This is Maila's story. Her diaries, notes, and ephemera and family stories bring new insights to her relationships with Orson Welles, James Dean, and Marlon

Brando. Sandra Niemi—Malia's niece—fills in the nuances of her life prior to fame and her struggles after the limelight faded and she found a new community within the burgeoning Los Angeles punk scene who embraced her as their own. , Includes rare photographs.

**Children's Literature** Seth Lerer, 2009-04-01 Ever since children have learned to read, there has been children's literature. Children's Literature charts the makings of the Western literary imagination from Aesop's fables to Mother Goose, from Alice's Adventures in Wonderland to Peter Pan, from Where the Wild Things Are to Harry Potter. The only single-volume work to capture the rich and diverse history of children's literature in its full panorama, this extraordinary book reveals why J. R. R. Tolkien, Dr. Seuss, Laura Ingalls Wilder, Beatrix Potter, and many others, despite their divergent styles and subject matter, have all resonated with generations of readers. Children's Literature is an

exhilarating quest across centuries, continents, and genres to discover how, and why, we first fall in love with the written word. “Lerer has accomplished something magical. Unlike the many handbooks to children’s literature that synopsise, evaluate, or otherwise guide adults in the selection of materials for children, this work presents a true critical history of the genre. . . . Scholarly, erudite, and all but exhaustive, it is also entertaining and accessible. Lerer takes his subject seriously without making it dull.”—Library Journal (starred review) “Lerer’s history reminds us of the wealth of literature written during the past 2,600 years. . . . With his vast and multidimensional knowledge of literature, he underscores the vital role it plays in forming a child’s imagination. We are made, he suggests, by the books we read.”—San Francisco Chronicle “There are dazzling chapters on John Locke and Empire, and nonsense, and Darwin, but Lerer’s most interesting chapter focuses on girls’ fiction. . . . A brilliant series of readings.”—Diane Purkiss, Times Literary Supplement

*Fifty Seasons at Stratford* Robert Cushman,2002 2004 winner

of the J.J. Talman Award from the Ontario Historical Society. On July 13, 1953, the curtain rose on *Richard III*, the first production of the first Stratford Festival. Only it didn't. There was no curtain, and that is perhaps the single most important fact about the Festival. From that, sometimes in reaction to that, everything else has followed. So begins *Fifty Seasons at Stratford*, an historical account of Canada's world-renowned Shakespearean theatre, as told by Robert Cushman, writer, director, and critic. More than 250 full-colour and black-and-white photographs, design sketches, drawings and paintings from the Festival archives fill this extraordinary book, making it a worthy celebration of Stratford's golden anniversary. Acclaimed author and playwright Timothy Findley (who has himself appeared on the theatre's varnished boards) begins this journey. He is joined by distinguished Festival alumni Christopher Plummer, William Shatner, Irene Worth, and Hume Cronyn, who offer personal accounts of their experiences. Stratford is inseparable from Canadian theatre. As Robert Cushman reminds us, Canadian actors from Kate Reid and Martha Henry to William Hutt and Bruno Gerusi, first learned how to hold an audience on Tania Moisevitch's innovative stage. Cushman's vast knowledge of the theatre is everywhere evident as he

describes the theatre's humble beginnings under a tent, the difficult years when Canadian actors strove to establish themselves, and its present and continuing glory. The text is authoritative and comprehensive. The photos are evocative and memorable. Sidebars and well-chosen sketches illustrate the myriad crafts and artisan departments that toil backstage - costume, make-up, and props. Fifty Years at Stratford is the indispensable reference and perfect record to which theatre fans everywhere will turn again and again.
