*a tumblr book* Allison McCracken, Alexander Cho, Louisa Stein, Indira N Hoch, 2020-10-26 This book takes an extensive look at the many different types of users and cultures that comprise the popular social media platform Tumblr. Though it does not receive nearly as much attention as other social media such as Twitter or Facebook, Tumblr and its users have been hugely influential in creating and shifting popular culture, especially progressive youth culture, with the New York Times referring to 2014 as the dawning of the “age of Tumblr activism.” Perfect for those unfamiliar with the platform as well as those who grew up on it, this volume contains essays and artwork that span many different topics: fandom; platform structure and design; race, gender and sexuality, including queer and trans identities; aesthetics; disability and mental health; and social media privacy and ethics. An entire generation of young people that is now beginning to influence mass culture and politics came of age on Tumblr, and this volume is an indispensable guide to the many ways this platform works.

Ethnicity and Family Therapy Monica McGoldrick, John K. Pearce, Joe Giordano, 1982-11-10 Social, cultural, and religious characteristics that are relevant to working with Black American families, illustrated with case examples and hands on guide to developing cultural awareness of a specific ethnic population.

**Scripting the Life You Want** Royce Christyn, 2020-04-07 A step-by-step guide to the process of “scripting” your future and successfully manifesting what you want in life • Explores the science behind how the scripting method works and shares the vivid journal entries from the author’s big breakthrough--when he successfully used his method to land a lead role on a TV show • Details how the understanding of incredible new (and, until now, mostly unheard of) scientific discoveries and emerging technologies is the most important key to creating and manifesting in your life • Reveals fun, easy tools for manifesting and self-help, updated for a new generation In this step-by-step guide, filled with success stories and practical exercises, Royce Christyn details a simple “scripting” process for harnessing the Law of Attraction and manifesting what you want in your life--happiness, wealth, travel, love, health, the perfect career, or simply a productive day. The process is backed by science and experience, yet it feels like magic. And all you need is a pen and paper. Inspired by New Thought and Positive Thinking classics, Christyn explains how he developed his scripting method through 4 years of trial and error, keeping what worked and dropping what didn’t until he brought his success rate from 5% to nearly 100%. Sharing pages from his own journals, he outlines how to create the life you want with daily journaling exercises, beginning with a simple list-making practice to figure out your wants and intentions and then progressing to actual scripting of your future, whether the next 12 hours or the next 10 days. He shows how, over time, your scripts will increase in accuracy until they converge with reality. He shares the vivid entries from his big breakthrough--when he successfully used his method to land a lead guest-starring role on Disney Channel’s *Wizards of Waverly Place* with Selena Gomez. He explores how “feeling” your future success as you write your daily scripts helps attract your desired outcomes, and he shares the key phrases to include to make your script come true. The author also explores the science behind how the scripting method works, including a down-to-earth examination of quantum mechanics. From small dreams to lifelong goals, this book gives you the tools to put your thoughts into action and finally close the gap between where you are and where you want to be in your life.

**Spotify Teardown** Maria Eriksson, Rasmus Fleischer, Anna Johansson, Pelle Snickars, Patrick Vonderau, 2019-02-19 An innovative investigation of the inner workings of Spotify that traces the transformation of audio files into streamed experience. Spotify provides a streaming service that has been welcomed as disrupting the world of music. Yet such disruption always comes at a price. Spotify Teardown contests the tired claim that digital culture thrives on disruption. Borrowing the notion of “teardown” from reverse-engineering processes, in this book a team of five researchers have playfully disassembled Spotify's product and the way it is commonly understood. Spotify has been hailed as the solution to illicit downloading, but it began as a partly illicit enterprise that grew out of the Swedish file-sharing community. Spotify was originally praised as an innovative digital platform but increasingly resembles a media company in need of regulation, raising questions about the ways in which such cultural content as songs, books, and films are now typically made available online. Spotify Teardown combines interviews, participant observations, and other analyses of Spotify's “front end” with experimental, covert investigations of its “back end.” The authors engaged in a series of interventions, which include establishing a record label for research purposes, intercepting network traffic with packet sniffers, and web-scraping corporate materials. The authors' innovative digital methods earned them a stern letter from Spotify accusing them of violating its terms of use; the company later threatened their research funding. Thus, the book itself became an intervention into the ethics and legal frameworks of corporate behavior.

**Beautifully Me** Nabela Noor, 2021-09-14 From designer, creator, and self-love advocate Nabela Noor (@Nabela) comes a much-needed picture book about loving yourself just as you are. Meet Zubi: a joyful Bangladeshi girl excited about her first day of school. But when Zubi sees her mother frowning in the mirror and talking about being “too big,” she starts to worry about her own body and how she looks. As her day goes on, she hears more and more people being

critical of each other's and their own bodies, until her outburst over dinner leads her family to see what they've been doing wrong—and to help Zubi see that we can all make the world a more beautiful place by being beautifully ourselves.

*Female Force* Michael Frizell, 2021-08-11 Selena Quintanilla-Perez was taken from us far too soon, the victim of a senseless murder at age 23. Often called the Mexican Madonna or the Queen of Tejano, Selena is arguably one of the brightest performers of the 1980s and 1990s. Her popularity has surged recently, driven by her strong vocals and incredible stage performances. This dynamic issue explores her humble origins and her rise to superstardom. The Female Force biographical comic series has drawn a firestorm of media attention, including features on The Today Show CNN, MSNBC and FOX News, and in Time and People magazines. The Female Force imprint features prominent and influential authors, business executives, entertainers, journalists, politicians, and activists. The latest biography comic book joins TidalWave's ever-growing library of more than 200 comic book biographies. - Previous titles have profiled Mother Teresa, Kamala Harris, Tina Fey, Betty White, Michelle Obama, Barbra Streisand to Cher and Gloria Steinem. These biographical comics, written by some of the most talented writers in the comic world and beyond, deliver an informed and illustrated look into the lives of these figures.

*May You Live a Life You Love* M. H. Clark, 2013-04 Contains a series of artfully presented inspirational quotations and original writings.

*The Archive and the Repertoire* Diana Taylor, 2003-09-12 In *The Archive and the Repertoire* preeminent performance studies scholar Diana Taylor provides a new understanding of the vital role of performance in the Americas. From plays to official events to grassroots protests, performance, she argues, must be taken seriously as a means of storing and transmitting knowledge. Taylor reveals how the repertoire of embodied memory—conveyed in gestures, the spoken word, movement, dance, song, and other performances—offers alternative perspectives to those derived from the written archive and is particularly useful to a reconsideration of historical processes of transnational contact. *The Archive and the Repertoire* invites a remapping of the Americas based on traditions of embodied practice. Examining various genres of performance including demonstrations by the children of the disappeared in Argentina, the Peruvian theatre group Yuyachkani, and televised astrological readings by Univision personality Walter Mercado, Taylor explores how the archive and the repertoire work together to make political claims, transmit traumatic memory, and forge a new sense of cultural identity. Through her consideration of performances such as Coco Fusco and Guillermo Gómez-Peña's show *Two Undiscovered Amerindians Visit . . .*, Taylor illuminates how scenarios of discovery and conquest haunt the Americas, trapping even those who attempt to dismantle them. Meditating on events like those of September 11, 2001 and media representations of them, she examines both the crucial role of performance in contemporary culture and her own role as witness to and participant in hemispheric dramas. *The Archive and the Repertoire* is a compelling demonstration of the many ways that the study of performance enables a deeper understanding of the past and present, of ourselves and others.

*Just Like Animals* Hettie Ivers, 2019-03-15 For ten long years, I stayed away to protect her. I thought I'd successfully subverted my wolf's instincts where Bethany was concerned. But when I saw her on that dance floor, my inner beast took over. I told myself it would be just one dance. One dance and I'd let her go. I didn't mean to bite her. Or f\*ck her in the middle of a crowded dance club. Or kidnap her, again.

*Doctor Who* Bbc, 2010 Featuring the full first series of Matt Smith starring as the Eleventh Doctor, in BBC One's hit television show, Doctor Who! With original comic strips and an exciting new story, as well as puzzles and features on all your favourite episodes, characters and aliens. The Official Doctor Who

*Relationality and Learning in Oceania* Seu'ula Johansson-Fua, Rebecca Jesson, Rebecca Spratt, Eve Coxon, 2020-02-25 *Relationality and Learning in Oceania: Contextualizing Education for Development* critically engages debates in comparative education and international development relating to context, culture, language and indigenous epistemologies. It draws on experiences of a south-north research-practice team in Solomon Islands and Tonga.

**Tea in Health and Disease Prevention** Victor R. Preedy, 2012-10-01 While there have been many claims of the benefits of teas through the years, and while there is nearly universal agreement that drinking tea can benefit health, there is still a concern over whether the lab-generated results are representative of real-life benefit, what the risk of toxicity might be, and what the effective-level thresholds are for various purposes. Clearly there are still questions about the efficacy and use of tea for health benefit. This book presents a comprehensive look at the compounds in black, green, and white teas, their reported benefits (or toxicity risks) and also explores them on a health-condition specific level, providing researchers and academics with a single-volume resource to help in identifying potential treatment uses. No other book on the market considers all the varieties of teas in one volume, or takes the disease-focused approach that will assist in directing further research and studies. Interdisciplinary presentation of material assists in identifying potential cross-over benefits and similarities between tea sources and diseases Assists in identifying therapeutic benefits for new product development Includes coverage and comparison of the most important types of tea - green, black and white

*The Turnaway Study* Diana Greene Foster, 2021-06 Now with a new afterword by the author--Back cover.

Designing Streets for Kids National Association of City Transportation Officials, Global Designing Cities Initiative, 2019-12-12 Building on the success of their Global Street Design Guide, the National Association of City Transportation Officials (NACTO)-Global Designing Cities Initiative (GDCI) Streets for Kids program has developed child-focused design guidance to inspire leaders, inform practitioners, and empower communities around the world to consider their city from the eyes of a child. The guidance in *Designing Streets for Kids* captures international best practices, strategies, programs, and policies that cities around the world have used to design streets and public spaces that are safe and appealing to children from their earliest days. The guidance also highlights tactics for engaging children in the design process, an often-overlooked approach that can dramatically transform how streets are designed and used.

The Architectural Capriccio Dr Lucien Steil, 2014-01-17 Bringing together leading writers and practicing architects including Jean Dethier, David Mayernik, Massimo Scolari, Robert Adam, David Watkin and Leon Krier, this volume provides a kaleidoscopic, multilayered exploration of the Architectural Capriccio. It not only explains the phenomena within a historical context, but moreover, demonstrates its contemporary validity and appropriateness as a holistic design methodology, an inspiring pictorial strategy, an efficient rendering technique and an optimal didactic tool. The book shows and comments on a wide range of historic masterworks and highlights contemporary artists and architects excelling in a modern updated, refreshed and original tradition of the Capriccio.

web parallel circuit an electrical path that branches  
so that the current divides and only part of it flows  
through any branch the voltage or potential  
difference across each branch of a parallel circuit is  
the same but the currents may vary in a home  
electrical circuit for instance the same voltage is  
applied across each light or appliance but each of  
these
