The Yellow Wallpaper Illustrated Charlotte Perkins Gilman, 2021-05-29 The Yellow Wallpaper is a short story by American writer Charlotte Perkins Gilman, first published in January 1892 in The New England Magazine.

The Yellow Wallpaper Illustrated Charlotte Perkins Gilman, 2019-07-03 The story details the descent of a young woman into madness. Her supportive, though misunderstanding husband, John, believes it is in her best interests to go on a rest cure after experiencing symptoms of temporary nervous depression. The family spends the summer at a colonial mansion that has, in the narrator's words, something queer about it. She and her husband move into an upstairs room that she assumes was once a nursery. Her husband chooses for them to sleep there due to its multitude of windows, which provide the air so needed in her recovery. In addition to the couple, John's sister Jennie is present; she serves as their housekeeper. Like most nurseries at the time the windows are barred, the wallpaper has been torn, and the floor is scratched. The narrator attributes all these to children, as most of the damage is isolated to their reach. Ultimately, though, readers are left unsure as to the source of the room's state, leading them to see the ambiguities in the unreliability of the narrator. The narrator devotes many journal entries to describing the wallpaper in the room - its yellow smell, its breakneck pattern, the missing patches, and the way it leaves yellow smears on the skin and clothing of anyone who touches it. She describes how the longer one stays

in the bedroom, the more the wallpaper appears to mutate, especially in the moonlight. With no stimulus other than the wallpaper, the pattern and designs become increasingly intriguing to the narrator. She soon begins to see a figure in the design, and eventually comes to believe that a woman is creeping on all fours behind the pattern. Believing she must try to free the woman in the wallpaper, the woman begins to strip the remaining paper off the wall. After many moments of tension between John and his sister, the story climaxes with the final day in the house. On the last day of summer, she locks herself in her room to strip the remains of the wallpaper. When John arrives home, she refuses to unlock the door. When he returns with the key, he finds her creeping around the room, circling the walls and touching the wallpaper. She excitedly exclaims, I've got out at last... in spite of you and Jane, causing her husband to faint as she continues to circle the room, creeping over his inert body each time she passes it, believing herself to have become the personification of the woman trapped behind the yellow wallpaper.

Summer Sons Lee Mandelo, 2021-09-28 Lee Mandelo's debut Summer Sons is a sweltering, queer Southern Gothic that crosses Appalachian street racing with academic intrigue, all haunted by a hungry ghost. Andrew and Eddie did everything together, best friends bonded more deeply than brothers, until Eddie left Andrew behind to start his graduate program at Vanderbilt. Six months later, only days before Andrew was to join him in Nashville, Eddie

dies of an apparent suicide. He leaves Andrew a horrible inheritance: a roommate he doesn't know, friends he never asked for, and a gruesome phantom that hungers for him. As Andrew searches for the truth of Eddie's death, he uncovers the lies and secrets left behind by the person he trusted most, discovering a family history soaked in blood and death. Whirling between the backstabbing academic world where Eddie spent his days and the circle of hot boys, fast cars, and hard drugs that ruled Eddie's nights, the walls Andrew has built against the world begin to crumble. And there is something awful lurking, waiting for those walls to fall. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Craft of Research, 2nd edition Wayne C. Booth, Gregory G. Colomb, Joseph M. Williams, 2008-04-15 Since 1995, more than 150,000 students and researchers have turned to *The Craft of Research* for clear and helpful guidance on how to conduct research and report it effectively. Now, master teachers Wayne C. Booth, Gregory G. Colomb, and Joseph M. Williams present a completely revised and updated version of their classic handbook. Like its predecessor, this new edition reflects the way researchers actually work: in a complex circuit of thinking, writing, revising, and rethinking. It shows how each part of this process influences the others and how a successful research report is an orchestrated conversation between a researcher and a reader. Along with many other topics, *The Craft of Research* explains how to build an argument that motivates readers to accept a claim; how to anticipate the reservations of

thoughtful yet critical readers and to respond to them appropriately; and how to create introductions and conclusions that answer that most demanding question, So what? Celebrated by reviewers for its logic and clarity, this popular book retains its five-part structure. Part 1 provides an orientation to the research process and begins the discussion of what motivates researchers and their readers. Part 2 focuses on finding a topic, planning the project, and locating appropriate sources. This section is brought up to date with new information on the role of the Internet in research, including how to find and evaluate sources, avoid their misuse, and test their reliability. Part 3 explains the art of making an argument and supporting it. The authors have extensively revised this section to present the structure of an argument in clearer and more accessible terms than in the first edition. New distinctions are made among reasons, evidence, and reports of evidence. The concepts of qualifications and rebuttals are recast as acknowledgment and response. Part 4 covers drafting and revising, and offers new information on the visual representation of data. Part 5 concludes the book with an updated discussion of the ethics of research, as well as an expanded bibliography that includes many electronic sources. The new edition retains the accessibility, insights, and directness that have made *The Craft of Research* an indispensable guide for anyone doing research, from students in high school through advanced graduate study to businesspeople and government employees. The authors demonstrate convincingly that researching and

reporting skills can be learned and used by all who undertake research projects. New to this edition: Extensive coverage of how to do research on the internet, including how to evaluate and test the reliability of sources New information on the visual representation of data Expanded bibliography with many electronic sources

The WEIRDest People in the World Joseph Henrich, 2020-09-08 A New York Times Notable Book of 2020 A Bloomberg Best Non-Fiction Book of 2020 A Behavioral Scientist Notable Book of 2020 A Human Behavior & Evolution Society Must-Read Popular Evolution Book of 2020 A bold, epic account of how the co-evolution of psychology and culture created the peculiar Western mind that has profoundly shaped the modern world. Perhaps you are WEIRD: raised in a society that is Western, Educated, Industrialized, Rich, and Democratic. If so, you're rather psychologically peculiar. Unlike much of the world today, and most people who have ever lived, WEIRD people are highly individualistic, self-obsessed, control-oriented, nonconformist, and analytical. They focus on themselves—their attributes, accomplishments, and aspirations—over their relationships and social roles. How did WEIRD populations become so psychologically distinct? What role did these psychological differences play in the industrial revolution and the global expansion of Europe during the last few centuries? In *The WEIRDest People in the World*, Joseph Henrich draws on cutting-edge research in anthropology, psychology, economics, and evolutionary biology to explore these questions and more. He illuminates the

origins and evolution of family structures, marriage, and religion, and the profound impact these cultural transformations had on human psychology. Mapping these shifts through ancient history and late antiquity, Henrich reveals that the most fundamental institutions of kinship and marriage changed dramatically under pressure from the Roman Catholic Church. It was these changes that gave rise to the WEIRD psychology that would coevolve with impersonal markets, occupational specialization, and free competition—laying the foundation for the modern world. Provocative and engaging in both its broad scope and its surprising details, *The WEIRDest People in the World* explores how culture, institutions, and psychology shape one another, and explains what this means for both our most personal sense of who we are as individuals and also the large-scale social, political, and economic forces that drive human history. Includes black-and-white illustrations.

You've Got Red on You Clark Collis, 2022-09-27 How did a low-budget British movie about Londoners battling zombies in a pub become a beloved global pop culture phenomenon? *You've Got Red on You* details the previously untold story of 2004's *Shaun of the Dead*, the hilarious, terrifying horror-comedy whose fan base continues to grow and grow. After consulting dozens of the people involved in the creation of the film, author Clark Collis reveals how a group of friends overcame seemingly insurmountable odds to make a movie that would take bites out of both the UK and the US box office before ascending to the status of bona fide comedy classic. Featuring in-depth interviews with

director Edgar Wright, producer Nira Park, and cast members Simon Pegg, Nick Frost, Kate Ashfield, Bill Nighy, Lucy Davis, and Coldplay singer Chris Martin, the book also boasts a treasure trove of storyboards, rare behind-the-scenes photos, and commentary from famous fans of the movie, including filmmakers Quentin Tarantino and Eli Roth, Walking Dead executive producer Greg Nicotero, and World War Z author Max Brooks.--Provided by publisher.

Searching for Cicadas Lesley Gibbes, 2022-01-05 This lovely story about a child and their grandfather searching for cicadas is part of the award-winning narrative nonfiction Nature Storybooks series. In the summertime, Grandpa and I go cicada-watching. We put our camping gear into my wagon and walk down to the local reserve. Last year we saw five Green Grocers, three Yellow Mondays and one Floury Baker. Can we find the rare Black Prince this year? This picture book brings together award winners Lesley Gibbes and Judy Watson to showcase the wonder and beauty of cicadas as well as highlight the common summer pastime of cicada-watching.

The Digital Person Daniel J Solove, 2004 In a revealing study of how digital dossiers are created (usually without our knowledge), the author argues that we must rethink our understanding of what privacy is and what it means in the digital age, and then reform the laws that define and regulate it. Reprint.

Last Farmer Shaun Belcher, 2010 The division between country and city is fading fast and these poems document the ragged edge of our contemporary ideas of the rural and the sublime. Ever since the initial enthusiasm of

early Green movement there has been a stark choice for modern farming. Factory methods or die. In *Last Farmer* Shaun Belcher documents this fading agricultural golden age that never was and shows the human side of over zealous pesticide salesmen and downtrodden rural labourers. The golden pastures that never were here fade into golf-courses and all night shopping malls. Growing up in what used to be Berkshire before a line on the map was rewritten, these poems excavate the tragic spoiling of not just the soil itself but of those that depended upon it. Gone are the happy country swains and in their place come the refugees herded into white vans at midnight and lost at the station at daybreak. Belcher has been described as vituperative. Certainly there is an anger in these words about what has and is still being lost. Alongside these stark tombstones to the countryside are some explorations of what growing up in the middle of England in the mid 20th century really meant. Belcher draws on rural myth and folktale as well as American popular culture so there is a keen sense of how all of this impacts on the sense of 'Englishness'. Raised but a stones throw from the glittering prizes and towers of Oxford this is the other side of the fence writing drawing on a deep sense of working-class roots that is still looking for a common tongue.

Pandemonium Susanna Strom, 2020-08-18 The intersection of danger and desire Kenzie Dunwitty is laser focused on finishing college and landing a job that will give her the security she craves. With a deadline looming, she

disconnects to finish a paper. When she emerges, the world is sliding into chaos. Overnight, a simple flu virus has morphed into a lethal, worldwide pandemic. Kenzie seeks refuge at her prepper cousin's compound and finds herself face to face with a deadly sexy stranger. Ripper Solis, ex-Army Ranger and current enforcer for an outlaw motorcycle club, protects the people he considers his own. He's not a nice guy. Not a man that a woman turns to for support and comfort. Not the bad boy hero in the romance novels Kenzie's escaped into for years. Or is he? As law and order break down, and the ever-present threat of the virus hangs over their heads, Ripper's strength and resourcefulness offer an irresistible allure. Sexy and commanding, he's everything she ever wanted. Their chemistry is combustible. Will love save the day, or will the perilous new world obliterate their future? Pandemonium is the first novel in the exciting new World Fallen series. Maelstrom, book two of the World Fallen series, coming October 13th.

A Woman in Charge Carl Bernstein, 2007-06-05 The nuanced, definitive biography of one of the most controversial and widely misunderstood figures of our time: the woman running a historic campaign as the 2016 Democratic presidential nominee—Hillary Rodham Clinton. Drawing on hundreds of interviews with colleagues and friends and with unique access to campaign records, Pulitzer Prize-winning journalist and bestselling author Carl Bernstein has given us a book that enables us, at last, to address the questions Americans are insistently—even obsessively—asking: Who is she? What is her character? What is her political philosophy? And, what can we expect from Hillary if we elect her President of the United States?

Guns, Democracy, and the Insurrectionist Idea Joshua Horwitz, Casey Anderson, 2018-05-09 The NRA steadfastly maintains that the 30,000 gun-related deaths and 300,000 assaults with firearms in the United States every year are a small price to pay to guarantee freedom. As former NRA President Charlton Heston put it, freedom isn't free. And when gun enthusiasts talk about Constitutional liberties guaranteed by the Second Amendment, they are referring to freedom in a general sense, but they also have something more

specific in mind---freedom from government oppression. They argue that the only way to keep federal authority in check is to arm individual citizens who can, if necessary, defend themselves from an aggressive government. In the past decade, this view of the proper relationship between government and individual rights and the insistence on a role for private violence in a democracy has been co-opted by the conservative movement. As a result, it has spread beyond extreme militia groups to influence state and national policy. In *Guns, Democracy, and the Insurrectionist Idea*, Josh Horwitz and Casey Anderson reveal that the proponents of this view base their argument on a deliberate misreading of history. The Insurrectionist myth has been forged by twisting the facts of the American Revolution and the founding of the United States, the denial of civil rights to African-Americans after the Civil War, and the rise of the Third Reich under Adolf Hitler. Here, Horwitz and Anderson set the record straight. Then, challenging the proposition that more guns equal more freedom, they expose Insurrectionism---not government oppression---as the true threat to freedom in the U.S. today. Joshua Horwitz received a law degree from George Washington University and is currently a visiting scholar at the Johns Hopkins Bloomberg School of Public Health. He is Executive Director of the Coalition to Stop Gun Violence and the Educational Fund to Stop Gun Violence. He has spent nearly two decades working on gun violence prevention issues. He lives in Arlington, Virginia. Casey Anderson holds a law degree from Georgetown University and is currently

a lawyer in private practice in Washington, D.C. He has served in senior staff positions with the U.S. Congress, the Coalition to Stop Gun Violence, and Americans for Gun Safety. He lives in Arlington, Virginia.

Red Ted Art Margarita Woodley, 2013-03-28 Crafting has never been more popular and Maggy Woodley, the creative force behind Red Ted, is passionate about making things with her children, Max, four, and Pippa, two. Using recycled materials and bits and bobs collected when out and about, here are over 60 utterly irresistible things to make with your kids. From adorable peanut shell finger puppets to walnut babies, loo roll marionettes and egg carton fairy lights, fabric mache bowls, stick men and shell crabs, stone people, and many more, these are projects for all the family to have fun with. And what's more, the end results are so cute and desirable that they look great around the home, or make wonderfully unique and personal gifts. With a funky, modern design and vibrant full colour photography throughout, this is a must-have addition to every young family's bookshelf.

At the Edge of the Universe Shaun David Hutchinson, 2017-02-07 From the author of *We Are the Ants* comes "another winner" (Booklist, starred review) about a boy who believes the universe is slowly shrinking as the things he remembers are being erased from others' memories. Tommy and Ozzie have been best friends since the second grade, and boyfriends since eighth. They spent countless days dreaming of escaping their small town—and then Tommy vanished. More accurately, he ceased to exist, erased from the minds and memories of

everyone who knew him. Everyone except Ozzie. Ozzie doesn't know how to navigate life without Tommy, and soon he suspects that something else is going on: that the universe is shrinking. When Ozzie is paired up with the reclusive and secretive Calvin for a physics project, it's hard for him to deny the feelings developing between them, even if he still loves Tommy. But Ozzie knows there isn't much time left to find Tommy—that once the door closes, it can't be opened again. And he's determined to keep it open as long as possible.

Invisible Man Ralph Ellison, 2016-08-18 Invisible Man is a milestone in American literature, a book that has continued to engage readers since its appearance in 1952. A first novel by an unknown writer, it remained on the bestseller list for sixteen weeks, won the National Book Award for fiction, and established Ralph Ellison as one of the key writers of the century. The nameless narrator of the novel describes growing up in a black community in the South, attending a Negro college from which he is expelled, moving to New York and becoming the chief spokesman of the Harlem branch of the Brotherhood, and retreating amid violence and confusion to the basement lair of the Invisible Man he imagines himself to be. The book is a passionate and witty tour de force of style, strongly influenced by T.S. Eliot's *The Waste Land*, Joyce, and Dostoevsky.
