Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

**The Marriage of Heaven and Earth** Marlin Watling,2016-10-07 On the lookout for a mind-blowing new perspective on the nature of God and humanity's place in the world today? Dive into The Marriage of Heaven and Earth, and enter the mind of a veritable rock star of contemporary theology-N. T. Wright. Marlin

Watling takes abstract and complex ideas and grounds them in simple terms through his unique combination of readable summaries and fifty accompanying illustrations. He distills a lifetime of complex theological analysis and data into easy-to-consume sketches with explanations to provide one thing: universal access to a brilliant mind. Watling's guide comprises four parts: An introduction to N. T. Wright; Summaries of Wright's four key concepts; Wright's proposal of a new worldview; An overview of humanity's mission, with an eye toward the end times. Following in the footsteps of reformer Martin Luther, N. T. Wright makes the old story new again with his paradigm-shifting worldview. And in *The Marriage of Heaven and Earth*, Watling does something equally novel. He enters the ivory tower, strips away the pomp and ceremony of untouchable academia, and presents to believers of all interest levels Wright's theology as it's truly meant to be: easy to understand and full of grace.
