Green Hornet Comics #33 Kari Therrian,Harvey Publications,2015-03-29 The 1940s saw hundreds of comic book publishers come and go, with thousands of heroes and villains. For every name that is still remembered today there were a dozen forgotten, except maybe by a young boy or girl who will never forget that one comic, that one story. Such was the magic of the Golden Age of comics! The comic reprints from Golden Age Reprints and UP History and Hobby are reproduced from actual classic comics, and sometimes reflect the imperfection of books that are decades old. These books are constantly updated with the best version available - if you are EVER unhappy with the experience or quality of a book, return the book to us to exchange for another title or the upgrade as new files become available.
