Magic: The Gathering: Legends Wizards of the Coast, Jay Anelli, 2020-10-27 An official guide to the most iconic legends and legendary creatures from the world of Magic: The Gathering The world of Magic: The Gathering is home to many fantastical characters and creatures, but perhaps none so intriguing as its legends. Legendary dragons, demons, angels, goblins, vampires, merfolk, wizards, and more roam the multiverse.

These characters harken back to Magic's early history, having been introduced in one of the first Magic card sets (1994's Legends); new legends continue to tell epic stories in lore and on the battlefield through the present day. Magic: The Gathering: Legends showcases high-quality reproductions of the legendary card art from across the game's history—in many instances for the first time outside of the card frame—along with accompanying histories written by Jay Anelli. This collection also offers exclusive insight into the art and mythology behind some of Magic: The Gathering's most powerful, popular, and enduring legends, including Niv-Mizzet, Emmara Tandris, Marit Lage, Sisay, Atraxa, the Eldrazi titans, Edgar Markov, Queen Marchesa, Zurgo, Pia Nalaar, Zacama, King Algenus Kenrith, Snapdax, and many, many more.

Final Fantasy Lost Stranger, Vol. 5 Hazuki Minase, 2020-11-03 The Magus Sisters may be defeated, but Sara's work isn't done! While Cindy has accepted her fate, Sara and Shogo aren't about to give up on her! But as Cindy's magic grows too powerful for the two of them to bear, it becomes clear they'll need to enlist others. With time running out, can they really expect anyone to come to the aid of the person who tried to kill them...?

Dai Dark Vol. 2 Q Hayashida, 2021-07-06 Necromancy, space action, and dark humor collide in this wildly creative new series from the creator of Dorohedoro! Zaha Sanko's body has great and terrible powers—they say that possessing his bones will grant you any wish, even the desire to become ruler of the universe. But Sanko is still a teenage dude with his own life, and he isn't about to let every monstrous lowlife in the galaxy rip him limb from limb. He and his skeletal buddy Avakian will use their dark powers to fend off any murder attempts while they search space for

whomever put this curse on Sanko's bones...because killing them might end the madness. (And then Sanko can celebrate with his favorite spaghetti.) Don't miss this hilariously twisted and gruesome new series from the unique mind of Q Hayashida, creator of the manga and Netflix anime Dorohedoro!

Devilman: The Classic Collection Vol. 1 Go Nagai, 2018-05-22 Go Nagai's groundbreaking horror classic that inspired the genre for decades. Hordes of demons, once thought entombed forever in the underworld, have now returned to Earth. Evil and corruption begin to seep into our world, as demons seize human hosts. Mankind's only hope for salvation is to use the demons' power against them--and only a pure-hearted man like Fudo Akira can do so without losing his humanity. Once little more than a crybaby, Akira now wields the terrible power of a devil, yet holds the innocent soul of a man--Devilman!

Seraph of the End: Guren Ichinose: Catastrophe at Sixteen (manga) 4 Yo Asami, Takaya Kagami, 2024-04-30 Prequel to the hit manga series, *Seraph of the End*! Detailing the events before the apocalypse, 15 year old Guren Ichinose enrolls at Daiichi Shibuya High, a magical training school. Witness his trials as he must hide his true strength even as he is trampled on at a school for the insufferably privileged.
