in the MOMART fire of 2004. Following on in both layout and format from the book Fucking Hell (2008), The End of Fun consists of close-up photographs detailing the atrocities committed by the subjects of the work: thousands of miniature Nazis and skeletons, who seem to be engaged in an eternal battle across nine separate vitrines, arranged in the shape of a reverse swastika. Each dreadful scene is played out against a series of equally apocalyptic backdrops: a derelict factory; a concentration camp; a shattered church; an erupting volcano. Dark humour permeates: in one vitrine a still-smiling Ronald McDonald is being crucified; in another a dreadlocked Stephen Hawking grows marijuana; in yet another, seven separate Adolf Hitlers make distinctly 'degenerate' paintings of a nude, oblivious to the carnage raging around them.
