The Dragon and the Dazzle Marco Pellitteri, Jean-Marie

Bouissou, Gianluca Di Fratta, Cristiano Martorella, Bounthavy Suvilay, 2010 In the worldwide circulation of the products of cultural industries, an important role is played by Japanese popular culture in European contexts. Marco Pellitteri shows that the contact between Japanese pop culture and European youth publics occurred during two phases. By use of metaphor, the author calls them the Dragon and the Dazzle. The first took place between 1975 and 1995, the second from 1996 to today. They can be distinguished by the modalities of circulation and consumption/re-elaboration of Japanese themes and products in the most receptive countries: Italy, France, Spain, Germany and, across the ocean, the United States. During these two phases, several themes have been perceived, in Europe, as rising from Japan's social and mediatic systems. Among them, this book examines the most apparent from a European point of view: the author names them machine, infant, and mutation, visible mostly through manga, anime, videogames, and toys. Together with France, Italy is the European country that in this respect has had the most central role. There, Japanese imagination has been acknowledged not only by young people, but also by politicians, television programmers, the general public, educators, comics and cartoons authors. The growing influence of Japanese pop culture, connected to the appreciation of its manga, anime, toys, and videogames, also urges political and mediologic questions linked to the identity/ies of Japan as they are understood--wrongly or rightly--in Europe and the West, and to the increasingly important role of Japan in international relations.--Back cover

Mimesis and Sacrifice Marcia Pally, 2019-10-17 Central to identity, personal responsibility, economic systems, theology, and the political and military imaginaries, the practice of sacrifice has inspired, disturbed, and abused. *Mimesis and Sacrifice* brings together scholars from the humanities, military, business, and social sciences to examine the role that sacrifice plays in different present-day settings, from economics to gender relations. Inspired by Rene Girard's work, chapters explore (i) the extent to which the social character of human living makes us mimetic, (ii) whether mimesis necessarily leads to competitive aggression, (iii) whether aggression must be defused by aggressive sacrificial rituals-and whether all sacrifice has this aim, and (iv) the role of the "second lesson of the cross" (as Girard called it), the lesson of self-giving for others, in addressing present societal problems. By investigating sacrifice across this span of arenas and questions yet within one volume, *Mimesis and Sacrifice* presents a new appreciation of its influence and consequences in the world today, contributing not only to mimetic theory but to greater understanding of which societal arrangement enable us to live well

together and what hobbles that goal.

Twelve Years a Slave Solomon Northup, 2024-01-04
Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the

relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in

the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
