Australia's Gateway Cities Andrew Reeves,Cora Trevarthen,Louise Johnson,Will Rifkin,Anthea Bill,Kristine Giddy,Leonie Pearson,George Pantelopoulos,Robert Perey,Michael Jonita,Fiona Bastian,Pascal Perez,Tania Brown,Cole Hendrigan,Canio Fierravanti,2019-11-25 Australia's 'gateway cities' occupy a significant place within the economy, even given the prominence of the capital cities of Melbourne, Sydney and Brisbane. However, they have been underestimated in terms of public policy. Current debates on fiscal rebalancing need to recognise the latent economic potential of these gateway cities, while social policies should also incorporate the opportunities that the gateway cities offer in bridging the divide between metropolitan Australia and the regions. Changes in the global marketplace are behind the growth of jobs and population in urban Australia. To accommodate that growth, gateway cities have capacity for more Australians to work, live and play here. We also have a capability to expand industry, manufacturing, property development, education and health services. In this report, we address the nature and contribution of the gateway cities - also characterised internationally as 'second cities', consider the human dimension of these communities and their contribution to our national development and conclude with a review of policy settings and recommendations focused on future growth.

Call-Sign KLUSO Rick Tollini,2021-04-01 A US Air Force Captain tells the story of his life and service during Operation Desert Storm in this thrilling military memoir. A pilot all his life, Rick “Kluso” Tollini turned his childhood dream into a reality when he became a fighter pilot for the US Air Force. In Call Sign KLUSO, Rick “Kluso” Tollini puts the fraught minutes above the Iraqi desert that made him an ace into the context of a full life; exploring how he came to be flying a F-15C in Desert Storm, and how that day became a pivotal moment in his life. He recounts his training, preparation, and missions, as well as the life of a fighter pilot in a combat zone. He also explores life as an air force veteran, and his turn to Buddhism as he comes to terms with his actions in combat. Rick’s first experience of flying was in a Piper PA-18 over 1960s’ California as a small boy, and his love of flying through his teenage years was fostered by his pilot father, eventually blossoming into a decision to join the Air Force as a pilot in his late twenties. Having trained to fly jets he was assigned to fly the F-15 Eagle with the “Dirty Dozen,” the 12th Tactical Fighter Squadron, at Kadena AB, Japan, before returning Stateside to the 58th Tactical Fighter Squadron “The Gorillas.” Throughout training, Reagan’s fighter pilots expected to face the Soviet Union, but Rick’s first combat deployment was Desert Storm.
