If Anything Happens I Love You Will McCormack,Michael Govier,2022-09-27 Unimaginable loss yields to the power of human

connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, *If Anything Happens I Love You* is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose’s soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. *If Anything Happens I Love You* may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as

a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

The Art of Cars Michael Wallis,Suzanne Fitzgerald

Wallis,2015-11-03 In the tradition of the smash hits Toy Story, A Bug's Life, Toy Story 2, Monsters, Inc., Finding Nemo, and The Incredibles comes the newest film from Pixar Animation Studios, Cars, the story of a race car who learns that it's not all about the fast lane. (In fact, life begins at the off-ramp.) Offering an insider's view into the artistic development of Cars, this gorgeously illustrated book celebrates the whimsical yet painstaking research that fueled Pixar's directors, production designers, and artists. Fascinating storyboards, full-color pastels, on-the-road snapshots, and hundreds of character sketches reveal the origins of Pixar's charming and clever automobile-based world. Gleaned from the team's trips to racetracks and down the famed Route 66, The Art of Cars is as colorful as its memorable story and characters, making this book—the only movie tie-in for adults—a spirited ride down the road of a masterful animated feature film. Cars is a Walt Disney Pictures presentation of a Pixar Animation Studios film. 2006 by Disney Enterprises, Inc./Pixar Animation Studios. All rights reserved.

Fatal Crossing Valerie van Heest,2013 On June 23, 1950, a DC-4

Tortured Cardboard Philip E. Orbanes, 2019-07-23 The term “tortured cardboard” sums up what happens to cardboard when making a board game (bound, cut, folded, punched). And, as you’ll learn, great board games often reflect whatever “tortures” culture. Each gained immortality after a chaotic beginning and a chance survival. Why? Because—be it chess, backgammon, Clue®, Monopoly®, Scrabble®, Settlers of Catan®, or one of ten others featured in this book—each is replete with “lessons” applicable to achievement in your life. As the twenty-first century gathers momentum, our love affair with board games continues to strengthen. They involve us, they refine social skills, and they teach great lessons applicable in real life. “Tortuous” is the journey of every great board game, from birth in chaotic times, through survival by mere chance, to raging popularity and eventual immortality. Tortured Cardboard reveals how the great ones came to endure and—all fun aside—how each teaches us something about our own behavior while providing “rules” that can work in your life.
