Music Scenes Andy Bennett, Richard A. Peterson, 2004 While more than 80 percent of the world's commercial music is controlled by four multinational firms, most music is made and enjoyed in diverse situations divorced from such corporate behemoths. These fourteen original essays examine the fascinating world of music scenes, those largely inconspicuous sites where clusters of musicians, producers, and fans explore their common musical tastes and distinctive lifestyle choices. Although most music scenes come and go with hardly a trace, they nevertheless give immense satisfaction to their participants, and a few - New York bop jazz, Merseybeat, Memphis rockabilly, London punk, Bronx hip-hop - achieve fame and spur musical innovations. To date, serious study of the scenes phenomenon has focused mainly on specific music scenes while paying less attention to recurrent dynamics of scene life, such as how individuals construct and negotiate scenes to the various activities. This volume remedies that neglect. The editors distinguish between three types of scenes - local, translocal, and virtual - which provide the organizing framework for the essays. Aspects of local scenes, which are confined to specific areas, are explored through essays on Chicago blues, rave, karaoke, teen pop, and salsa. The section on translocal scenes, which involve the

coming together of scattered local scenes around a particular type of music and lifestyle, includes articles on Riot Grrrls, goths, art music, and anarcho-punk. Aspects of virtual scenes, in which fans communicate via the internet, are illustrated using alternative country, the Canterbury sound, postrock, and Kate Bush fans. Also included is an essay that shows how the social conditions in places where jazz was made influenced that music's development.

Yellow & Pink William Steig, 2013-07-30 Yellow & Pink is a witty picture book by William Steig, the creator of Shrek. On a fine day, a thin, yellow puppet and a round, pink puppet sit in the sun. They wonder where they came from. Were they an accident of nature, created by a series of possible but improbable events? Did someone create them? They discuss their theories, and think they may have an answer. But just as they settle on a solution, a man arrives who raises new questions. Praise for Yellow & Pink: One marvels at the expressiveness, the nearness to animation, of Steig's vibrant drawings. -The Washington Post Book World A comic fable that has more clout than the most fervent homily. - Publishers Weekly Illustrated with simple three-color drawings, this is a book that will delight adults as well as children and lead to some very interesting discussions! -Children's Literature

Caverns of Fear Mary Carey, 1983 Juvenile fiction.

Original Grin Ron English, 2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

**If Anything Happens I Love You** Will McCormack, Michael Govier, 2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, *If Anything Happens I Love You* is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose’s soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. *If Anything Happens I Love You* may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

From the Artist: As an artist, color is a thing of magic in my life. Color creates shapes, forms, and feelings in the artworks I paint. Laying color onto a blank page is when I feel closest to true magic, when I feel happiest and most relaxed, and it's through what I create that I share my love of magic with the world. Through my coloring books I want to share that same magic with you. The artworks in my books are based on my completed paintings, which I have painted over the last ten years as a professional artist. I have created the coloring designs to be intricate and detailed but still fun and accessible. There is something for lovers of meditative detail while simple enough to not be overwhelming for younger colorists. When designing my books I decided to print them with two copies of each design, because I know as an artist there are always so many possibilities! I wanted to give everybody the chance of a do-over with every design, because I also know mistakes can happen, and even the fear of mistakes can hamper creativity. I want you to be able to create without fear! Try a different medium, or a different color scheme. The double pages are also a chance to share the magic with a friend, child, parent, sibling. Because sharing your creativity and joy of color is the best magic of all.

**Alice** Chrissy Merton, 2007 Chrissy lives in Camberwell. This dramatic memoir of her experience of pregnancy and motherhood will touch the heart of anyone, male or female, who has ventured along the path to parenthood. It is a brave and compelling story of adversity but also of how exceptionally challenging life experiences can shape our view of the world and those around us in a positive way. When she was six months pregnant Chrissy was told that her baby had a 50/50 chance of survival. From this point on pain and uncertainty are constants of every waking hour but so too is the unswerving support of her husband and family and the larger than life Professor Kypros Nicolaides at King's College Hospital. This is an emotional and painful book but it will also leave you with increased faith in human compassion, fortitude and spirit.

**Achtung-Panzer!** Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German

armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
