**The Lindbergh-Sikorsky Connection** Igor I. Sikorsky Sr.,Vincent J.

Tanner,2021-06-21 Aviation grew from a pioneering and experimental group into an industry in the Golden Era of aviation in the 1930s providing commercial passenger service worldwide. Two aviation pioneers had a role in this development. While Igor Sikorsky is primarily known for his development of the helicopter, he was a leading designer of amphibian aircraft before that. These flying boats established passenger travel by air, first through the Caribbean, then South America, and ultimately the Pacific. Charles Lindbergh found his central role in transforming aviation from a barnstorming stunt into an industry through his epic solo flight across the Atlantic. As a consultant to Pan America, he charted international commercial routes for Juan Trippe's Airline. For the decade of 1930s, these two brilliant minds interacted to create an aircraft industry. This is their story, how they interacted and how they helped shape aviation history.

The China Clipper, Pan American Airways and Popular Culture Larry

Weirather,2007 The book discusses strategies used to represent the clipper as a paragon of U.S. interests, values and beliefs. The main focus of the work is the variety of ways this iconographic status manifested itself through toys, movies, pulp fiction, comic books and music. An appendix explains different models of the clipper flying boats--Provided by publisher.

**American Flying Boats and Amphibious Aircraft** E. R. Johnson,2009 This work is a comprehensive, heavily illustrated history of the many flying boats and amphibious aircraft designed and built in the United States.

**Helicopters of the Third Reich** Steve Coates,Jean-Christophe Carbonel,2002 This is the first major study of Germany's wartime helicopters in the English language and is the result of 15 years research. The book includes more than 350 stunning and rare photographs, most appearing in print for the first time. Alongside the narrative, the book includes first hand accounts and the illustrations are supplemented by superb technical drawings.

**Slave Stealers** Timothy Ballard, 2018 Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother's house for seven years before escaping north to freedom. She published an autobiography of her life, *Incidents in the Life of a Slave Girl*, which was one of the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day underground railroad which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the rescue and his eventual adoption of two young siblings--Mia and Marky, who were born in Haiti. Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The Conductor;

Abraham Lincoln--the Great Emancipator; Little Mia--the sister who saved her little brother; Guesno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.

**Moon Shot** Alan Shepard, Deke Slayton, Jay Barbree, 2011-05-03 New York Times bestseller for fans of *First Man*: A “breathtaking” insider history of NASA’s space program—from astronauts Alan Shepard and Deke Slayton (Entertainment Weekly). On October 4, 1957, the Soviet Union launched Sputnik I, and the space race was born. Desperate to beat the Russians into space, NASA put together a crew of the nation’s most daring test pilots: the seven men who were to lead America to the moon. The first into space was Alan Shepard; the last was Deke Slayton, whose irregular heartbeat kept him grounded until 1975. They spent the 1960s at the forefront of NASA’s effort to conquer space, and *Moon Shot* is their inside account of what many call the twentieth century’s greatest feat—landing humans on another world. Collaborating with NBC’s veteran space reporter Jay Barbree, Shepard and Slayton narrate in gripping detail the story of America’s space exploration from the time of Shepard’s first flight until he and eleven others had walked on the moon.

Manga Majesty Next, Tyndale, 2019 This last book in the six-volume series from NEXTManga combines cutting-edge illustration with fast-paced storytelling to deliver biblical truth to an ever-changing, postmodern culture. More than 10 million books in over 40 different languages have been distributed worldwide in the series.

**Way of the Reaper** Nicholas Irving, Gary Brozek, 2016-08-09 From the New York Times bestselling author and co-star of Fox's American Grit comes a rare and powerful book on the art of being a sniper. Way of the Reaper is a step-by-step accounting of how a sniper works, through the lens of Irving's most significant kills - none of which have been told before. Each mission is an in-depth look at a new element of eliminating the enemy, from intel to luck, recon to weaponry. Told in a thrilling narrative, this is also a heart-pounding true story of some of The Reaper's boldest missions including the longest shot of his military career on a human target of over half a mile. In Iraq and Afghanistan, Nicholas Irving earned his nickname in blood, destroying the enemy with his sniper rifle and in deadly firefights behind a .50 caliber machine gun. He engaged a Taliban suicide bomber during a vicious firefight, used nearly silent sub-sonic ammo, and was the target of snipers himself. Way of the Reaper attempts to place the reader in the heat of battle, experiencing the same dangers, horrors and acts of courage Irving faced as an elite member of the 3rd Ranger Battalion, 75th Ranger Regiment, while also examining the personal ramifications of taking another life. Readers will experience the rush of the hunt and the dangers that all snipers must face, while learning what it takes to become an elite manhunter. Like the Reaper himself, this explosive book blazes new territory and takes no prisoners.

**Odes** Sharon Olds, 2016-09-08 'Interspersed with acts of breathtaking linguistic daring.' Charlotte Mendelson, Observer Book of the Year Opening with a powerful and tender 'Ode to the Hymen', Sharon Olds uses this age-old poetic form to address many aspects of herself, in a collection that is centred around the female body and female pleasures, and touches along the way on parts of her own story which will be familiar from earlier works, each episode and memory now burnished by the wisdom and grace of looking back. In such poems as 'Ode to My Sister', 'Ode of Broken Loyalty', 'Ode to My Whiteness', 'Blow Job Ode', 'Ode to the Last 38 Trees in New York City Visible from This Window', Olds treats us to an intimate self-examination that, like all her work, is universal and by turns searing and charming in its honesty. From the early bodily joys and sorrows of her girlhood to the recent deaths of those dearest to her – the 'Sheffield Mountain Ode' for Galway Kinnell is one of the most stunning pieces here – Olds shapes her world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.
