Harem Royale -When the Game Ends- Vol. 1
Ryukishi07, 2019-01-07 From the mind of Ryukishi07, creator of classics such as Higurashi and Umineko, comes a heart-pounding, full-throttle Harem Royale! Kohinata Asunaro is your regular everyday high school student. He likes light novels, porn games, and fantasizing about the girls in his class. One day when walking home from school he inexplicably releases a demon from a sealed bottle. Her name is Zepafur, and she won't rest until her debt is repaid! Now begins the Lovey Dovey Harem Royale! cries the demon, weaving a most curious magic. As a result, Asunaro's regular high school life transforms into a love-comedy series of harem shenanigans, with four girls from his school all vying for his affection, wow! But... Unbeknownst to our dopey protagonist, the four girls are in the midst of a horrific survival game under threat of death and eternal torture. She who fails to capture Asunaro's heart will be confined to the depths of Hell and killed ad infinitum! Just who will survive? Who will thrive? And who will meet their demise?

What Do Economists Contribute? Daniel B.

Klein,2016-07-27 The title of this book raises a provocative question that should make all economists think. What is our raison d'etre ? Only a few economists have specifically addressed the issue. Several of the more challenging efforts are included here. Do economists have much influence on government policy, particularly over, say, five or ten years? Is that because they don't try hard enough or is it because politicians care more about the next election than about the opinion of economists? In this splendid collection, some published as long ago as the 1930s, nine great economists consider these questions. The editor's illuminating introduction sorts out the area of agreement and disagreement between them.

Girl Waits With Gun Amy Stewart,2015-09-01
NATIONAL BESTSELLER. The first in the Kopps Sisters Novel Series, Girl Waits with Gun is an enthralling novel based on the forgotten true story of one of the nation's first female deputy

sheriffs. Constance Kopp doesn't quite fit the mold. She towers over most men, has no interest in marriage or domestic affairs, and has been isolated from the world since a family secret sent her and her sisters into hiding fifteen years ago. One day a belligerent and powerful silk factory owner runs down their buggy, and a dispute over damages turns into a war of bricks, bullets, and threats as he unleashes his gang on their family farm. When the sheriff enlists her help in convicting the men, Constance is forced to confront her past and defend her family – and she does it in a way that few women of 1914 would have dared. A New York Times Editors' Choice “A smart, romping adventure, featuring some of the most memorable and powerful female characters I've seen in print for a long time. I loved every page as I followed the Kopp sisters through a too-good-to-be-true (but mostly true!) tale of violence, courage, stubbornness, and resourcefulness.”—Elizabeth Gilbert
