Act of War Dale Brown,2009-10-13 The New York Times–bestselling author introduces a cutting-edge new hero out to stop ecological terrorists in this international techno–thriller. When a Texas oil refinery is destroyed by a “backpack” nuclear device, it’s just one of many attacks on a multinational energy company. These acts of destruction are being perpetrated across the globe by a single group determined to stop the plundering of natural resources. To stop them before the strike again, the authorities call in military tech wiz Jason Richter and his top–secret counterterrorism unit Task Force TALON. To snare his opponents, Richter knows he must beat them at their own game: unconventional hit–and–run attacks that are brutal enough to strike fear into the heart of the most dedicated terrorist. Richter must also lead the way through a series of unexpected turns that uncover a mole operating within the upper echelons of government. If Richter fails, it won’t be just the lives of his team that are lost, but America itself.
