Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers

in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Big Sid's Vincati Matthew Biberman, 2009-04-30 Read Matthew Biberman's posts on the Penguin Blog. If you believe it is possible to fall in love with a motorcycle, you will love this book. -Jay Leno When Big Sid had a heart attack and gave up the will to live, his son Matthew Biberman panicked. Impulsively, Matthew promised his father that they would build a Vincati together. This fusion of two legendary motorcycles, the Vincent Black Shadow and the Ducati GT, a Vincati was considered near-impossible to build. But if anyone could do it, Matthew knew his father could. Big Sid was the mechanic to see about repairing Vincents for nearly sixty years. But now, Sid was old, busted up and broke. Matthew, despite sharing his dad's passion, had become a Shakespearean scholar. The two men hadn't spoken in years-but called a truce to attempt a shared dream. *Zen and the Art of Motorcycle Maintenance* meets *Shop Class as Soulcraft*, in this heartfelt memoir that shows how two very different men built a legendary motorcycle, and along the way, discovered what it means to be father and son.

Water+Ink Coloring Book Winter 2020 Kim Winberry, 2019-07-22 I begin my paintings with a sketch and application of colorful/bright pigment and water to the paper. I disrupt the blends with salt or water, watching as one color blossoms in water, as another color starts to travel across the paper. I utilize India Ink to demarcate changes, also adding swirls other artifacts, in the aim to achieve whimsy. My coloring books are my paintings! I run the paintings through filters and drop the color from them, leaving the lines so that you can add your own color. But wait, there's more... I've added an Augmented Reality component to this. Wonder what colors I used for that piece in the

corner there? Take out your phone, download the Zappar app from your app store and zap the code. What happens? At the very least an image of the original painting will pop up and you can see what it looks like, side by side with the coloring page. Beyond that, you'll meet Mist, my liaison to the AR world. She will be a recurring character in all my AR work. Stay tuned and enjoy.
