A Call to Duty David Weber,Timothy Zahn,2014-09-16 Growing up, Travis Uriah Long yearned for order and discipline in his life . . . the two things his neglectful mother couldn't or wouldn't provide. So when Travis enlisted in the Royal Manticoran Navy, he thought he'd finally found the structure he'd always wanted so desperately. But life in the RMN isn't exactly what he expected. Boot camp is rough and frustrating; his first ship assignment lax and disorderly; and with the Star Kingdom of Manticore still recovering from a devastating plague, the Navy is possibly on the edge of budgetary extinction. The Star Kingdom is a minor nation among the worlds of the Diaspora, its closest neighbors weeks or months away, with little in the way of resources. With only modest interstellar trade, no foreign contacts to speak of, a plague-ravaged economy to rebuild, and no enemies looming at the hyper limit, there are factions in Parliament who want nothing more than to scrap the Navy and shift its resources and manpower elsewhere. But those factions are mistaken. The universe is not a safe place. Travis Long is about to find that out. At the publisher's request, this title is sold without DRM (Digital Rights Management). About A Call to Duty: A new series set in the universe of Webers popular heroine Honor Harrington gets off to a solid start. . . . Cowriters Zahn and Weber do an excellent job alluding to events known to longtime fans. . . . [T]his astronomical adventure is filled with . . . intrigue and political drama. Publishers Weekly About the Honor Harrington series: Weber combines realistic, engaging characters with intelligent technological projection and a deep understanding of military bureaucracy in this long-awaited Honor Harrington novel—Fans of this venerable space opera will rejoice to see Honor back in action. Publishers Weekly . . . everything you could want in a heroine — Excellent — plenty of action. Science Fiction Age Brilliant! Brilliant! Brilliant! Anne McCaffrey Compelling combat combined with engaging characters for a great space opera adventure. Locus Weber combines realistic, engaging characters with intelligent technological projection . . . Fans of this venerable space opera will rejoice . . . Publishers Weekly About Timothy Zahn: Zahn keeps the story moving at a breakneck pace, maintaining excitement. Publishers Weekly [Y]ou can count on Timothy Zahn for three things: clean, sparse prose; good pacing; and great action scenes. The first book in the Cobra War series hits all those marks in admirable style and makes for a quick, entertaining sci-fi novel. Blogcritics [Conqueror's Heritage] is another finely wrought space adventure . . . [with] social, political and emotional complications, all of which Zahn treats with his usual skill. Booklist Zahn paints every detail [in Angelmass] with gleamy realism . . . scientific dialogue that streams with starship hardware and military trooper talk . . . immensely appealing. Kirkus Review

GLEEM Freddy Carrasco,2024-04-09 Imbued with cyberpunk attitude and in the rebellious tradition of afrofuturism, GLEEM is drawn with a fierce momentum hurtling towards a future world. Carrasco's distinct cinematic style layers detailed panels and spreads, creating a multiplicity of perspectives, at once dizzying and hypnotic. Vignettes unspool in proximity to our own social realities and expand into the outer layers of possibility. Whether in the club or a robot repair workshop, the characters in these three interconnected stories burst across frames until they practically step off the page. A boy becomes bored at church with his grandmother until he tries a psychedelic drug. A group of friends are told that they need a rare battery if they want any chance of reviving their friend. Street style and cybernetics meet and burst into riotous dancing. Kindness and violence might not be as distant from each other as we think. GLEEM unsettles with a confidence that could make you believe in anything.

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Slave Stealers Timothy Ballard,2018 Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother's house for seven years before escaping north to freedom. She published an autobiography of her life, Incidents in the Life of a Slave Girl, which was one of the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day underground railroad which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the rescue and his eventual adoption of two young siblings--Mia and Marky, who were born in Haiti. Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The Conductor; Abraham Lincoln--the Great Emancipator; Little Mia--the sister who saved her little brother; Guesno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.

The Women of Little Lon Barbara Minchinton,2021-08-16 A vivid account of a remarkable but little-known chapter in Melbourne's history Sex workers in nineteenth-century Melbourne were judged morally corrupt by the respectable world around them. But theirs was a thriving trade, with links to the police and political leaders of the day, and the leading brothels were usually managed by women. While today a city lane is famously named after Madame Brussels, the identities of the other 'flash madams', the 'dressed girls' who worked for them and the hundreds of women who solicited on the streets of the Little Lon district of Melbourne are not remembered. Who were they? What did their daily lives look like? What became of them? Drawing on the findings of recent archaeological excavations, rare archival material and family records, historian Barbara Minchinton brings the fascinating world of Little Lon to life. Barbara Minchinton is a historian and independent researcher. For several years she collaborated with a team of archaeologists on the interpretation of artefacts from Melbourne's Little Lon district. She is the co-editor of The Commonwealth Block, Melbourne, a historical archaeology of the city's working-class and immigrant communities, and the author of The Women of Little Lon.
