Conquer the Crash Robert R. Prechter, Jr.,2009-11-20 Today's financial and economic tribulations were a long time in the making. Many people ask, Why didn't someone see it coming? A

New York Times bestselling book did see it coming. Over 100,000 people read it in time to protect their wealth. The book foresaw and explained the collapse in home prices, plunge in stocks, subprime debacle, liquidity crisis, the demise of Fannie and Freddie, the Federal Reserve's failure to turn the trend, and lots more. The book was Robert Prechter's Conquer the Crash, published in early 2002, when the Dow was above 10,000 and the financial world was partying around-the-clock. Fast forward to today: the average U.S. homeowner has suffered a decline of 30% to 40% in property value. Stocks and commodities had their biggest fall since 1929-1932. Fannie Mae is a zombie corporation under the government's protection. The Fed has pushed every button at its disposal (and then some), to no avail. If Prechter thought a whole new book would help, he'd have written one. But Conquer the Crash is a book-length forecast that's still coming true -- only some of the future has caught up with the specific predictions he published back then. There is much more to come. That means more danger, but also great opportunity. Conquer the Crash, 2nd edition offers you 188 new pages of vital information (480 pages total) plus all the original forecasts and recommendations that make the book more compelling and relevant than the day it published. In every disaster, only a very few people prepare themselves beforehand. Think about investor enthusiasm in 2005-2008, and you'll realize it's true. Even fewer people will be ready for the soon-approaching, next leg down of the unfolding depression. In this 2nd edition, Prechter gives a warning he's never had to include in 30 years of publishing -- namely, that the doors to financial safety are closing all over the world. In other words, prudent people need to act while they can. Conquer the Crash, 2nd Edition readers will receive exclusive online access to the Conquer the Crash Readers Page, where Prechter continually updates the book's recommended services and institutions.

Slave Stealers Timothy Ballard, 2018 Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother's house for seven years before escaping north to freedom. She published an autobiography of her life, *Incidents in the Life of a Slave Girl*, which was one of the first open discussions about sexual abuse endured by slave women. She was

an active abolitionist, associated with Frederick Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day underground railroad which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the rescue and his eventual adoption of two young siblings--Mia and Marky, who were born in Haiti. Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The Conductor; Abraham Lincoln--the Great Emancipator; Little Mia--the sister who saved her little brother; Guesno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.

Janey the Vet Janey Lowes, 2020-03-19 'Janey is like a whirlwind of selflessness. A beautiful spirit in a beautiful country doing a beautiful thing. I encourage my children to be more 'Janey'. With more positive spirits like Janey, the world would be a better place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £10,000 to get started, setting up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a make-shift surgery she had cobbled together in her new home. With very little

equipment, she and her small team came up with new and ingenious ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey introduces us to her world and the tireless work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team and saved.

Notes from the Hyena's Belly Nega Mezlekia, 2015-04-07 In this acclaimed memoir, Mezlekia recalls his boyhood in the arid city of Jijiga, Ethiopia, and his journey to manhood during the 1970s and 1980s. He traces his personal evolution from child to soldier--forced at the age of eighteen to join a guerrilla army. And he describes the hardships that consumed Ethiopia after the fall of Emperor Haile Selassie and the rise to power of the communist junta, in whose terror thousands of Ethiopians died. Part autobiography and part social history, *Notes from the Hyena's Belly* offers an unforgettable portrait of Ethiopia, and of Africa, during the defining and turbulent years of the last century.
