Twelve Years a Slave Solomon Northup, 2024-01-04
Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black

people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

The Process of Education, Revised Edition Jerome S. BRUNER, 2009-06-30 Jerome Bruner shows that the basic concepts of science and the humanities can be grasped intuitively at a very early age. Gongs & Bamboo José Maceda, 1998 This panorama is a

pictorial view of music instruments starting with older bamboo and other instruments of undetermined age, going on two types of gongs-flat in Northern Luzon and bossed in the South. These two areas may be viewed as pocket cultures comparable to other pocket cultures in Borneo, Sumatra, other islands in Southeast Asia and the mountain regions south of and including Yunnan province of China, thus placing the music of Luzon and Mindanao in a larger geographical context. For example, mouth organs in Borneo and continental Southeast Asia are absent in the Philippines, where, however, separate pipes of panpipes are on occasion still being played by groups of boys among the Kalingga of Luzon. The musical elements of drone and melody identified in two lutes in Borneo or ensembles in Yunnan find examples in two players of the same tube zither in Mindanao and flat gongs in Luzon. The nearly 500 photographs in the book are almost all taken in the field, showing details of making and playing bamboo buzzers, jaw harps, zithers, percussion tubes, flutes and other instruments. Manners of tapping and sliding with the hands on flat gongs differ from beating them with sticks. Examples of big bossed gongs with wide rims (agung) struck with a mallet on the boss and a stick on the rim show affinities with a manner of playing bronze drums in Yunnan. In North Luzon, men and women dancing in circles with outstretched hands distinguish them from solo dancers with minimum body movements in the South.

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an

outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Bone Detective: Lorraine Jean Hopping, 2006-04-30 Diane France loves bones. Why? Because they talk to her. Every skeleton she meets whispers secrets about the life-and death-of its owner. Diane France can hear those secrets because she's a forensic anthropologist, a bone detective. She has the science skills and know-how to examine bones for clues to a mystery: Who was this person and how did he or she die? Bones tell Diane about the life and times of famous people in history, from a Russian royal family to American outlaws and war heroes. They speak to her about murders, mass disasters, and fatal accidents. One day

she's collecting skeletal evidence at a crime scene. A phone call later she's jetting to the site of a plane crash or other unexpected tragedy to identify victims. Young readers will be captivated by the thrilling real-life story of this small-town girl full of curiosity and mischief who became a world-famous bone detective.

Sissy Dreams: From Boyfriend to Girlfriend Paul Zante, Receiving a text from Sasha, my girlfriend, at work was always risky. Especially when she wanted to know if her girlfriend was horny. A short and sweet (and filthy) story.
