Six Crimson Cranes Elizabeth Lim, 2021-07-06 NEW YORK TIMES BESTSELLER • A princess in exile, a shapeshifting dragon, six enchanted cranes, and an unspeakable curse... Drawing from fairy tales and East Asian folklore, this original fantasy from the author of *Spin the Dawn* is perfect for fans of *Shadow and Bone*. A dazzling fairytale full of breathtaking storytelling. --Stephanie Garber, New York Times bestselling author of *Caraval*

Shiori'anma, the only princess of Kiata, has a secret. Forbidden magic runs through her veins. Normally she conceals it well, but on the morning of her betrothal ceremony, Shiori loses control. At first, her mistake seems like a stroke of luck, forestalling the wedding she never wanted. But it also catches the attention of Raikama, her stepmother. A sorceress in her own right, Raikama banishes the young princess, turning her brothers into cranes. She warns Shiori that she must speak of it to no one: for with every word that escapes her lips, one of her brothers will die. Penniless, voiceless, and alone, Shiori searches for her brothers, and uncovers a dark conspiracy to seize the throne. Only Shiori can set the kingdom to rights, but to do so she must place her trust in a paper bird, a mercurial dragon, and the very boy she fought so hard not to marry. And she must embrace the magic she's been taught all her life to forswear--no matter what the cost. Weaving together elements of *The Wild Swans*, *Cinderella*,

the legend of Chang E, and the Tale of the Bamboo Cutter, Elizabeth Lim has crafted a fantasy like no other, and one that will stay with readers long after they've turned the last page. A stunning remake of a fairytale. Six Crimson Cranes is the perfect blend of whimsy and ferociousness, with twists and turns that will tug at your heartstrings. -Chloe Gong, New York Times bestselling author of These Violent Delights Fast-paced excitement is balanced with a satisfyingly intricate plot that weaves in elements from Western fairy tales and East Asian folklore. -SLJ, starred review "A richly imagined landscape . . . vibrant, fast-paced." -Publishers Weekly, starred review

The Mind of Clover Robert Aitken, 1984 Aitken's approach is clear and sure as he shows how our minds can be as nurturing as clover, which enriches the soil and benefits the environment as it grows. The opening chapters discuss the Ten Grave Precepts of Zen, which, Aitken points out, are not commandments etched in stone but expressions of inspiration written in something more fluid than water. Aitken approaches these precepts, the core of Zen ethics, from several perspectives, offering many layers of interpretation. Like ripples in a pond, the circles of his interpretation increasingly widen, and he expands his focus to confront corporate theft and oppression, the role of women in Zen and society, abortion, nuclear war, pollution of the environment, and other concerns.

The Moon Book Sarah Faith Gottesdiener, 2020-12-15 A guide to conscious

living through the moon and her phases, incorporating wellness rituals, spellwork, and witchcraft for the modern seeker. We all know the moon. We all have a relationship with it. The earliest people obeyed her orbit, timed their months and holidays and celebrations and agriculture to the moon; the echoes of that system are still visible today, though the connection to the moon is often forgotten. Sarah Faith Gottesdiener is the leader of a movement to remind us of that lineage, guiding our rhythms and our sleep, our energy and our emotions, reminding us of our humanity and our magic. In her self-published *Many Moons Workbooks* and *Lunar Journals*, as well as her sold-out classes, she has guided over 50,000 readers to a deeper relationship with the moon, and through it, with themselves. This evergreen book will be an informative and comprehensive guide to lunar living, incorporating radical, self-empowering, and magical tools and resources for the beginner and experienced lunar-follower alike. Depending on where we are in our lives, depending on what we are feeling or what is happening around us, the moon allows us a space to invite ritual into our daily lives. The *Moon Book* will provide a framework on how to utilize the entire lunar cycle holistically, while offering ways for the reader to develop a personal relationship with their own cycles—energetic, personal, and emotional—through the lens of the moon's phases.
