Bitstreams Matthew G. Kirschenbaum, 2021-10-08 In Bitstreams, Matthew G. Kirschenbaum distills twenty years of thinking about the intersection of digital media, textual studies, and literary archives to argue that bits—the ubiquitous ones and zeros of computing— always depend on the material world that surrounds them to form the bulwark for preserving the future of literary heritage.

Heather in the Mist Madelyn Hill, 2016-07-12 Forced to wed to save her clan, Lady Rogan Cameron agrees to wed without love. What her father doesn't know is Lady Rogan has plans of her own-plans to keep her from a loveless marriage. Can she save the clan before she has to say I do? Ian Albright abolished all ties to Scotland after his family betrayed him and he is now nursing a wounded ego due to an unfaithful fiancée. He pledges never to return to his home until the fateful day he accepts an invitation to his dear cousin's wedding. The minute he sees his cousin's betrothed, his heart is captured. If only she didn't belong to another . . . Lady Rogan and Ian have known each other since they were young and bent on vexing each other. Now, the only thing they find vexing is the fact Rogan is betrothed to another. Together they fight their growing attraction while investigating the forces bedeviling the clan. Yet at every turn their foe appears and wreaks havoc. When tragedy strikes, their hopes are dashed again. Can Lady Rogan and Ian's love win when fate seems determined to keep them apart?

Learning Policy David K. Cohen, Heather C. Hill, 2008-10-01 Education reformers and policymakers argue that improved students' learning requires stronger academic standards, stiffer state tests, and accountability for students' scores. Yet these efforts seem not to be succeeding in many states. The authors of this important book argue that effective state reform depends on conditions which most reforms ignore: coherence in practice as well as policy and opportunities for professional learning. The book draws on a decade's detailed study of California's ambitious and controversial program to improve mathematics teaching and learning. Researchers David Cohen and Heather Hill report that state policy influenced teaching and learning when there was consistency among the tests and other policy instruments; when there was consistency among the curricula and other instruments of classroom practice; and when teachers had substantial opportunities to learn the practices proposed by the policy. These conditions were met for a minority of elementary school teachers in California. When the conditions were met for teachers, students had higher scores on state math tests. The book

also shows that, for most teachers, the reform ended with consistency in state policy. They did not have access to consistent instruments of classroom practice, nor did they have opportunities to learn the new practices which state policymakers proposed. In these cases, neither teachers nor their students benefited from the state reform. This book offers insights into the ways policy and practice can be linked in successful educational reform and shows why such linkage has been difficult to achieve. It offers useful advice for practitioners and policymakers seeking to improve education, and to analysts seeking to understand it.

Goddess of Yesterday Caroline B. Cooney, 2009-01-21 Anaxandra is taken from her birth island at age 6 by King Nicander to be a companion to his crippled daughter, Princess Callisto. Six years later, her new island is sacked by pirates and she is the sole survivor. Alone with only her Medusa figurine, she reinvents herself as Princess Callisto when Menelaus, great king of Sparta, lands with his men. He takes her back to Sparta with him where Helen, his beautiful wife, does not believe that the red-headed child is Princess Callisto. Although fearful of the half-mortal, half-goddess Helen, Anaxandra is able to stay out of harm's way—until the Trojan princes Paris and Aeneas arrive. Paris and Helen's fascination with each other soon turns to passion and plunges Sparta and Troy into war. Can Anaxandra find the courage to reinvent herself once again, appease the gods, and save herself? In Caroline B. Cooney's epic tale of one girl's courage and will to survive, Anaxandra learns that home is where you make it and identity goes deeper than just your name.

The Mozza Cookbook Nancy Silverton, Matt Molina, Carolyann Carreno, 2011-09-27 Discover the mouthwatering world of Italian cuisine with this delectable collection of more than 130 authentic recipes, from a James Beard Award-winning chef. A traditional Italian meal is one of the most comforting—and delicious—things that anyone can enjoy. Award-winning chef Nancy Silverton has elevated that experience to a whole new level at her Los Angeles restaurants Pizzeria Mozza and the

Michelin-starred Osteria Mozza. In *The Mozza Cookbook*, Silverton shares these recipes with the rest of the world. The original idea for Mozza came to Nancy at her summer home in Panicale, Italy. And that authentic Italian feel is carried throughout the book as we explore recipes from aperitivo to dolci that she would serve at her tavola at home. But do not confuse authentic with conventional! Under Silverton's guidance, each bite is more exciting and delectable than the last, with recipes such as: • Fried Squash Blossoms with Ricotta • Buricotta with Braised Artichokes, Pine Nuts, Currants, and Mint Pesto • Mussels al Forno with Salsa Calabrese • Fennel Sausage, Panna, and Scallion Pizza • Fresh Ricotta and Egg Ravioli with Brown Butter • Grilled Quail Wrapped in Pancetta with Sage and Honey • Sautéed Cavolo Nero • Fritelle di Riso with Nocello-soaked Raisins and Banana Gelato • Olive Oil Gelato In *The Mozza Cookbook*, you'll find all the tricks you need to make homemade pastas, gelato, and pizzas that taste as if they were flown in directly from Italy. Silverton's lively and encouraging voice and her comprehensive knowledge of the traditions behind this mouthwateringly decadent cuisine make her recipes—both familiar and intricate—easy to follow and hard to resist.

European Pack for Visiting Auschwitz-Birkenau Memorial and Museum Alicja Białycka, 2010-01-01

Taking groups of students To The Auschwitz-Birkenau Memorial and Museum is a heavy responsibility, but it is a major contribution to citizenship if it fosters understanding of what Auschwitz stands for, particularly when the last survivors are at the end of their lives. It comes with certain risks, however. This pack is designed for teachers wishing to organise student visits to authentic places of remembrance, and for the guides, academics and others who work every day with young people at Auschwitz. There is nothing magical about visiting an authentic place of remembrance, and it calls for a carefully thought-out approach. To avoid the risk of inappropriate reactions or the failure to benefit from a large investment in travel and accommodation, considerable preparation and discussion is necessary before the visit and serious reflection afterwards. Teachers must prepare students for a form of learning they may never have met before. This pack offers insights into the complexities of human behaviour so that students can have a better understanding of what it means to be a citizen. How are they concerned by what happened at Auschwitz? Is the unprecedented process of exclusion that was practised in the Holocaust still going on in Europe today? In what sense is it different from present-day racism and anti-Semitism? The young people who visit Auschwitz in the next few years will be witnesses of the last witnesses, links in the chain of memory. Their generation will be the last to

hear the survivors speaking on the spot. The Council of Europe, The Polish Ministry of Education And The Auschwitz-Birkenau Memorial and Museum are jointly sponsoring this project aimed at preventing crimes against humanity through Holocaust remembrance teaching.
